# **1 SECTION 48 NOTICE**

# Great North Road Solar Park and Biodiversity Park

## Section 48 of the Planning Act 2008

Notice publicising a proposed application for a Development Consent Order (“DCO”) to authorise a new solar photovoltaic (PV) electricity generating station (“Great North Road Solar and Biodiversity Park”) on land located to the north-west of Newark-on-Trent, the west of the A1, north of the A617, east of Eakring, and south of Egmanton, occupying two main areas to the north and north-west of Staythorpe.

### Regulation 4 Infrastructure Planning (Applications Prescribed Forms and Procedure) Regulations 2009.

1. Notice is hereby given that Elements Green Trent Ltd (Company Number 13665771), whose registered office is 1 Half Moon Street, London, United Kingdom, W1J 7AY (“the Applicant”), proposes to apply to the Secretary of State for Energy Security and Net Zero under section 37 of the Planning Act 2008 for the above-mentioned Development Consent Order (the “Application”).

2. When built, Great North Road Solar and Biodiversity Park would have an anticipated solar electricity generation capacity of approximately 1,120 megawatts (MW) Direct Current (DC) / 800 MW Alternating Current (AC), to be connected into the existing National Grid Staythorpe Substation. In doing so, the scheme has the potential to provide enough clean, affordable energy to meet the power needs of approximately 400,000 homes while avoiding more than 250,000 tonnes of CO<sub>2</sub> emissions every year.

3. The proposed DCO will, among other things, authorise:

- Construction, operation, maintenance and decommissioning of a solar PV electricity generating station with a capacity of over 50 MW;
- Associated and/or ancillary works including the construction of an energy storage facility, grid connection infrastructure including onsite substations and underground cabling linking the intermediate substations to the main grid connection point at the National Grid Staythorpe Substation, landscaping, biodiversity and mitigation areas, access tracks, construction facilities, and the creation of permissive paths;
- The permanent compulsory acquisition (if required) of land and/or rights;
- The temporary possession of land;
- The overriding of easements and other rights over or affecting land;
- The application and/or disapplication of legislation; and
- Such ancillary, incidental and consequential provisions, licenses, property rights, permits and consents as are necessary and/or convenient.

4. The Project is an Environmental Impact Assessment (EIA) development for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works involved constitute development for which an EIA is required and the proposed application for a DCO will therefore be accompanied by an Environmental Statement (ES). The Environmental Statement will provide a detailed description of Great North Road Solar and Biodiversity Park and its likely significant environmental impacts. Information compiled to date about Great North Road Solar and Biodiversity Park’s likely significant effects will be set out in a Preliminary Environmental Information Report (PEIR) and will also be made available for consultation.

### Accessing consultation documents

5. The Applicant is undertaking a phase of consultation on the proposals for Great North Road Solar and Biodiversity Park between Thursday 09 January and Thursday 20 February 2025.

6. The consultation materials comprise a PEIR, a Non-Technical Summary of the PEIR, a draft DCO, Central Booklet which explains the consultation process and summarises the details of Great North Road Solar and Biodiversity Park including plans and maps showing the nature and location of the proposed DCO, and a Feedback Form inviting comments.

7. These consultation materials will be available free-of-charge on the Applicant’s website in the document library ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)) to read, download and print between Thursday 09 January and Thursday 20 February 2025.

8. Consultation materials will also be provided in paper copy or on USB by request to the Applicant (contact details provided below). Please note that a reasonable charge up to £500 may apply to providing printed copies of the PEIR.

9. Consultation materials can also be made available by request in alternative formats, such as large print, translated language, audio or braille, by contacting the Applicant using the details below.

10. Copies of consultation materials (excluding the PEIR) will also be available to view in person between Thursday 09 January and Thursday 20 February 2025 at the following public venues in the vicinity of Great North Road Solar and Biodiversity Park. Please note that opening times have been checked, but they are dependent on the venue itself and may be subject to change.

| Venue   | Opening hours  |
|---|--|
| <b>Newark and Sherwood District Council Offices,</b><br>Castle House, Great North Road, Newark, Nottinghamshire, NG24 1BY | <b>Monday to Friday:</b> 9am - 5pm   |

| <b>Ollerton Library,</b><br>Forest Rd, New Ollerton, Newark NG22 9PL  | <b>Monday, Friday:</b> 9am - 1pm, 1:30pm - 5:30pm<br><b>Tuesday:</b> 9am - 1pm<br><b>Wednesday:</b> 2pm - 5:30pm<br><b>Saturday:</b> 9am - 12:30pm                   |

11. The Applicant will host public information events to provide opportunities to view the relevant documentation and speak with members of the project team. The details of the events are as follows:

| Location   | Date & Time                                   |
|--|---|
| <b>Maplebeck Village Hall</b><br>Main Street, Maplebeck, Newark, NG22 OBS                                      | <b>Thursday 23rd January</b><br>2pm – 7:30pm  |
| <b>Sutton on Trent Sports Club</b><br>Grassthorpe Road, Sutton on Trent, Newark, NG23 6QX                      | <b>Friday 24th January</b><br>2pm – 7.30pm    |
| <b>North Muskham Rural Community Centre</b><br>North Muskham, Newark, NG23 6HL                                 | <b>Saturday 25th January</b><br>11am – 3pm    |
| <b>Laxton Village Hall</b><br>High Street, Laxton, Newark, NG22 ONX  | <b>Wednesday 29th January</b><br>2pm – 7:30pm |
| <b>Kelham House Country Manor</b><br>Main Road, Newark, NG23 5QP   | <b>Thursday 30th January</b><br>11am – 3pm    |
| <b>Carlton on Trent Village Hall</b><br>Main Street, Carlton-on-Trent, Newark, NG23 6NW                        | <b>Friday 31st January</b><br>2pm – 7:30pm    |
| <b>Eakring Cator Hall</b><br>Kirklington Road, Eakring, Newark, NG22 ODA                                       | <b>Tuesday 4th February</b><br>2pm – 6:30pm   |
| <b>Newark Town Hall</b><br>Newark, Nottinghamshire, NG24 1DU   | <b>Wednesday 5th February</b><br>11am – 3pm   |
| <b>Online Community Webinar</b><br>Please contact the Applicant or visit the website for joining instructions. | <b>Monday 10th February</b><br>5:30pm – 7pm   |

