Dear Planning Inspectorate

**Development Consent Order by Order granting Development Consent for the proposed One Earth Solar Farm ("the DCO Project")**

**One Earth Solar Farm Limited ("the Applicants")**

**Our Client: Northern Powergrid (Yorkshire) PLC**

We write on behalf of our Client, who objected to the above mentioned DCO Project on 15 May 2025.

As stated in the Applicant's Closing Statement published 8 January 2026, the Applicant and our Client have been unable to reach an agreement on the bespoke protective provisions which form part of the final draft DCO.

We confirm that negotiations are continuing and we presently await the Applicant's comments on the latest draft of the bespoke protective provisions. For the avoidance of doubt, the version submitted by the Applicant on 6 January 2026 is inadequate to protect our Client's undertaking and therefore the objection dated 15 May 2025 remains.

We therefore ask the Examining Authority to exercise its discretion to accept this submission by way of an update, pending the Applicant's comments on the latest version of the bespoke protective provisions. In the absence of these, our Client is unable to withdraw its objection which should be treated as extant and relevant to the determination of the Order.
