1 Introduction

1.1 Purpose of this Document

- 1.1.1 This document has been prepared to record updates to the following Application Documents submitted as part of the Development Consent Order (DCO) Application for Peartree Hill Solar Farm ('the Proposed Development') in February 2025:
- **Environmental Statement (ES) Volume 1 and Volume 2 (Chapters 0 to 15) [APP-036] to [APP-051];**
 - **ES Volume 3 (Figures) [APP-052] to [APP-093]; and**
 - **ES Volume 4 (Non-Technical Summary, Commitments Register and Appendices) [APP-094] to [APP-144].**
- 1.1.2 It is intended that this document remains a live document throughout the Examination and would be used to track updates and amendments to the ES. Further amendments or points of clarification which arise through Issue Specific Hearings, Written Representations, Written Questions or other relevant elements of the Examination process, would also be incorporated into this document accordingly.
- 1.1.3 This document will be updated and re-submitted for each of the Examination Deadlines, where necessary.

1.2 Document Structure

- 1.2.1 **Section 2** of this document details the updates to **ES Volumes 1 and 2 [APP-036] to [APP-051]** since the DCO Application submission and sets out amendments within **Table 2-1 to Table 2-2.**
- 1.2.2 **Section 3** of this document details the updates to the various figures that accompany the **ES Volume 3 [APP-052] to [APP-093]** since the DCO Application submission within **Table 3-1 to Table 3-2.**
- 1.2.3 **Section 4** of this document details the updates to the various appendices that accompany the ES Volume 4, including the **Non-Technical Summary and Commitments Register [APP-094] to [APP-144]** since the DCO Application submission, and sets out amendments within **Table 4-1 to Table 4-2.**

- 1.2.4 A summary of the documents within the ES which have been updated and reported on in this ES Addendum is provided in **Section 5** within **Table 5-1**.

1.3 Document Contents

- 1.3.1 Within the tables identified above, each row describes an amendment or update to the ES. The tables include the relevant document reference, reason for the amendment and the amendment required. Unless otherwise stated, the relevant rows within the ES Addendum tables form the record of the updates to that document.
- 1.3.2 Within the tables identified above, text shown in red font with a strikethrough indicates text which is now removed from the relevant section of the ES. Text shown in green font indicates text which is new or updated at that submission deadline. References to “Deadline 5” in Sections 2 - 5 of this ES Addendum are to Deadline 5 of the Examining Authority (ExA)’s draft examination timetable at Annex D of the Rule 6 letter dated 24 June 2025.

2 Environmental Statement Volume 1 and Volume 2 Updates

2.1 Change Request and Response to Section 51 Advice – submission July 2025

- 2.1.1 **Table 2-1** outlines amendments to ES Volume 1 and 2 documents that have been identified since submission of the DCO Application in response to the ExA's Section 51 advice **[PD-003]** and/or the two minor corrections to the DCO Application (change/correction 1 and 2) **[AS-004]** and are submitted to the ExA at Procedural Deadline A (8 July 2025).
- 2.1.2 To the extent that a document forming part of ES Volume 1 and 2 is not included in the table below, this is because there is no change to that document as a result of the July 2025 Change Request and Response to Section 51 Advice.

Table 2-1 ES Volume 1 and 2 updates - Change Request and Response to Section 51 Advice July 2025

Document reference	Reason for amendment	ES Amendment July 2025
ES Volume 2, Chapter 11: Landscape and Visual [APP-047]	As a result of points raised by the ExA following an unaccompanied site inspection (USI) on 17-18 June (ExA document reference EN010157-000217-PHSF - USI1 Note), Table 11-3 requires amendment as	Table 11-13, viewpoint number 25 is amended to: "PRoW Wawne Footpath no.11/GDrove Lane."

Document reference	Reason for amendment	ES Amendment July 2025
	'Drove Lane' is incorrectly referred to as 'Grove Lane'.	
ES Volume 2, Chapter 11: Landscape and Visual [APP-047]	A 'typo' was identified in Paragraph 11.5.33 where Viewpoint 29 is incorrectly referred to as Viewpoint 28.	Text in Paragraph 11.5.33 is amended to: "Viewpoint 28 29 in ES Volume 4, Appendix 11.6: Viewpoints and Visualisations [EN010157/APP/6.4] is located on the trail 5km north-west of Field E1 (in Land Area E)."

2.2 Deadline 1

- 2.2.1 **Table 2-2** outlines amendments to ES Volume 1 and 2 documents that have been identified as a result of responses to the Relevant Representations **[RR-001 – RR-051]**, the ExA's First Written Questions **[PD-008]**, and/or other engagement with relevant stakeholders and are submitted to the ExA at Deadline 1 (27 August 2025).
- 2.2.2 To the extent that a document forming part of ES Volume 1 and 2 is not included in the table below, this is because there is no change to that document required for Deadline 1.

Table 2-2 ES Volume 1 and 2 updates – Response to Relevant Representations and Written Questions

Document reference	Reason for amendment	ES Amendment August 2025
ES Volume 2, Chapter 6: Air Quality [APP-042]	Response to the ExA's First Written Questions [PD-008] (1.5.2 and 1.5.4). Updates required to paragraph 6.4.7 to clarify the study areas for human receptors and designated sites. Updates required to clarify what the different study areas shown on ES Volume 3, Figure 6.1 [APP-063] represent.	Text in paragraph 6.4.7 is amended to: "Based on the Institute of Air Quality Management Guidance on the Assessment of Dust from Demolition and Construction v2.2 [Ref. 6-18], the study area for the construction and decommissioning phase assessments for sensitive human receptors for demolition, earthworks and general construction activities is up to 250m from the Order Limits; 20m, 50m, 100m and 250m study areas have been considered in the assessment as per the Institute of Air Quality Management Guidance on the Assessment of Dust from Demolition and

Document reference	Reason for amendment	ES Amendment August 2025
		<p>Construction v2.2 [Ref. 6-18]. For trackout activities, which is defined as the transport of dust and dirt from the construction/demolition sites onto public road network, the study area is up to 50m from the edge of the roads likely to be affected by trackout; 20m and 50m study areas have been considered in the assessment. The study area for designated sites for demolition, earthworks and general construction and trackout activities is up to 50m from the Order Limits; 20m and 50m study areas have been considered in the assessment. The study area for designated sites for trackout activities is up to 50m from the edge of the roads likely to be affected by trackout; 20m and 50m study areas have been considered in the assessment."</p>
ES Volume 2, Chapter 6: Air Quality [APP-042]	<p>Response to the ExA's First Written Questions [PD-008] (1.5.6). Updates required to Table 6-11 to clarify that the annual mean air quality standard for PM_{2.5} considered in the air quality assessment is 20µg/m³.</p>	<p>Table 6-11 is amended to show "20" in the 'Air Quality Standards' row under the 'Annual average PM_{2.5} (µg/m³)' column.</p>
ES Volume 2, Chapter 6: Air Quality [APP-042]	<p>Response to the ExA's First Written Questions [PD-008] (1.5.1).</p>	<p>Text in paragraph 6.7.2 is amended to:</p>