12. These public information events offer an opportunity to find out more about the Applicant’s updated proposals. Attendees do not need to register in advance to attend in-person events.

13. Attendees can register to attend the online community webinar by visiting the Applicant’s website or contacting the Applicant directly.

### Responding to the consultation

14. Feedback can be provided through the Applicant’s website ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)), where an online feedback form will be clearly linked.

15. Hard copy feedback forms will be available to collect at the aforementioned public information events and public venues, to download from the Applicant’s website, and can be issued upon request to the contact details below. Completed feedback forms can be emailed or posted back to the Applicant at the details provided below or submitted at the public information events.

16. Any written responses can be sent to the Applicant by email to [info@gnrsolarpark.co.uk](mailto:info@gnrsolarpark.co.uk) or by post to FREEPOST GNR SOLAR.

17. Any response or representation in respect of the proposed DCO must (i) be received by the Applicant on or before Thursday 20 February, (ii) be made in writing, (iii) state the grounds of the response or representation, and (iv) indicate who is making the response or representation.

18. The Applicant will consider and have regard to all responses received during this time before submitting its application for a DCO. Responses and representations will form the basis of a Consultation Report that will be one of the factors taken into consideration by the Planning Inspectorate when deciding whether the Application can be accepted for examination. Therefore, in providing any comment, it should be borne in mind that the substance of it may be communicated to others as part of the Consultation Report and may be publicly available.

19. Personal details will be held securely and solely for purposes in connection with the statutory consultation, DCO process and further development of Great North Road Solar and Biodiversity Park. Outside of these purposes the Applicant may be required to provide personal details if the Planning Inspectorate requests original responses. Otherwise, personal details will not be disclosed to any third parties. For further details please see the Applicant’s Privacy Policy on their website ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)). A copy of the privacy policy can be provided upon request at the contact details below.

