F.A.O Mr Edwin Maund

Dear Mr Maund

Following your visit to my home and garden on 2 September, I attach the photographs taken on 8 January 2025 as requested, showing the views during the winter months when the leaves have fallen from the trees.

View from upstairs window -

View from rear door -

View from downstairs window -

Views from my garden over the fields -

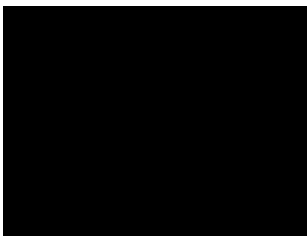

Due to the proposed height of these panels, you can see they will be taller than the horizon when standing in the garden and our view of the open fields will be replaced by a sea of black panels. We will be thoroughly enclosed and intimidated by these structures, and this will result in our property being worthless should we choose to move in the future.

I can guarantee that neither you or any of the party who visited me would want to be in this situation.

Yours sincerely