Document reference	Reason for amendment	ES Amendment August 2025
	Updates required to paragraph 6.7.2 to clarify the study area for designated sites regarding dust and particulate matter emissions, i.e. whether it is 200m or 50m.	<p>“Four LWSs and one ancient semi-natural woodland have been identified within the Order Limits or within 200m 50m of the Order Limits.”</p> <p>Text in paragraph 6.5.4 is amended to: “The following designated sites (habitats) have been identified within the Order Limits or within 200m 50m of the Order Limits.”</p>
ES Volume 2, Chapter 6: Air Quality [APP-042]	<p>Response to the ExA’s First Written Questions [PD-008] (1.5.7).</p> <p>Updates required to paragraph 6.7.2 to confirm the human receptors that have been identified within 250m of the Order Limits.</p>	Text in paragraph 6.7.2 is amended to: “Human receptors have been identified within 250m of the Order Limits, comprising the villages of Long Riston, and Woodmansey, Routh, Arnold, Weel and public rights of way (PRoWs).”
ES Volume 2, Chapter 7: Biodiversity [APP-043]	<p>Response to Natural England’s relevant representations [RR-012] (NE7 and NE8a) to consider the Humber Estuary Site of Special Scientific Interest (SSSI) within the assessment and to amend details of pre-construction water vole and otter surveys in line with appropriate guidance</p> <p>Updated to cross-reference or incorporate changes from and ensure consistency with the following new or updated documents:</p>	<p>ES Chapter 7 is amended in response to Natural England’s representations and to align with other updated documents.</p> <p>Resubmitted on 27 August 2025 as: ES Volume 2, Chapter 7: Biodiversity – Rev 2 (clean)</p> <p>ES Volume 2, Chapter 7: Biodiversity – Rev 2 (tracked)</p>

Document reference	Reason for amendment	ES Amendment August 2025
	Grid Connection Cable Route Bird Survey Report, the Habitats Regulations Assessment – Information to Inform Appropriate Assessment, and the Outline Landscape and Ecological Management Plan.	
ES Volume 2, Chapter 9: Cultural Heritage [APP-045]	<p>Updated following correspondence with Historic England to include a commitment that Field E6 would require further archaeological investigation prior to the excavation of scrapes due to its proximity to Meaux Duck Decoy Scheduled Monument.</p> <p>Updated in response to the ExA's First Written Questions [PD-008] (1.8.1) to include an assessment of potential compaction impacts to buried archaeological remains during the construction phase of the Proposed Development.</p> <p>Updated in response to the ExA's First Written Questions [PD-008] (1.8.2) to scope setting effects on the Site of Meaux Cistercian Abbey during operation into the assessment, taking account of winter visualisations.</p>	<p>ES Chapter 9 is amended following engagement with Historic England and in response to the ExA's First Written Questions [PD-008].</p> <p>Resubmitted on 27 August 2025 as: ES Volume 2, Chapter 9: Cultural Heritage – Rev 2 (clean)</p> <p>ES Volume 2, Chapter 9: Cultural Heritage – Rev 2 (tracked)</p>

Document reference	Reason for amendment	ES Amendment August 2025
	Updated in response to the ExA's First Written Questions [PD-008] (1.8.5) to provide clarity in Table 9-1 regarding the proposal for archaeological monitoring during groundworks for the installation of access track and a temporary compound in Fields F9, F10 and F11 to align with the Archaeological Management Strategy [APP-162].	
ES Volume 2, Chapter 10: Land Soil and Groundwater [APP-046]	<p>Response to the Environment Agency's relevant representations [RR-005] (EA09 and EA22).</p> <p>Updates required to paragraphs 10.5.13 and 10.5.14 to clarify details of unlicensed private water supplies within the study area in response to EA09.</p> <p>In responding to EA09, and also EA22, it was noted that there were errors in the locations and distance from the Order Limits stated for some abstractions in ES Chapter 10 [APP-046]. Updates required to state the correct details.</p>	<p>Addition of new paragraph 10.5.13, which states:</p> <p>"With respect to groundwater abstractions, the data is separated into licensed locations (i.e. those locations that are licensed by the Environment Agency) and unlicensed locations. Unlicensed water abstraction data was provided by East Riding of Yorkshire Council."</p> <p>Text in original paragraphs 10.5.13 and 10.5.14 (now combined into new paragraph 10.5.14) amended to:</p> <p>"There are two no licensed groundwater abstractions within the Order Limits, both of which are used for spray irrigation. There are 1428 1428 locations where active licensed groundwater abstractions</p>

Document reference	Reason for amendment	ES Amendment August 2025
		<p>licenses are recorded that are off-site and within 500m of the Order Limits. These are primarily Seven of these are used for general agricultural farming and domestic use and seven are used for spray irrigation, with several for domestic use, one for commercial use and one which is a public water supply licensed to Yorkshire Water (located at Dunswell, 202m to the south east of the Order Limits).</p> <p>Addition of new paragraph 10.5.15, which states: “There are no unlicensed groundwater abstractions within the Order Limits. There are three unlicensed groundwater abstractions that are recorded to be present off-site and within 500m of the Order Limits. One of these is for commercial use (23m from the Order Limits) and two are for domestic use (10m and 35m from the Order Limits).”</p> <p>As a result of the addition of paragraph 10.5.15, subsequent paragraphs have been automatically renumbered.</p>

Document reference	Reason for amendment	ES Amendment August 2025
ES Volume 2, Chapter 13: Population [APP-049]	Response to the ExA's First Written Questions [PD-008] (1.13.1). It was raised that 'Skidby Footpath No. 17' did not appear to be mentioned in ES Chapter 13: Population [APP-049]. The Applicant acknowledges that while it is mentioned as 'SKIDF17' in paragraph 13.7.1, it is not mentioned in the baseline section.	Addition of bullet point in paragraph 13.5.24, which states: "Skidby Footpath No.17 (SKIDF17) runs in a north south alignment located partially within the Order Limits of the grid connection cable route."
ES Volume 2, Chapter 13: Population [APP-049]	Response to the ExA's First Written Questions [PD-008] (1.12.9) and public relevant representations. Updates required to paragraph 13.5.27 to identify 'Riston Plants' as one of the businesses located within 500m of the Order Limits. The Applicant noted that this receptor needed to be carried through to Table 13-9 and Table 13-11 for completeness.	Addition of new bullet point in paragraph 13.5.27, which states: "Riston Plants, a plant nursery and purpose-built shop located on Carr Lane (Long Riston) located adjacent to Land Area B and operates 9am to 5pm, Monday to Saturday and 11am to 4pm on Sundays." Addition of 'Riston Plants' row in Table 13-9, which states: "There may be some adverse impacts to customers accessing this business as a result of the temporary increase in traffic numbers and heavy goods vehicles in the area. However, based on experience of similar developments in the UK, any such impacts would be temporary and short

Document reference	Reason for amendment	ES Amendment August 2025
		<p>term for the duration of the construction works taking place in this location.</p> <p>It is not expected there will be any other impacts to this business.”</p> <p>Addition of ‘Riston Plants’ row in Table 13-11, which states: “The potential operational effects of the Proposed Development primarily relate to changes in the visual environment as a result of the installation of infrastructure including solar arrays. This alteration to the existing views would be medium to long term. Given the nature of this business, it is not expected that such a change to the visual environment will lead to any significant effects to this business.”</p>
ES Volume 2, Chapter 14: Transport and Access [APP-050]	<p>Response to the ExA’s First Written Questions [PD-008] (1.13.1). Updates required to paragraph 14.5.6 to reference the correct table to clarify where PRoW are assessed in ES Chapter 14: Transport and Access [APP-050].</p>	<p>Text in paragraph 14.5.6 amended to: “A section of National Cycle Network Route 1 is within the Order Limits along Park Lane. Park Lane is proposed to provide vehicular access for a section of the grid connection cable route works. This route also is included within East Riding of Yorkshire Council’s PRoW network as public footpath Skidby</p>