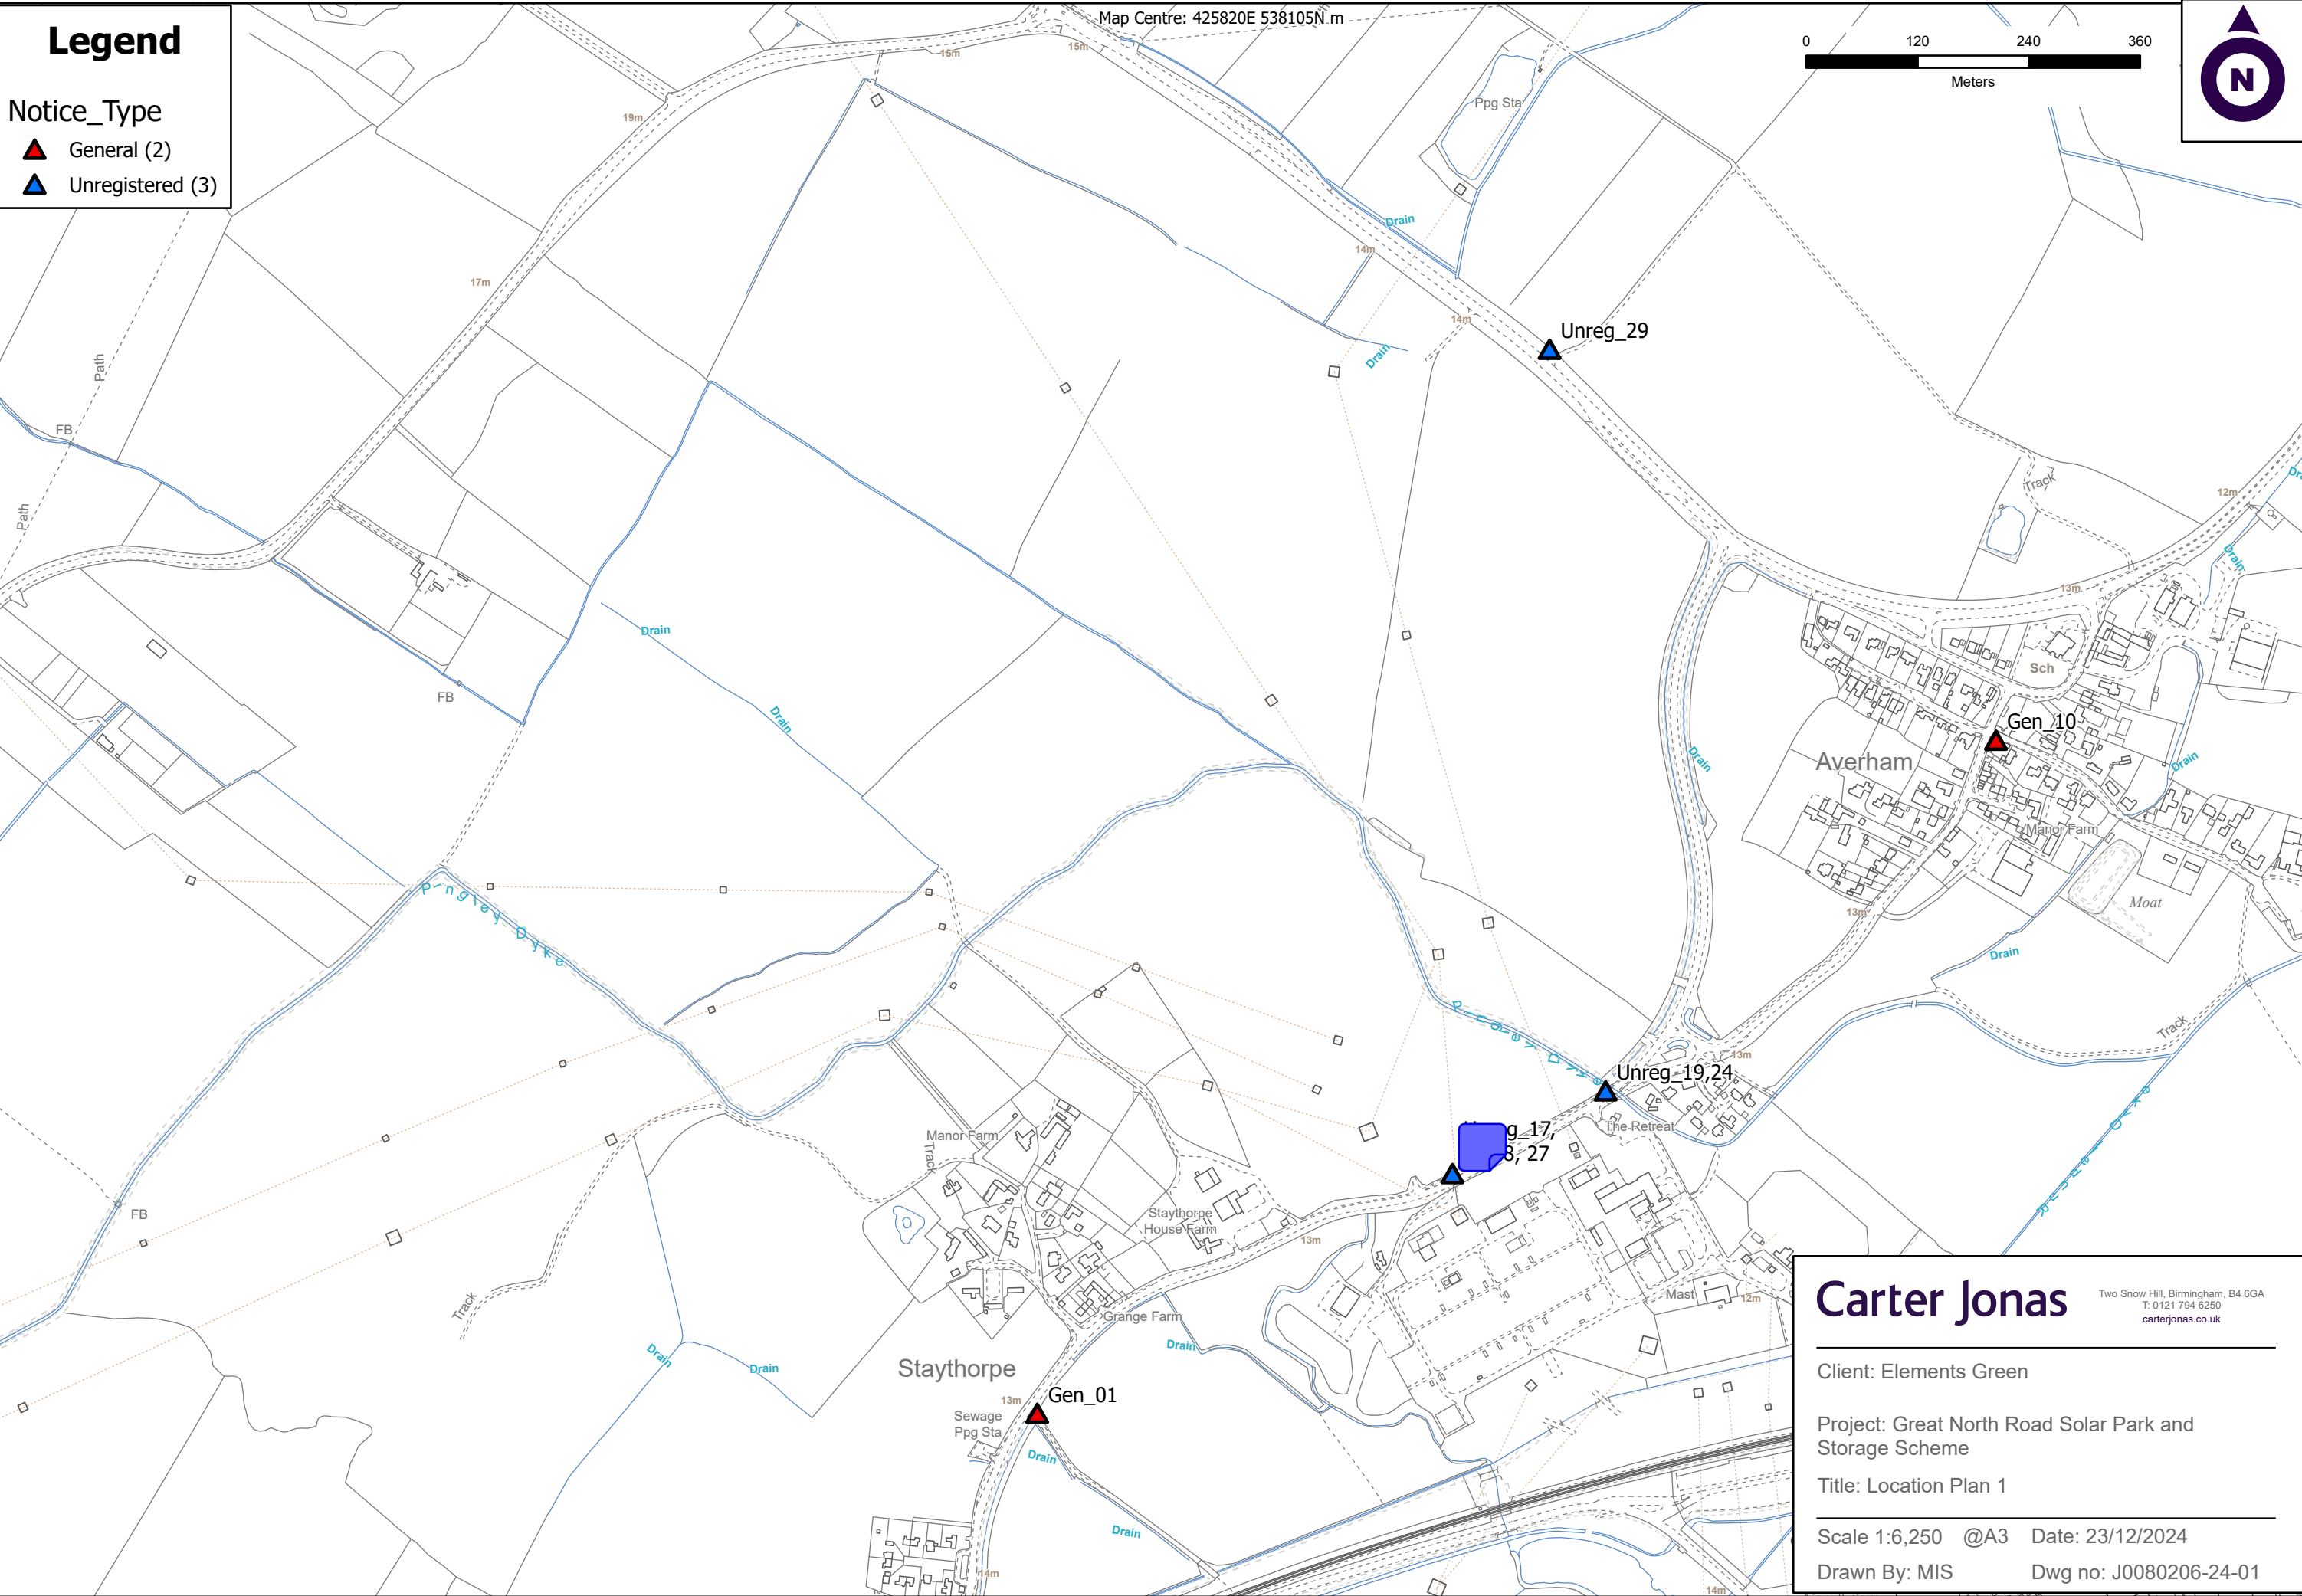

### Contacting the Applicant

20. The Applicant can be contacted by:

- Emailing: [info@gnrsolarpark.co.uk](mailto:info@gnrsolarpark.co.uk)
- Writing to: **FREEPOST GNR SOLAR**
- Calling: **0808 175 4054** (open 09:00-17:00, Monday-Friday. A voicemail service will operate for out of office hours)

## Planning

### TOWN PLANNING

#### DEPARTMENT FOR TRANSPORT TOWN AND COUNTRY PLANNING ACT 1990

The Secretary of State hereby gives notice of the proposal to make an Order under section 247 of the above Act to authorise the stopping up of a length of un-named road at Elburton, in the City of Plymouth. If the Order is made, the stopping up will be authorised only in order to enable development as permitted by Plymouth City Council, under reference 06/02036/OUT and South Hams District Council, under references 7\_49/2426/06/O and 0825/18/VAR.

Copies of the draft Order and relevant plan will be available for inspection during normal opening hours at The 1st Stop Shop, 71 New George Street, Plymouth, PL1 1RJ in the 28 days commencing on 6 January 2025, and may be obtained, free of charge, from the Secretary of State (quoting NATTRAN/SW/S247/5859) at the address stated below.

Any person may object to the making of the proposed order by stating their reasons in writing to the Secretary of State at nationalcasework@dft.gov.uk or National Transport Casework Team, Tyneside House, Skinnerburn Road, Newcastle upon Tyne NE4 7AR, quoting the above reference. Objections should be received by midnight on 3 February 2025. You are advised that your personal data and correspondence will be passed to the applicant/agent to enable your objection to be considered. If you do not wish your personal data to be forwarded, please state your reasons when submitting your objection.

N Crass, Casework Manager

(4786365)

#### DEPARTMENT FOR TRANSPORT TOWN AND COUNTRY PLANNING ACT 1990

The Secretary of State hereby gives notice of the proposal to make an Order under section 247 of the above Act to authorise the stopping up of a western part width of Kings Farm at Rayleigh in Essex. If the Order is made, the stopping up will be authorised only to enable development as permitted by Rochford District Council, under reference 24/00399/FUL.

Copies of the draft Order and relevant plan will be available for inspection during normal opening hours at Rayleigh Library, 132-134 High Street, Rayleigh, Essex in the 28 days commencing on 6 January 2025, and may be obtained, free of charge, from the Secretary of State (quoting NATTRAN/E/S247/5921) at the address stated below.

