Dear Rebecca,

**Application by Rosefield Energyfarm Limited: Rosefield Solar Farm  
(Application Reference: EN010158)**

**Deadline 2 Submissions**

On behalf of Rosefield Energyfarm Limited (the 'Applicant'), we write to provide the Applicant's written submissions for Deadline 2 of the Rosefield Solar Farm Development Consent Order (DCO) Examination.

Appendix 1 of this letter provides an overview of the documents submitted by the Applicant at Deadline 2.

Table 1 (Appendix 1) comprises the application documents for which updated versions are being submitted and summarises the reasons why each document has been updated. Each updated document has been submitted with both clean and tracked change versions to aid the Examining Authority (the 'ExA') in identifying the changes. The exceptions to this are Figures within Volume 3 of the Environmental Statement submitted (Part 6 of the DCO application). In these instances, a Revisions Schedule has been provided for clarity alongside each Figure.

Table 2 (Appendix 1) comprises the new documents being submitted at Deadline 2. These include four bespoke documents that respond in turn to: the Examining Authority's First Written Questions (ExQ1) [\[PD-010\]](#); Buckinghamshire Council's Local Impact Report [\[REP1-112\]](#); Interested Parties' Written Representations; and, various other Deadline 1 submissions issued by Interested Parties.

Further to the Rule 17 Request for Further Information issued on 10 April 2026 [\[PD-012\]](#), the Applicant confirms that artificial intelligence (AI) has not been used in any of its submissions.

We trust that this is useful and please do not hesitate to contact us if you require any further information.

Yours sincerely,

Naomi Heikalo

Project Development Manager

On behalf of Rosefield Energyfarm Limited