Document reference	Reason for amendment	ES Amendment August 2025
		Footpath No. 17, which is outlined in Table 14-12 14-18 below.”
ES Volume 2, Chapter 14: Transport and Access [APP-050]	<p>Response to the ExA’s First Written Questions [PD-008] (1.13.12). Updates required to Table 14-6 so that the months of construction phases 3 to 5 align with the equivalent in Table 6.3 in ES Volume 4, Appendix 14.1: Transport Assessment [APP-138].</p> <p>The Applicant also noted an error in the months stated for phase 6 in Table 14-6 and paragraph 14.4.24, which required amendment.</p>	<p>Rows in ‘Construction phase’ column of Table 14-6 amended to:</p> <p>“Phase 3 (Land Area C & D and grid connection cable route works - months 9-1312)”</p> <p>“Phase 4 (Land Area D & E and grid connection cable route works - months 14-1713-16)”</p> <p>“Phase 5 (Land Area E & F and grid connection cable route works - months 18-2117-20)”</p> <p>“Phase 6 (Land Area F and grid connection cable route works - months 2221-24)”</p> <p>Final bullet point in paragraph 14.4.24 amended to: “Phase 6: Land Area F and complete grid connection cable route works (months 22 21 to 24)”</p>

Document reference	Reason for amendment	ES Amendment August 2025
ES Volume 2, Chapter 15: Cumulative Effects [APP-051]	Response to the ExA's First Written Questions [PD-008] (1.14.2 part a)). Updates required to confirm the updated status of Carr Solar Farm.	'Status' for ID 14 in Table 15-3 amended to: "Application refused" Approved"
ES Volume 2, Chapter 15: Cumulative Effects [APP-051]	Response to the ExA's First Written Questions [PD-008] (1.14.5). Updates required to terminology, i.e. amending 'intra cumulative effects' to 'intra-project combined effects' throughout ES Chapter 15 [APP-051].	Terminology amended as follows throughout the document: "intra cumulative" intra-project combined effects"
ES Volume 2, Chapter 15: Cumulative Effects [APP-051]	Response to the ExA's First Written Questions [PD-008] (1.14.7). Updates required to screen out Riston footpaths No.1 and No.2 from the assessment of intra-project combined effects to reflect ES Chapter 13: Population [APP-049], i.e. that no temporary diversions, closures or restrictions are anticipated to be required for these footpaths.	Table 15-4 amended to indicate that no residual effects are expected in relation to Population for 'PRoW Riston footpath no.2 and Leven footpath no.5' and 'PRoW Riston footpath no.1' and therefore these receptors are not taken forward to Stage 2 of the assessment for intra-project combined effects during construction and decommissioning. Table 15-6 amended to remove the assessments of 'PRoW Riston footpath no.2 (including Leven footpath no.5)' and 'PRoW Riston footpath no.1'.
ES Volume 2, Chapter 15: Cumulative Effects [APP-051]	Response to the ExA's First Written Questions [PD-008] (1.14.7).	Wording amended as follows throughout the document: "temporary closures or restrictions diversions to PRoW"

Document reference	Reason for amendment	ES Amendment August 2025
	Updates required to reflect that no temporary diversions to PRow proposed in relation to the Proposed Development.	

3 Environmental Statement Volume 3 Updates

3.1 Change Request and Response to Section 51 Advice – submission July 2025

- 3.1.1 **Table 3-1** outlines amendments to ES Volume 3 figures that have been identified since submission of the DCO application in response to the ExA's Section 51 advice **[PD-003]** and/or two minor corrections to the DCO Application (change/correction 1 and 2) **[AS-004]** and are submitted to the ExA at Procedural Deadline A (8 July 2025).
- 3.1.2 To the extent that a document forming part of ES Volume 3 is not included in the table below, this is because there is no change to that document as a result of the July 2025 Change Request and Response to Section 51 Advice.

Table 3-1 - ES Figures updates - Change Request and Response to s51 Advice July 2025

Document reference	Reason for amendment	ES Amendment July 2025
ES Volume 3, Figure 1.1: Order Limits and Administrative Boundaries [APP-052]	Figure 1.1 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	Due to the minor nature of the amendments resulting from change/correction 1 and 2, the Applicant will submit updated versions of these Figures at Deadline 5.
ES Volume 3, Figure 1.2: Land Areas and Cable Routes Plan with Field Numbering System [APP-053]	Figure 1.2 requires amendment to reflect the removal of a section of solar array from Land Area B as part of change/correction 1.	

Document reference	Reason for amendment	ES Amendment July 2025
	Figure 1.2 also requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 2.1: Environmental Features Plan [APP-054]	Figure 2.1 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 3.1: Indicative Operational Layout Plan [APP-055]	Figure 3.1 requires amendment to reflect the removal of a section of solar array from Land Area B as part of change/correction 1. Figure 3.1 also requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 3.2: Heights Parameters Zonal Plan [APP-056]	Figure 3.2 requires amendment to reflect the removal of a section of solar array from Land Area B as part of change/correction 1. Figure 3.2 also requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 3.3: Indicative HDD Crossing Points [APP-057]	Figure 3.3 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 3.4: Indicative Environmental Masterplan [APP-058]	Figure 3.4 requires amendment to reflect the removal of a section of solar array from Land Area B as part of change/correction 1.	

Document reference	Reason for amendment	ES Amendment July 2025
	Figure 3.4 also requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 3.5: Indicative Construction Layout Plan [APP-059]	Figure 3.5 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 3.6: Indicative Culvert Crossing Points [APP-060]	Figure 3.6 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 6.1: Demolition (During Decommissioning Phase)/ Earthworks/ Construction Activities Study Areas [APP-063]	Figure 6.1 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 6.2: Trackout Activities Study Areas [APP-064]	Figure 6.2 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 7.1: Designated Sites and Ecological Mitigation and Enhancement Areas [APP-065]	Figure 7.1 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 7.2: Biodiversity Study Areas [APP-066]	Figure 7.2 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 9.1: Cultural Heritage Study Areas [APP-067]	Figure 9.1 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	

Document reference	Reason for amendment	ES Amendment July 2025
ES Volume 3, Figure 9.2: Assessed Designated Heritage Assets [APP-068]	Figure 9.2 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 9.3: Assessed Non-Designated Heritage Assets [APP-069]	Figure 9.3 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 10.1: Study Areas and Key Features for Land, Soil and Groundwater [APP-070]	Figure 10.1 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 10.2: ALC Blocks overlaid Land Areas [APP-071]	Figure 10.2 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 11.1: Landscape Study Area, Context, Designations and Access [APP-072]	Figure 11.1 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
	Figure 11.1 also requires amendment to reflect the removal of a section of solar array from Land Area B as part of change/correction 1.	
ES Volume 3, Figure 11.2: Solar PV Modules ZTV [APP-073]	Figure 11.2 requires amendment to reflect the removal of a section of solar array from Land Area B as part of change/correction 1.	
	Figure 11.2 also requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	