Any person may object to the making of the proposed order by stating their reasons in writing to the Secretary of State at nationalcasework@dft.gov.uk or National Transport Casework Team, Tyneside House, Skinnerburn Road, Newcastle upon Tyne NE4 7AR, quoting the above reference. Objections should be received by midnight on 3 February 2025. You are advised that your personal data and correspondence will be passed to the applicant/agent to enable your objection to be considered. If you do not wish your personal data to be forwarded, please state your reasons when submitting your objection.

D Hoggins, Casework Manager

(4786368)

#### DEPARTMENT FOR TRANSPORT TOWN AND COUNTRY PLANNING ACT 1990

The Secretary of State gives notice of an Order made under Section 247 of the above Act entitled "The Stopping up of Highways (North East) (No.37) Order 2024" authorising the stopping up of a length of Lower East Street and a part width of Gray Street, at Middlesbrough in the Borough of Middlesbrough. This is to enable development as permitted by Middlesbrough Development Corporation under references 21/1160/OUT and 24/0010/VAR.

Copies of the Order may be obtained, free of charge, from the Secretary of State, National Transport Casework Team, Tyneside House, Skinnerburn Road, Newcastle Business Park, Newcastle upon Tyne NE4 7AR or nationalcasework@dft.gov.uk (quoting NATTRAN/NE/S247/5839). They may also be inspected during normal opening hours at Middlesbrough Town Hall, Albert Road, Middlesbrough, TS1 2PA.

Any person who wishes to challenge the validity of the decision to make the Order may apply to the High Court within 6 weeks from 6 January 2025

S Zamenzadeh, Casework Manager

(4786373)

#### GREAT NORTH ROAD SOLAR PARK AND BIODIVERSITY PARK SECTION 48 OF THE PLANNING ACT 2008

Notice publicising a proposed application for a Development Consent Order ("DCO") to authorise a new solar photovoltaic (PV) electricity generating station ("Great North Road Solar and Biodiversity Park") on land located to the north-west of Newark-on-Trent, the west of the A1, north of the A617, east of Eakring, and south of Egmanston, occupying two main areas to the north and north-west of Staythorpe.

#### Regulation 4 Infrastructure Planning (Applications Prescribed Forms and Procedure) Regulations 2009.

1. Notice is hereby given that Elements Green Trent Ltd (Company Number 13665771), whose registered office is 1 Half Moon Street, London, United Kingdom, W1J 7AY ("the Applicant"), proposes to apply to the Secretary of State for Energy Security and Net Zero under section 37 of the Planning Act 2008 for the above-mentioned Development Consent Order (the "Application").

2. When built, Great North Road Solar and Biodiversity Park would have an anticipated solar electricity generation capacity of approximately 1,120 megawatts (MW) Direct Current (DC) / 800 MW Alternating Current (AC), to be connected into the existing National Grid Staythorpe Substation. In doing so, the scheme has the potential to provide enough clean, affordable energy to meet the power needs of approximately 400,000 homes while avoiding more than 250,000 tonnes of CO<sub>2</sub> emissions every year.

3. The proposed DCO will, among other things, authorise:

- Construction, operation, maintenance and decommissioning of a solar PV electricity generating station with a capacity of over 50 MW;
- Associated and/or ancillary works including the construction of an energy storage facility, grid connection infrastructure including onsite substations and underground cabling linking the intermediate substations to the main grid connection point at the National Grid Staythorpe Substation, landscaping, biodiversity and mitigation areas, access tracks, construction facilities, and the creation of permissive paths;
- The permanent compulsory acquisition (if required) of land and/or rights;
- The temporary possession of land;
- The overriding of easements and other rights over or affecting land;
- The application and/or disapplication of legislation; and
- Such ancillary, incidental and consequential provisions, licenses, property rights, permits and consents as are necessary and/or convenient.

4. The Project is an Environmental Impact Assessment (EIA) development for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works involved constitute development for which an EIA is required and the proposed application for a DCO will therefore be accompanied by an Environmental Statement (ES). The Environmental Statement will provide a detailed description of Great North Road Solar and Biodiversity Park and its likely significant environmental impacts. Information compiled to date about Great North Road Solar and Biodiversity Park's likely significant effects will be set out in a Preliminary Environmental Information Report (PEIR) and will also be made available for consultation.

#### Accessing consultation documents

5. The Applicant is undertaking a phase of consultation on the proposals for Great North Road Solar and Biodiversity Park between Thursday 09 January and Thursday 20 February 2025.

6. The consultation materials comprise a PEIR, a Non-Technical Summary of the PEIR, a draft DCO, Central Booklet which explains the consultation process and summarises the details of Great North Road Solar and Biodiversity Park including plans and maps showing the nature and location of the proposed DCO, and a Feedback Form inviting comments.

7. These consultation materials will be available free-of-charge on the Applicant's website in the document library ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)) to read, download and print between Thursday 09 January and Thursday 20 February 2025.

8. Consultation materials will also be provided in paper copy or on USB by request to the Applicant (contact details provided below). Please note that a reasonable charge up to £500 may apply to providing printed copies of the PEIR.

9. Consultation materials can also be made available by request in alternative formats, such as large print, translated language, audio or braille, by contacting the Applicant using the details below.

