

Submission ID: S8D196ED7

Please visit North End Road, Steeple Claydon MK18 2PG. The construction traffic through this road has already reached levels that are unsuitable for this villages residential road. There are listed buildings along the road where the traffic is causing damage to the properties, which is causing irreplaceable loss to heritage materials. The extra traffic caused by the construction and maintenance of this facility will seriously affect these properties and the residential areas of Steeple Claydo.