Document reference	Reason for amendment	ES Amendment July 2025
ES Volume 3, Figure 11.3: Project Substations ZTV [APP-074]	Figure 11.3 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 11.4: Landscape Character [APP-075]	Figure 11.4 requires amendment to reflect the removal of a section of solar array from Land Area B as part of change/correction 1. Figure 11.4 also requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 11.5: Topography and Landcover [APP-076]	Figure 11.5 requires amendment to reflect the removal of a section of solar array from Land Area B as part of change/correction 1. Figure 11.5 also requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 11.6: Visual Receptors [APP-077]	Figure 11.6 requires amendment to reflect the removal of a section of solar array from Land Area B as part of change/correction 1. Figure 11.6 also requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	

Document reference	Reason for amendment	ES Amendment July 2025
ES Volume 3, Figure 11.7: Residential Property Location Plan [APP-078]	Figure 11.7 requires amendment to reflect the removal of a section of solar array from Land Area B as part of change/correction 1. Figure 11.7 also requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 11.8: Solar PV Modules Year 10 Post Mitigation ZTV [APP-079]	Figure 11.8 requires amendment to reflect the removal of a section of solar array from Land Area B as part of change/correction 1. Figure 11.8 also requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 12.1: Study Area for Noise – Construction and Decommissioning [APP-080]	Figure 12.1 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 12.2: Study Area for Noise – Operation (including Maintenance) [APP-081]	Figure 12.2 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 12.3: Baseline Noise Monitoring Locations [APP-082]	Figure 12.3 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 12.4: Construction Works Extents [APP-083]	Figure 12.4 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.

ES Volume 3, Figure 12.5: Operational Noise Contours – Unmitigated, Daytime, Ground Floor [APP-084]	Figure 12.5 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 12.6: Operational Noise Contours – Unmitigated, Night-Time, First Floor [APP-085]	Figure 12.6 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 12.7: Operational Noise Contours – Mitigated, Daytime, Ground Floor [APP-086]	Figure 12.7 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 12.8: Operational Noise Contours – Mitigated, Night-Time, First Floor [APP-087]	Figure 12.8 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 13.1: Study Area for Population [APP-088]	Figure 13.1 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 14.1: Study Area for Transport and Access [APP-089]	Figure 14.1 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 14.2: Transport Routing and the Existing Highway Network [APP-090]	Figure 14.2 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	

Document reference	Reason for amendment	ES Amendment July 2025
ES Volume 3, Figure 14.3: Public Rights of Way and Long Distance Paths Within and Adjacent to the Proposed Development [APP-091]	Figure 14.3 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 14.4: Link Sensitivity [APP-092]	Figure 14.4 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	
ES Volume 3, Figure 15.1: Other Existing and/or Approved Development [APP-093]	Figure 15.1 requires amendment to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	

3.2 Deadline 1

- 3.2.1 **Table 3-2** outlines amendments to ES Volume 3 figures that have been identified as a result of responses to the Relevant Representations **[RR-001 – RR-051]**, the ExA's First Written Questions **[PD-008]**, and/or other engagement with relevant stakeholders and are submitted to the ExA at Deadline 1 (27 August 2025).
- 3.2.2 To the extent that a document forming part of ES Volume 3 is not included in the table below, this is because there is no change to that document required for Deadline 1.

Table 3-2 ES Volume 3 updates – Response to Relevant Representations and Written Questions

Document reference	Reason for amendment	ES Amendment August 2025
ES Volume 3, Figure 2.1: Environmental Features Plan [APP-054]	Response to the ExA's First Written Questions [PD-008] (1.3.9).	Figure 2.1 is amended to show the extents of Local Wildlife Sites (LWS) within or adjacent to the Order Limits. Resubmitted on 27 August 2025 as: ES Volume 3, Figure 2.1: Environmental Features Plan – Rev 2
ES Volume 3, Figure 3.4: Indicative Environmental Masterplan [APP-058]	Response to the ExA's First Written Questions [PD-008] (1.13.3).	Figure 3.4 is amended so that internal access tracks shown on plan (currently grey) match the key (currently brown). Due to the minor nature of the amendments resulting from Written Question 1.13.3, the Applicant will submit an updated version of Figure 3.4 at Deadline 5.
ES Volume 3, Figure 7.1: Designated Sites and Ecological	Response to the ExA's First Written	Figure 7.1 is amended to show the extents of Local Wildlife Sites (LWS) within or adjacent to the Order Limits. It is also amended to address discrepancies in the hectareage stated

<p>Mitigation and Enhancement Areas [APP-065]</p>	<p>Questions [PD-008] (1.3.9).</p> <p>Points raised during engagement with Natural England regarding discrepancies in the hectarage of ecological mitigation and enhancement areas.</p>	<p>for ecological mitigation and enhancement areas in ES Figure 7.1 [APP-065] compared with the Outline LEMP [PDA-018].</p> <p>Resubmitted on 27 August 2025 as: ES Volume 3, Figure 7.1: Designated Sites and Ecological Mitigation and Enhancement Areas – Rev 2</p>
<p>ES Volume 3, Figure 14.2: Transport Routing and the Existing Highway Network [APP-090]</p>	<p>Response to the ExA's First Written Questions [PD-008] (1.13.6).</p>	<p>Figure 14.2 is amended to show connections between proposed Heavy Goods Vehicle (HGV) routes and with the wider road network, including the Strategic Road Network, more clearly.</p> <p>Resubmitted on 27 August 2025 as: ES Volume 3, Figure 14.2: Transport Routing and the Existing Highway Network – Rev 2</p>

4 Environmental Statement Volume 4 Updates

4.1 Change Request and Response to Section 51 Advice – submission July 2025

- 4.1.1 **Table 4-1** outlines amendments to ES Volume 4 documents that have been identified since submission of the DCO application in response to the ExA's Section 51 advice **[PD-003]** and/or two minor corrections to the DCO Application (change/correction 1 and 2) **[AS-004]** and are submitted to the ExA at Procedural Deadline A (8 July 2025).
- 4.1.2 To the extent that a document forming part of ES Volume 3 is not included in the table below, this is because there is no change to that document as a result of the July 2025 Change Request and Response to Section 51 Advice.

Table 4-1 - ES Appendices updates - Change Request and Response to s51 Advice July 2025

Document reference	Reason for amendment	ES Amendment July 2025
ES Volume 4, Non-Technical Summary (NTS) [APP-094]	<p>The NTS requires amendments to Figures 1, 2 and 3 to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.</p> <p>The NTS also requires amendments to Figure 3 within the document to reflect the removal of a section of solar array from Land Area B as part of change/correction 1.</p>	<p>Due to the minor nature of the amendments resulting from change/correction 1 and 2, the Applicant will submit updated versions of Figures 1, 2 and 3 in ES Volume 4, Non-Technical Summary [APP-094] at Deadline 5.</p>