10. Copies of consultation materials (excluding the PEIR) will also be available to view in person between Thursday 09 January and Thursday 20 February 2025 at the following public venues in the vicinity of Great North Road Solar and Biodiversity Park. Please note that opening times have been checked, but they are dependent on the venue itself and may be subject to change.

| Venue   | Opening hours   |
|---|---|
| Newark and Sherwood District Council Offices, Castle House, Great North Road, Newark, Nottinghamshire, NG24 1BY | Monday to Friday: 9am - 5pm   |
| Southwell Library, The Bramley Centre, King St, Southwell, NG25 0EH   | Monday: 9am - 6pm<br>Tuesday, Wednesday and Friday: 9am - 5pm<br>Thursday: 9am - 1pm<br>Saturday: 9am - 3pm<br>Sunday: 11am - 3pm |
| Newark Library, Beaumont Gardens, Balderton Gate, Newark NG24 1UW   | Monday, Wednesday: 9am - 6:30pm<br>Tuesday, Thursday, Friday: 9am - 6pm<br>Saturday: 9am - 4pm                                    |
| Ollerton Library, Forest Rd, New Ollerton, Newark NG22 9PL  | Monday, Friday: 9am - 1pm, 1:30pm - 5:30pm<br>Tuesday: 9am - 1pm<br>Wednesday: 2pm - 5:30pm<br>Saturday: 9am - 12:30pm            |

11. The Applicant will host public information events to provide opportunities to view the relevant documentation and speak with members of the project team. The details of the events are as follows:

| Venue   | Opening hours                        |
|---|--------------------------------------|
| Maplebeck Village Hall: Main Street, Maplebeck, Newark, NG22 0BS                                      | Thursday 23rd January: 2pm - 7:30pm  |
| Sutton on Trent Sports Club: Grassthorpe Road, Sutton on Trent, Newark, NG23 6QX                      | Friday 24th January: 2pm - 7.30pm    |
| North Muskham Rural Community Centre: North Muskham, Newark, NG23 6HL                                 | Saturday 25th January: 11am - 3pm    |
| Laxton Village Hall: High Street, Laxton, Newark, NG22 0NX  | Wednesday 29th January: 2pm - 7:30pm |
| Kelham House Country Manor: Main Road, Newark, NG23 5QP   | Thursday 30th January: 11am - 3pm    |
| Carlton on Trent Village Hall: Main Street, Carlton-on-Trent, Newark, NG23 6NW                        | Friday 31st January: 2pm - 7:30pm    |
| Eakring Cator Hall: Kirklington Road, Eakring, Newark, NG22 0DA                                       | Tuesday 4th February: 2pm - 6:30pm   |
| Newark Town Hall: Newark, Nottinghamshire, NG24 1DU   | Wednesday 5th February: 11am - 3pm   |
| Online Community Webinar: Please contact the Applicant or visit the website for joining instructions. | Monday 10th February: 5:30pm - 7pm   |

12. These public information events offer an opportunity to find out more about the Applicant's updated proposals. Attendees do not need to register in advance to attend in-person events.

13. Attendees can register to attend the online community webinar by visiting the Applicant's website or contacting the Applicant directly.

#### Responding to the consultation

14. Feedback can be provided through the Applicant's website ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)), where an online feedback form will be clearly linked.

15. Hard copy feedback forms will be available to collect at the aforementioned public information events and public venues, to download from the Applicant's website, and can be issued upon request to the contact details below. Completed feedback forms can be emailed or posted back to the Applicant at the details provided below or submitted at the public information events.

16. Any written responses can be sent to the Applicant by email to [info@gnrsolarpark.co.uk](mailto:info@gnrsolarpark.co.uk) or by post to FREEPOST GNR SOLAR.

17. Any response or representation in respect of the proposed DCO must (i) be received by the Applicant on or before Thursday 20 February, (ii) be made in writing, (iii) state the grounds of the response or representation, and (iv) indicate who is making the response or representation.

18. The Applicant will consider and have regard to all responses received during this time before submitting its application for a DCO. Responses and representations will form the basis of a Consultation Report that will be one of the factors taken into consideration by the Planning Inspectorate when deciding whether the Application can be accepted for examination. Therefore, in providing any comment, it should be borne in mind that the substance of it may be communicated to others as part of the Consultation Report and may be publicly available.

19. Personal details will be held securely and solely for purposes in connection with the statutory consultation, DCO process and further development of Great North Road Solar and Biodiversity Park. Outside of these purposes the Applicant may be required to provide personal details if the Planning Inspectorate requests original responses. Otherwise, personal details will not be disclosed to any third parties. For further details please see the Applicant's Privacy Policy on their website ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)). A copy of the privacy policy can be provided upon request at the contact details below.

#### Contacting the Applicant

20. The Applicant can be contacted by:

- Emailing: [info@gnrsolarpark.co.uk](mailto:info@gnrsolarpark.co.uk)
- Writing to: FREEPOST GNR SOLAR
- Calling: 0808 175 4054 (open 09:00-17:00, Monday-Friday. A voicemail service will operate for out of office hours) (4786367)

## Roads & highways

### ROAD RESTRICTIONS

#### NATIONAL HIGHWAYS LIMITED

#### ROAD TRAFFIC REGULATION ACT 1984-SECTIONS 14(1)(A), (7), 15(2) AND PARAGRAPH 27(1) SCHEDULE 9

#### THE A46 TRUNK ROAD (STIVICHALL TO KENILWORTH, WARWICKSHIRE) (TEMPORARY RESTRICTION AND PROHIBITION OF TRAFFIC) ORDER 2025

NOTICE IS HEREBY GIVEN that National Highways Limited (Company no.9346363) intends to revoke an existing Order and make a new Order on the A46 Trunk Road in the County of Warwickshire, to enable the junction improvement works at Stoneleigh Road Junction, the construction of a new bridge structure in connection with HS2, and all associated works and maintenance works to be carried out.

