Dear Sirs

DCO Scheme: One Earth Solar Farm Project

Our client: Network Rail Infrastructure Limited

Registered Party Reference: FEF440653

Applicant: One Earth Solar Farm Limited

Subject: Network Rail Infrastructure Limited's Response to Further Information Request dated 1 May 2026

This Firm is instructed by Network Rail Infrastructure Limited (**NR**) in relation to the DCO Scheme and we write in response to the Request for Information dated 1 May 2026.

Current status of discussions

Discussions with the Applicant are ongoing but at an advanced stage with regard to the inclusion of NR's standard protective provisions in the draft Order and associated side agreement.

Accordingly, we hope to be able to write to the Examining Authority before the decision is made to confirm that the side agreement has been entered into and, following this, we will be in a position to write to the Examining Authority to confirm that NR's objection can be withdrawn.

However, should it not be possible for NR and the Applicant to reach an agreement as to the inclusion of the Protective Provisions as part of the Order (should the Inspectorate be minded to grant the same), NR must maintain its objection to the DCO as set out in the previous representations.

Should you have any queries, please don't hesitate to contact us on the details below.

Yours faithfully

Addleshaw Goddard LLP