Document reference	Reason for amendment	ES Amendment July 2025
ES Volume 4, Appendix 5.4: Glint and Glare Assessment [APP-100]	<p>Appendix 5.4 requires amendments to Figure 1 to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.</p> <p>Appendix 5.4 also requires amendments to Figure 1 to reflect the removal of a section of solar array from Land Area B as part of change/correction 1.</p>	<p>Due to the minor nature of the amendments resulting from change/correction 1 and 2, the Applicant will submit an updated version of Figure 1 at Deadline 5.</p>
ES Volume 4, Appendix 5.6: Flood Risk Assessment [APP-102]	<p><u>Response to s51 Advice</u></p> <p>Appendix 5.6 requires amendments to the text to address new flood and coastal erosion risk data published by the Environment Agency as requested by the ExA on the 21 March 2025 as part of the s51 Advice.</p> <p>Appendix C</p> <p>In making the changes to the FRA in response to the s51 advice, the Applicant has become aware that Appendix C: Modelling Report to the FRA was missing a number of its appendices (with the exception of Appendix F: Modelling addendum of Appendix C).</p>	<p>In response to the Planning Inspectorate's section 51 advice (dated 21 March), Appendix 5.6 has been updated and is submitted in its revised form. The following amendments have been made to the document:</p> <ul style="list-style-type: none"> • Paragraph 1.1.9 amended and a new paragraph 1.1.10 added. • 'Report Updates' section added at Section 2.1 and Paragraph 2.1.1 added to outline the nature of the updates. • Three additional rows added to Table 2-1 to capture stakeholder engagement

Document reference	Reason for amendment	ES Amendment July 2025
		<p>which has occurred since the DCO Application was submitted.</p> <ul style="list-style-type: none"> • Paragraph 3.2.5 added to provide additional information on below ground land drains. • Paragraph 4.2.5 amended to add further detail on design of solar panels. • Paragraphs 5.4.2 and 5.4.3 added to reflect changes to the flood modelling. • Additional text added at Paragraph 5.5.3 to explain the impact on the Reduction in Risk of Flooding from Rivers and Sea due to Defences (RRDD) dataset following the publication of the updated Flood Zones. • Additional paragraphs added at Paragraph 5.11.5 to 5.11.11 to provide further detail on Land Area B5 in response to updated flood modelling.

Document reference	Reason for amendment	ES Amendment July 2025
		<ul style="list-style-type: none"> Section 5.12 amended to reflect updated dataset. Paragraph 6.1.9 has been added to reflect updated dataset. Section 8 updated to reflect changes to FRA and correct typo in Paragraph 8.1.2. Additional drawings added to Appendix B (20-206-60-315-01 1 in 20 year and 1 in 50 year Flood Outlines (Sheet 1 of 2)) and 20-206-60-316-01 1 in 20 year and 1 in 50 year Flood Outlines (Sheet 2 of 2)). <p>Figures</p> <p>The following figures have been amended as a result of the s51 amendments:</p> <p>Figure 5-1; Figure 5-16</p>

Document reference	Reason for amendment	ES Amendment July 2025
		<p>The following new figures have been added as a result of the s51 amendments:</p> <ul style="list-style-type: none"> • Figures 5-7; • Figure 5-8; • Figure 5-17; • Figure 5-18; • Figure 5-19; • Figure 5-20; and • Figure 5-21. <p>The following figures have been re-numbered as a result of the addition of the new figures associated with the s51 amendments:</p> <ul style="list-style-type: none"> • Figure 5-7 (now Figure 5-9); • Figure 5-8 (now Figure 5-10); • Figure 5-9 (now Figure 5-11); • Figure 5-10 (now Figure 5-12); • Figure 5-11 (now Figure 5-13) • Figure 5-12 (now Figure 5-14);

ES Volume 4, Appendix 7.6: Bat Survey Report [APP-110]	Appendix 7.6 requires amendments to Figures 1, 2 and 3 to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	Due to the minor nature of the amendments resulting from change/correction 2, the Applicant will submit updated versions of Figures 1, 2 and 3 of Appendix 7.6 at Deadline 5.
ES Volume 4, Appendix 7.7: Water Vole and Otter Habitat Suitability Report [APP-111]	Appendix 7.7 requires amendments to Figures 1 and 2 to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	Due to the minor nature of the amendments resulting from change/correction 2, the Applicant will submit updated versions of Figures 1 and 2 of Appendix 7.7 at Deadline 5.
ES Volume 4, Appendix 7.8: Aquatic Walkover Report [APP-112]	Appendix 7.8 requires amendments to Figure 1 to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	Due to the minor nature of the amendments resulting from change/correction 2, the Applicant will submit an updated version of Figure 1 of Appendix 7.8 at Deadline 5.
ES Volume 4, Appendix 7.9: Passage Bird Survey Report [APP-113]	Appendix 7.9 requires amendments to Figures 1, 2 and 3 to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	Due to the minor nature of the amendments resulting from change/correction 2, the Applicant will submit updated versions of Figures 1, 2 and 3 of Appendix 7.9 at Deadline 5.

Document reference	Reason for amendment	ES Amendment July 2025
ES Volume 4, Appendix 7.10: Biodiversity Net Gain Assessment [APP-114]	Appendix 7.10 requires amendments to Figures 1, 2 and 3 to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	Due to the minor nature of the amendments resulting from change/correction 2, the Applicant will submit updated versions of Figures 1, 2 and 3 of Appendix 7.10 at Deadline 5.
ES Volume 4, Appendix 7.11: Arboricultural Impact Assessment [APP-115]	<p>Appendix 7.11 requires amendments to Appendices B and C to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.</p> <p>Appendix 7.11 also requires amendments to Appendix C to reflect the removal of a section of solar array from Land Area B as part of change/correction 1.</p>	Due to the minor nature of the amendments resulting from change/correction 2, the Applicant will submit updated versions of Appendices B and C of Appendix 7.11 at Deadline 5.
ES Volume 4, Appendix 9.1: Archaeological Desk-Based Assessment - Part 1 [APP-118]	Appendix 9.1 requires amendments to Illustrations 1-5, 8, 10, 12, 15, 20, 21, 25, 27, 29, 39, 46, 47, 52 and 55 to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	Due to the minor nature of the amendments resulting from change/correction 2, the Applicant will submit updated versions of Illustrations 1-5, 8, 10, 12, 15, 20, 21, 25, 27, 29, 39, 46, 47, 52 and 55 of Appendix 9.1 at Deadline 5.
ES Volume 4, Appendix 9.2: Geophysical Survey Report - Part 1 [APP-120]	Appendix 9.2 requires amendments to Illustrations 1 and 2 to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	Due to the minor nature of the amendments resulting from change/correction 2, the Applicant will submit updated versions of

Document reference	Reason for amendment	ES Amendment July 2025
		Illustrations 1 and 2 of Appendix 9.2 at Deadline 5.
ES Volume 4, Appendix 9.2: Geophysical Survey Report - Part 2 [APP-121]	Appendix 9.2 requires amendments to Illustrations 115 to 117 to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	Due to the minor nature of the amendments resulting from change/correction 2, the Applicant will submit updated versions of Illustrations 115 to 117 of Appendix 9.2 at Deadline 5.
ES Volume 4, Appendix 9.3: Archaeological Trial Trenching Report [APP-122]	Appendix 9.3 requires amendments to Illustrations 1 and 2 to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	Due to the minor nature of the amendments resulting from change/correction 2, the Applicant will submit updated versions of Illustrations 1 and 2 of Appendix 9.3 at Deadline 5.
ES Volume 4, Appendix 9.4: Detailed Settings Impact Assessment [APP-123]	Appendix 9.4 requires amendments to Illustrations 1, 2 and 45 to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.	Due to the minor nature of the amendments resulting from change/correction 2, the Applicant will submit updated versions of Illustrations 1, 2 and 45 of Appendix 9.4 at Deadline 5.
ES Volume 4, Appendix 10.1: Preliminary Risk Assessment - Part 1 [APP-124]	Appendix 10.1 (Part 1) requires amendments to Figures 1 to 4 to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2. Appendix 10.1 (Part 1) also requires amendments to Figure 2 to reflect the removal	Due to the minor nature of the amendments resulting from change/correction 1 and 2, the Applicant will submit updated versions of Figures 1 to 4 of Appendix 10.1 (Part 1) at Deadline 5.