The effect of the Order, will be to, at different times, –

(1) impose a speed restriction of 50 miles per hour on –

(a) the northbound carriageway of the A46 from a point 32 metres northeast of the centreline of Rocky Lane overbridge, at Kenilworth, to a point 243 metres northeast of the tip of the nosing at its junction with the link road leading to Stoneleigh Road;

(b) the southbound carriageway of the A46 from a point 396 metres northeast of the tip of the nosing at its junction with the link road leading to Stoneleigh Road, to a point 33 metres northeast of the centreline of Crewe Lane underbridge, at Kenilworth;

(c) any slip road leading to or from the A46, to or from Stoneleigh Road junction, at Stoneleigh;

(2) close –

(a) the northbound carriageway of the A46 from its junction with the exit slip road leading to the roundabout junction with the A452, at Kenilworth, to its junction with the entry slip leading from the A46/A45/A444 Stivichall Interchange;

(b) the southbound carriageway of the A46 from its junction with the exit slip road leading to Stivichall Interchange, to its junction with the entry slip road leading from the roundabout junction with the A452, at Kenilworth;

(c) any slip road leading to or from the lengths of the A46 described in (2) (a) and (b) above;

(d) any layby leading to or from the lengths of the A46 described in (2) (a) and (b) above;

(3) prohibit any vehicles from turning right from the slip road leading from the northbound carriageway of the A46 onto Stoneleigh Road.

The work in connection with HS2 is expected to start on Friday 7 February 2025 and continue for approximately thirty months. The carriageway closures will be carried out overnight between 20:00 hours and 06:00 hours. The speed restriction will be in operation from 00:01 hours on Friday 7 February 2025, for twenty-four hours per day, for the duration of the works. The Order will come into force on 31 January 2025 and will remain in force for the duration of the work.

Vehicles being used for police, fire and rescue authority or ambulance purposes will be exempt from the speed restriction and closures. Vehicles being used for special forces purposes will be exempt from the speed restriction, and vehicles being used in connection with the works or for winter maintenance purposes will be exempt from the closures.

Diversion routes using the A46, the M6, the M42 and the M40 and vice versa will be signed. Local diversion routes will also be in operation. For further information please contact Matthew Richards on 07540 312 025.

Karen Eustace, an Officer in National Highways Limited.

National Highways Limited (Company no.9346363) registered office:  
Bridge House, Walnut Tree Close, Guildford, GU1 4LZ. A Company

# Great North Road Solar Park and Biodiversity Park

## Section 48 of the Planning Act 2008

Notice publicising a proposed application for a Development Consent Order ("DCO") to authorise a new solar photovoltaic (PV) electricity generating station ("Great North Road Solar and Biodiversity Park") on land located to the north-west of Newark-on-Trent, the west of the A1, north of the A617, east of Eakring, and south of Egmont, occupying two main areas to the north and north-west of Staythorpe.

### Regulation 4 Infrastructure Planning (Applications Prescribed Forms and Procedure) Regulations 2009.

1. Notice is hereby given that Elements Green Trent Ltd (Company Number 13665771), whose registered office is 1 Half Moon Street, London, United Kingdom, W1J 7AY ("the Applicant"), proposes to apply to the Secretary of State for Energy Security and Net Zero under section 37 of the Planning Act 2008 for the above-mentioned Development Consent Order (the "Application").
2. When built, Great North Road Solar and Biodiversity Park would have an anticipated solar electricity generation capacity of approximately 1,120 megawatts (MW) Direct Current (DC) / 800 MW Alternating Current (AC), to be connected into the existing National Grid Staythorpe Substation. In doing so, the scheme has the potential to provide enough clean, affordable energy to meet the power needs of approximately 400,000 homes while avoiding more than 250,000 tonnes of CO<sub>2</sub> emissions every year.
3. The proposed DCO will, among other things, authorise:
  - Construction, operation, maintenance and decommissioning of a solar PV electricity generating station with a capacity of over 50 MW;
  - Associated and/or ancillary works including the construction of an energy storage facility, grid connection infrastructure including onsite substations and underground cabling linking the intermediate substations to the main grid connection point at the National Grid Staythorpe Substation, landscaping, biodiversity and mitigation areas, access tracks, construction facilities, and the creation of permissive paths;
  - The permanent compulsory acquisition (if required) of land and/or rights;
  - The temporary possession of land;
  - The overriding of easements and other rights over or affecting land;
  - The application and/or disapplication of legislation; and
  - Such ancillary, incidental and consequential provisions, licenses, property rights, permits and consents as are necessary and/or convenient.
4. The Project is an Environmental Impact Assessment (EIA) development for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works involved constitute development for which an EIA is required and the proposed application for a DCO will therefore be accompanied by an Environmental Statement (ES). The Environmental Statement will provide a detailed description of Great North Road Solar and Biodiversity Park and its likely significant environmental impacts. Information compiled to date about Great North Road Solar and Biodiversity Park's likely significant effects will be set out in a Preliminary Environmental Information Report (PEIR) and will also be made available for consultation.

