Dear Sir or Madam,

Thank you for including the Marine Management Organisation (MMO) in the Examining Authority's correspondence.

As stated in our response to the Examining Authority's questions for Deadline 2, dated 21 August 2025, the MMO has not had any further formal engagement from the developer. Accordingly, we have no additional comments on the proposal at this time.

The MMO wishes to reiterate that, without formal advice from us, the project may be at risk of enforcement action should it proceed with activities within MMO jurisdiction (the marine environment in English waters) without obtaining the appropriate approvals.

Yours Sincerely

Vicki Foster