Document reference	Reason for amendment	ES Amendment July 2025
	of a section of solar array from Land Area B as part of change/correction 1.	
ES Volume 4, Appendix 10.1: Preliminary Risk Assessment - Part 3 [APP-126]	Appendix 10.1 (Part 3) requires amendments to Appendix E, Figure E1 to reflect the removal of a section of solar array from Land Area B as part of change/correction 1.	Due to the minor nature of the amendments resulting from change/correction 1 and 2, the Applicant will submit updated versions of Appendix E, Figure E1 in Appendix 10.1 (Part 3) at Deadline 5.
ES Volume 4, Appendix 11.4: Viewpoint Analysis [APP-131]	As a result of points raised by the ExA following an unaccompanied site inspection (USI) on 17-18 June (ExA document reference EN010157-000217-PHSF - USI1 Note), amendments are required to Table A11.4-1 and page 43 as 'Drove Lane' is incorrectly referred to as 'Grove Lane'.	Table A11.4-1, viewpoint number 25 is amended to: "PRoW Wawne Footpath no.11/ G Drove Lane." Text on Page 43 is amended to replace references to " Grove Lane " with " Grove Lane ".
ES Volume 4, Appendix 11.6: Viewpoints and Visualisations Part 1 [AS-001]	As raised by the ExA following an unaccompanied site inspection (USI) on 17-18 June (ExA document reference EN010157-000217-PHSF - USI1 Note): <ul style="list-style-type: none"> Visualisation 25a requires amendment as 'Drove Lane' is incorrectly labelled as 'Grove Lane'. 	Due to the minor nature of the amendments, the Applicant will submit updated versions of Visualisations 25a and 24b at Deadline 5.

Document reference	Reason for amendment	ES Amendment July 2025
	<ul style="list-style-type: none"> Visualisation 24b requires amendment as the label for Swine Footpath no.7 is on the incorrect side of the dyke. 	
ES Volume 4, Appendix 14.1: Transport Assessment [APP-138]	<p>Appendix 14.1 requires amendments to Appendices B, C and D to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.</p> <p>Appendix 14.1 also requires amendments to Appendix B to reflect the removal of a section of solar array from Land Area B as part of change/correction 1.</p>	Due to the minor nature of the amendments resulting from change/correction 1 and 2, the Applicant will submit updated versions of Appendices B, C and D at Deadline 5.
ES Volume 4, Appendix 15.2: Cumulative Landscape and Visual Impact Assessment [APP-144]	<p>Appendix 15.2 requires amendments to Appendix A – ZTV Figures to reflect the removal of plots 10-4, 10-5 and 10-6 as part of change/correction 2.</p> <p>Appendix 15.2 also requires amendments to Appendix A – ZTV Figures to reflect the removal of a section of solar array from Land Area B as part of change/correction 1.</p>	Due to the minor nature of the amendments resulting from change/correction 1 and 2, the Applicant will submit updated versions of Appendix A – ZTV Figures at Deadline 5.

4.2 Deadline 1

- 4.2.1 **Table 4-2** outlines amendments to ES Volume 4 documents that have been identified as a result of responses to the Relevant Representations **[RR-001 – RR-051]**, the ExA's First Written Questions **[PD-008]**, and/or other engagement with relevant stakeholders and are submitted to the ExA at Deadline 1 (27 August 2025).
- 4.2.2 To the extent that a document forming part of ES Volume 4 is not included in the table below, this is because there is no change to that document required for Deadline 1.

Table 4-2 ES Volume 4 updates – Response to Relevant Representations and Written Questions

Document reference	Reason for amendment	ES Amendment August 2025
ES Volume 4, Appendix 5.5: Water Framework Directive Screening and Scoping Report [APP-101]	Response to relevant representations from Beverley and North Holderness Internal Drainage Board [RR-004] and the Environment Agency [RR-005] (EA04, EA06, EA07, EA10, EA20 and EA24).	ES Appendix 5.5 is amended to include additional assessment of battery fire effluent risks; to refine or clarify the Applicant's approach in relation to land drains and watercourse crossings; to provide further details on cable crossings and dewatering; and to provide further information regarding surfacing of access tracks and update the surface water drainage strategy reflecting discussions with Beverley and North Holderness Internal Drainage Board. Where new paragraphs have been added, subsequent paragraphs are automatically renumbered. Resubmitted on 27 August 2025 as:

Document reference	Reason for amendment	ES Amendment August 2025
		<p>ES Volume 4, Appendix 5.5: Water Framework Directive Screening and Scoping Report – Rev 2 (clean)</p> <p>ES Volume 4, Appendix 5.5: Water Framework Directive Screening and Scoping Report – Rev 2 (tracked)</p>
ES Volume 4, Appendix 5.6: Flood Risk Assessment [PDA-021 to PDA-028]	Response to relevant representations from Beverley and North Holderness Internal Drainage Board [RR-004] and the Environment Agency [RR-005] (EA04, EA06, EA07 EA10, EA11, EA12, EA13, EA14, EA15, EA16 and EA17).	<p>ES Appendix 5.6 is amended to update the assessment of the lifetime of the scheme and duration of decommissioning; to refine the assessment of watercourse crossings; and to update the surface water drainage strategy reflecting discussions with Beverley and North Holderness Internal Drainage Board.</p> <p>In addition, the following have been added:</p> <ul style="list-style-type: none"> • Figure 7-6 and 7-7; and • Drawings 20-206-60-500-02 and 20-206-60-501-02 to Appendix B. These show the amended drainage strategy for the two substation compounds. <p>Resubmitted on 27 August 2025 as: ES Volume 4, Appendix 5.6: Flood Risk Assessment – Rev 3 (clean)</p>

Document reference	Reason for amendment	ES Amendment August 2025
		ES Volume 4, Appendix 5.6: Flood Risk Assessment – Rev 3 (tracked)
ES Volume 4, Appendix 6.1: Air Quality Assessment [APP-103]	Response to the ExA's First Written Questions [PD-008] (1.5.4). Updates to paragraph 6.7 required to clarify study areas shown on ES Figure 6.1 [APP-063].	Text in paragraph 6.7 is amended to: "Table 6.2 presents the determined sensitivity of the area. Construction activities are relevant up to 250m from the Order Limits (i.e. 20m, 50m, 100m and 250m study areas have been considered in the assessment) whereas trackout activities are only considered relevant up to 50m from the edge of the road (i.e. 20m and 50m study areas have been considered in the assessment), as per the Institute of Air Quality Management Guidance on the Assessment of Dust from Demolition and Construction v2.2 [Ref. 18]."
ES Volume 4, Appendix 6.1: Air Quality Assessment [APP-103]	Response to the ExA's First Written Questions [PD-008] (1.5.7). Updates to paragraph 6.8 required to confirm the human receptors that have been identified within 250m of the Order Limits.	Text in paragraph 6.8 is amended to: "Human receptors have been identified within 250m of the Order Limits, comprising: <ul style="list-style-type: none"> • The villages of Long Riston; and • The villages of Woodmansey; • The village of Routh; • The village of Arnold; • The village of Weel; and • Public rights of ways (PRoWs)."

