

## **Planning Act 2008**

### **The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017**

#### **Certificate of compliance with regulation 16**

I hereby certify that, in compliance with the requirements under regulation 17 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 –

- a) Notice of the application was given to the persons identified under regulation 11; and
- b) a copy of the accepted application, including the environmental statements and a map was given to the consultation bodies in accordance with regulation 16

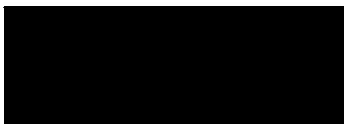

– in relation to the application for an order to grant development consent for One Earth Solar Farm (the Proposed Development). The Proposed Development comprises the construction, operation and maintenance, and decommissioning of a solar photovoltaic (PV) array electricity generating facility. The Proposed Development includes solar PV panels, Battery Energy Storage Systems (BESS), onsite substations and associated grid connection infrastructure which will allow for the generation and export of electricity to the proposed National Grid High Marnham Substation. The Proposed Development has a grid connection agreement with National Grid allowing the export and import of 740MW of electricity to the proposed High Marnham 400kV Substation. The Proposed Development would be located along the route of the A57 within the administrative boundaries of Nottinghamshire County Council, Lincolnshire County Council, Newark and Sherwood District Council, Bassetlaw District Council and West Lindsey District Council, near the settlements of North Clifton, South Clifton, Newton-on-Trent, Fledborough, Dunham, Ragnall and Normanton-on-Trent.

(Completed certificate to be received by the Secretary of State no later than 10 working days after the deadline date stating the applicant has fulfilled all the requirements at (a) and (b))
