Dear One Earth Solar Farm Case Team

No further updates. We have not had any substantive engagement with One Earth Solar since their land referencing agents contacted us to confirm our interests in 2024. They have sent us letters to update us on the planning position, but these have been to meet planning requirements and have not been any form of dialogue. This isn't a complaint/criticism, our interest in the project is mainly commercial.

Your sincerely

**David Pemberton**