Document reference	Reason for amendment	ES Amendment August 2025
ES Volume 4, Appendix 6.1: Air Quality Assessment [APP-103]	Response to the ExA's First Written Questions [PD-008] (1.5.1). Updates required to paragraph 6.9 to clarify the study area for designated sites regarding dust and particulate matter emissions, i.e. whether it is 200m or 50m.	Text in paragraph 6.9 is amended to: "The following designated sites (habitats) have been identified within 200m 50m of the Order Limits."
ES Volume 4, Appendix 7.10: Biodiversity Net Gain Assessment [APP-114]	An error was identified in paragraph 2.5.4 which stated that the maximum trench width for cabling in Figham Pastures LWS is 1.6m. Updates required to align with the Design Parameters Document [APP-150] , which states that the maximum width of the 132kV cable trench will be 1.5m.	Text in Section 2.5.4 is amended to: "Details on turf translocation are included within the Outline LEMP [EN010157/APP/7.5] and the Outline Soil Management Plan [EN010157/APP/7.8] , to ensure that the impact is minimal, with the trench width kept to a minimum maximum of (1.56m). "
ES Volume 4, Appendix 7.11: Arboricultural Impact Assessment [APP-115]	Response to the ExA's First Written Questions [PD-008] (1.10.14). Clarification required to confirm the number/quantity of tree removal proposed in relation to tree group G233. The Applicant confirms that G233 comprises approximately 90 trees, of which a 190m ² is proposed for potential removal (as stated in Table 2). No updates therefore required to the values stated in the table, but updates to column headings required to provide clarification.	The headings for the third and fourth columns in Table 2 are amended as follows to provide clarification: " Removal Q quantity -m ² for groups/m length for hedges." "Species/ quantities for whole group."

Document reference	Reason for amendment	ES Amendment August 2025
ES Volume 4, Appendix 9.4: Detailed Settings Impact Assessment [APP-123]	Response to the ExA's First Written Questions [PD-008] (1.8.2).	Setting effects on the Site of Meaux Cistercian Abbey during operation scoped into the assessment, taking account of winter visualisations. Resubmitted on 27 August 2025 as: ES Volume 4, Appendix 9.4: Detailed Settings Impact Assessment – Rev 2 (clean) ES Volume 4, Appendix 9.4: Detailed Settings Impact Assessment – Rev 2 (tracked)
ES Volume 4, Appendix 10.1: Preliminary Risk Assessment - Part 1 [APP-124]	Response to the Environment Agency's relevant representations [RR-005] (EA09 and EA22). Updates required to paragraphs 10.5.13 and 10.5.14 to clarify details of unlicensed private water supplies within the study area in response to EA09. In responding to EA09, and also EA22, it was noted that there were errors in the locations and distance from the Order Limits stated for some abstractions in ES Chapter 10 [APP-046]. Updates required to state the correct details.	Text in the 'Licensed groundwater abstractions' row in Table 11 is amended to: "There are two no licenced groundwater abstractions within the Order Limits, both of which are used for spray irrigation (see full list provided in Appendix G). There are 28 14 locations where active licenced groundwater abstractions licenses are recorded that are off-site and within 500m of the Order Limits. Seven of these are primarily used for general agricultural farming and domestic use and seven are used for spray irrigation, with several for domestic use, one for commercial use and one which is a public water supply licensed to Yorkshire

Document reference	Reason for amendment	ES Amendment August 2025
		<p>Water (located at Dunswell, 202m to the south east of the Order Limits).</p> <p>New 'Unlicensed groundwater abstractions' row added to Table 11, which states: "There are no unlicensed groundwater abstractions within the Order Limits. There are three unlicensed groundwater abstractions that are recorded to be present off-site and within 500m of the Order Limits. One of these is for commercial use (23m from the Order Limits) and two are for domestic use (10m and 35m from the Order Limits)."</p> <p>Text in the 'Licensed surface water abstractions' row in Table 12 amended to: "There is one active licensed surface water abstraction within the Order Limits, used for dust suppression. There are 12 two active licensed surface water abstractionlicenses located within 500m of the Order Limits. The closest of these is at Hall Farm, for spray irrigation (24m from the boundary), and the other are is 254m from the Order Limits boundary, for hydraulic testing, dust suppression;</p>

Document reference	Reason for amendment	ES Amendment August 2025
		<p>aquaculture and spray irrigation. Two of these licenses relate to tidal surface water.</p> <p>New 'Unlicensed surface water abstractions' row added to Table 12, which states: "There are no unlicensed surface water abstractions located within the Order Limits or within 500m of the Order Limits boundary."</p> <p>Text in 'Potential receptor' column of Table 16 amended in three instances to: "Groundwater within Flamborough Chalk bedrock deposits: principal aquifer and source protection zones (Zones 2 and 3) and licensed and unlicensed groundwater abstraction points."</p> <p>Text in bullet points in section 6.1.2 amended to:</p> <ul style="list-style-type: none"> • "licensed or unlicensed groundwater abstraction points within the chalk bedrock (none located within the Order Limits, 17 located within 500m of the Order Limits boundary) [lateral migration of dissolved phase contamination]."

Document reference	Reason for amendment	ES Amendment August 2025
		<ul style="list-style-type: none"> surface water courses (numerous drains and ditches on and close to all Land Areas) and associated surface water abstraction points (one located within the Order Limits and two located within 500m of the Order Limits boundary) [lateral migration of dissolved phase contamination, Site run-off, drainage].” <p>Text within the ‘Potential receptor column of Table 16 is amended in three instances to: “Groundwater within Flamborough Chalk bedrock deposits: principal aquifer and source protection zones (Zones 2 and 3) and licensed and unlicensed groundwater abstraction points”</p> <p>Text within bullet points after Table 16 amended to:</p> <ul style="list-style-type: none"> “moderate to low risk in relation to groundwater in principal aquifer/SPZs/licensed or unlicensed groundwater abstraction points being affected by contamination from

Document reference	Reason for amendment	ES Amendment August 2025
		<p>agricultural land use: via leaching, percolation to the aquifer, lateral migration, run-off/drainage</p> <ul style="list-style-type: none"> • moderate to low risk in relation to groundwater in principal aquifer/SPZs/licensed or unlicensed groundwater abstraction points being affected by contamination from made ground: via leaching, percolation to the aquifer, lateral migration, run-off/drainage • moderate to low risk in relation to groundwater in principal aquifer/SPZs/licensed or unlicensed groundwater abstraction points being affected by contamination from storage of fuel, oil or chemicals: via leaching, percolation to the aquifer, lateral migration, run-off/drainage” • “moderate to low risk in relation to groundwater in principal aquifer/SPZs/licensed or unlicensed groundwater abstraction points being affected by contamination from historical landfill sites: via leaching, percolation to

Document reference	Reason for amendment	ES Amendment August 2025
		<p>the aquifer, lateral migration, run-off/drainage.”</p> <p>Text within bullet point in Section 7.1.1 amended to:</p> <ul style="list-style-type: none"> “risks to groundwater in the principal aquifer/SPZ/licensed or unlicensed groundwater abstraction points.”
ES Volume 4, Appendix 14.1: Transport Assessment [APP-138]	<p>Response to the ExA’s First Written Questions [PD-008] (1.13.12). Updates required in Table 6.3 to confirm the total vehicle numbers for construction phase 4.</p> <p>The Applicant also noted an error in the months stated for construction phase 6, which required amendments in Table 6-3 and paragraph 5.9.</p>	<p>Vehicle numbers in the ‘Phase 4’ section of Table 6.3 are amended as follows: for light vehicles, daily arrivals and departures each amended to “131129”; for total vehicles daily arrivals and departures each amended to “182180”.</p> <p>The final heading within Table 6-3 is amended to: “Phase 6: Land Area F and complete grid connection works (Months 2221 to 24)”</p> <p>Text in bullet point in paragraph 5.9 is amended to: “Phase 6: Land Area F and complete grid connection cable route works (months 2221 to 24).”</p>

Document reference	Reason for amendment	ES Amendment August 2025
ES Volume 4, Appendix 15.2: Cumulative Landscape and Visual Impact Assessment [APP-144]	<p>Response to the ExA's First Written Questions [PD-008] (1.10.28 c)).</p> <p>Updates required to include a missing receptor ('Tickton PRow located between Tickton and Weel') in summary paragraph 3.8.4.</p> <p>When correcting the paragraph, the Applicant noted that three receptors had been included in paragraph 3.8.4 incorrectly. Updates required to move these receptors to a new paragraph.</p>	<p>A new paragraph 3.8.3 is added, which states:</p> <p>"For some receptors it is acknowledged that the addition of the five schemes considered in this cumulative assessment, in addition to the Proposed Development, would increase the geographic area where effects would be felt. However, they would not create significant cumulative effects beyond those already identified as being created by the Proposed Development alone. Those receptors to which this applies are:</p> <ul style="list-style-type: none"> • Meaux Lane/Meaux Road; <ul style="list-style-type: none"> ○ Cumulative effects identified, but overall not greater than those identified for the Proposed Development alone. • PRow Riston footpath no.2; <ul style="list-style-type: none"> ○ Cumulative effects identified, but overall not greater than those identified for the Proposed Development alone. • PRow Riston footpath no.1;

Document reference	Reason for amendment	ES Amendment August 2025
		<ul style="list-style-type: none"> ○ Cumulative effects identified, but overall not greater than those identified for the Proposed Development alone.” <p>Text in bullet point in original paragraph 3.8.3 (now 3.8.4) is amended to:</p> <ul style="list-style-type: none"> ● “LCA 19D: Central Holderness Open Farmland; ○ Whilst there are cumulative effects over a wider geographic area, the overall effects are not greater than thoseYear 1 significant cumulative effects have been identified, largely created by for the Proposed Development alone.” <p>Text in original paragraph 3.8.3 (now 3.8.5) is amended to: “Those receptors which would experience significant cumulative visual effects are:</p> <ul style="list-style-type: none"> ● PRow Tickton bridleway no.5;

Document reference	Reason for amendment	ES Amendment August 2025
		<ul style="list-style-type: none"> ○ Year 1 and year 10 cumulative significant effects are greater than for those identified for the Proposed Development alone, impacted by Kenley House, Field House and Carr Farm Solar Farms, in addition to the Proposed Development. ● Wawne PRow located between Weel and Wawne; <ul style="list-style-type: none"> ○ Year 1 and year 10 cumulative significant effects have been identified, primarily caused by Kenley House Solar Farm development in its own right. ● Meaux Lane/Meaux Road <ul style="list-style-type: none"> ○ Significant cumulative effects identified, but overall not greater than those identified for the Proposed Development alone. ● PRow Riston footpath no.2; <ul style="list-style-type: none"> ○ Significant cumulative effects identified, but overall not greater than

Document reference	Reason for amendment	ES Amendment August 2025
		<p>those identified for the Proposed Development alone.</p> <ul style="list-style-type: none"> • PRoW Riston footpath no.1; ○ Significant cumulative effects identified, but overall not greater than those identified for the Proposed Development alone. • Swine PRoW located to the east of Wawne and the south-east of Land Areas C and F; <ul style="list-style-type: none"> ○ Year 1 and year 10 cumulative significant effects have been identified, primarily caused by Turf Carr Solar Farm development in its own right. • Tickton PRoW located between Tickton and Weel; <ul style="list-style-type: none"> ○ Year 1 cumulative significant effects have been identified, primarily caused by Field House Solar Farm and Carr Farm Solar Farm developments in their own right. • Kidhill Lane;

Document reference	Reason for amendment	ES Amendment August 2025
		<ul style="list-style-type: none"> ○ Year 1 and year 10 cumulative significant effects have been identified (not significant from the Proposed Development alone), due to combination with Turf Carr Solar Farm. • Springdale Farm (residential property). ○ Year 1 and year 10 cumulative significant effects have been identified (not significant from the Proposed Development alone), due to the combination with Kenley House Solar Farm.”
ES Volume 4, Appendix 15.2: Cumulative Landscape and Visual Impact Assessment [APP-144]	<p>Response to the ExA’s First Written Questions [PD-008] (1.10.28 (e)).</p> <p>Updates required to present relevant significant cumulative effects in ES Appendix 15.2 [APP-144] in table format.</p>	<p>Table A15.1-1 Identifying Significant Cumulative Landscape and Visual Effects During Operation is added to present relevant significant cumulative effects (table not copied here).</p> <p>Introductory text is added as paragraph 3.8.7, which states:</p> <p>“Table A15.1-1 Identified Significant Cumulative Landscape and Visual Effects During Operation provides a summary of the above points and details receptors which would experience significant cumulative effects with respect to one or more of the five</p>

Document reference	Reason for amendment	ES Amendment August 2025
		additional schemes considered in this appendix. The table only references those receptors where a significant cumulative effect has been demonstrated.”
ES Volume 4 Commitments Register [APP-095]	Updates required to reflect changes made to other documents as a result of the various Relevant Representations [RR-001 – RR-051] and the ExA’s First Written Questions [PD-008] .	Commitments 200 and 201 have been removed since the assets they relate to lie outside of the Order Limits, meaning implementation of the mitigation measures is not within the control of the Applicant and therefore not considered to be feasible. It should be noted that the mitigation measures set out in these commitments were not considered in the assessment in the submitted ES Volume 2, Chapter 9: Cultural Heritage [APP-049] and therefore the conclusions of the assessment are not affected by their removal. Commitments 303 and 415 have been removed as they were duplicates of commitment 417 (previously 421). Commitment 152 has also been removed because it is replaced by two new commitments on the same topic, 653 and 654. As a result of commitments being removed, subsequent commitments were automatically renumbered.

Document reference	Reason for amendment	ES Amendment August 2025
		<p>The following existing commitments have been amended: 98, 107, 112, 123, 171 (previously 172), 183 (previously 184), 197 (previously 198), 237 (previously 240), 238 (previously 241), 239 (previously 242), 242 (previously 245), 265 (previously 268), 282 (previously 285), 284 (previously 287), 512 (previously 517), 540 (previously 544), 543 (previously 547), 551 (previously 555), 552 (previously 556), 554 (previously 558).</p> <p>New commitments that have been added start from commitment 615. Commitment 407 has also been added.</p>

5 Summary of documents updated

5.1.1 **Table 5-1** provides a collated summary of the updates to DCO Application documents that are reported in this ES Addendum. **Table 5-1** identifies the DCO Application documents that have been updated and when, with a cross reference to where the relevant detail of the update can be found and references to new published versions, where relevant. Documents are listed in order of the Application Document numbering as identified in the Peartree Hill Solar Farm Examination Library.