### Accessing consultation documents

5. The Applicant is undertaking a phase of consultation on the proposals for Great North Road Solar and Biodiversity Park between Thursday 09 January and Thursday 20 February 2025.
6. The consultation materials comprise a PEIR, a Non-Technical Summary of the PEIR, a draft DCO, Central Booklet which explains the consultation process and summarises the details of Great North Road Solar and Biodiversity Park including plans and maps showing the nature and location of the proposed DCO, and a Feedback Form inviting comments.
7. These consultation materials will be available free-of-charge on the Applicant's website in the document library ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)) to read, download and print between Thursday 09 January and Thursday 20 February 2025.
8. Consultation materials will also be provided in paper copy or on USB by request to the Applicant (contact details provided below). Please note that a reasonable charge up to £500 may apply to providing printed copies of the PEIR.
9. Consultation materials can also be made available by request in alternative formats, such as large print, translated language, audio or braille, by contacting the Applicant using the details below.
10. Copies of consultation materials (excluding the PEIR) will also be available to view in person between Thursday 09 January and Thursday 20 February 2025 at the following public venues in the vicinity of Great North Road Solar and Biodiversity Park. Please note that opening times have been checked, but they are dependent on the venue itself and may be subject to change.

| Venue  | Opening hours  |

12. These public information events offer an opportunity to find out more about the Applicant's updated proposals. Attendees do not need to register in advance to attend in-person events.

13. Attendees can register to attend the online community webinar by visiting the Applicant's website or contacting the Applicant directly.

### Responding to the consultation

14. Feedback can be provided through the Applicant's website ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)), where an online feedback form will be clearly linked.
15. Hard copy feedback forms will be available to collect at the aforementioned public information events and public venues, to download from the Applicant's website, and can be issued upon request to the contact details below. Completed feedback forms can be emailed or posted back to the Applicant at the details provided below or submitted at the public information events.
16. Any written responses can be sent to the Applicant by email to [info@gnrsolarpark.co.uk](mailto:info@gnrsolarpark.co.uk) or by post to FREEPOST GNR SOLAR.
17. Any response or representation in respect of the proposed DCO must (i) be received by the Applicant on or before Thursday 20 February, (ii) be made in writing, (iii) state the grounds of the response or representation, and (iv) indicate who is making the response or representation.
18. The Applicant will consider and have regard to all responses received during this time before submitting its application for a DCO. Responses and representations will form the basis of a Consultation Report that will be one of the factors taken into consideration by the Planning Inspectorate when deciding whether the Application can be accepted for examination. Therefore, in providing any comment, it should be borne in mind that the substance of it may be communicated to others as part of the Consultation Report and may be publicly available.
19. Personal details will be held securely and solely for purposes in connection with the statutory consultation, DCO process and further development of Great North Road Solar and Biodiversity Park. Outside of these purposes the Applicant may be required to provide personal details if the Planning Inspectorate requests original responses. Otherwise, personal details will not be disclosed to any third parties. For further details please see the Applicant's Privacy Policy on their website ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)). A copy of the privacy policy can be provided upon request at the contact details below.

### COUNCIL TO LOOK AT PARKING PROBLEMS

# Bid to ease match-day car misery

### Bingham a foodie hotspot

PAGES 10&11

By JOEL MOORE

LOST business, blocked driveways and confrontations with "shirty" drivers are some of the problems facing people who live and work close to Nottingham Forest's City Ground.

But hope has been offered by roads authority Nottinghamshire County Council, which says it will look into the problem of match-day parking around the ground.

PAGE 2

Homes and businesses around the City Ground are suffering problems with match-day parking

## Section 48 of the Planning Act 2008

Notice publicising a proposed application for a Development Consent Order (“DCO”) to authorise a new solar photovoltaic (PV) electricity generating station (“Great North Road Solar and Biodiversity Park”) on land located to the north-west of Newark-on-Trent, the west of the A1, north of the A617, east of Eakring, and south of Egmanton, occupying two main areas to the north and north-west of Staythorpe.

### Regulation 4 Infrastructure Planning (Applications Prescribed Forms and Procedure) Regulations 2009.

1. Notice is hereby given that Elements Green Trent Ltd (Company Number 13665771), whose registered office is 1 Half Moon Street, London, United Kingdom, W1J 7AY (“the Applicant”), proposes to apply to the Secretary of State for Energy Security and Net Zero under section 37 of the Planning Act 2008 for the above-mentioned Development Consent Order (the “Application”).

2. When built, Great North Road Solar and Biodiversity Park would have an anticipated solar electricity generation capacity of approximately 1,120 megawatts (MW) Direct Current (DC) / 800 MW Alternating Current (AC), to be connected into the existing National Grid Staythorpe Substation. In doing so, the scheme has the potential to provide enough clean, affordable energy to meet the power needs of approximately 400,000 homes while avoiding more than 250,000 tonnes of CO<sub>2</sub> emissions every year.

3. The proposed DCO will, among other things, authorise:
- Construction, operation, maintenance and decommissioning of a solar PV electricity generating station with a capacity of over 50 MW;
  - Associated and/or ancillary works including the construction of an energy storage facility, grid connection infrastructure including onsite substations and underground cabling linking the intermediate substations to the main grid connection point at the National Grid Staythorpe Substation, landscaping, biodiversity and mitigation areas, access tracks, construction facilities, and the creation of permissive paths;
  - The permanent compulsory acquisition (if required) of land and/or rights;
  - The temporary possession of land;
  - The overriding of easements and other rights over or affecting land;
  - The application and/or disapplication of legislation; and
  - Such ancillary, incidental and consequential provisions, licenses, property rights, permits and consents as are necessary and/or convenient.

4. The Project is an Environmental Impact Assessment (EIA) development for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works involved constitute development for which an EIA is required and the proposed application for a DCO will therefore be accompanied by an Environmental Statement (ES). The Environmental Statement will provide a detailed description of Great North Road Solar and Biodiversity Park and its likely significant environmental impacts. Information compiled to date about Great North Road Solar and Biodiversity Park’s likely significant effects will be set out in a Preliminary Environmental Information Report (PEIR) and will also be made available for consultation.

### Accessing consultation documents

5. The Applicant is undertaking a phase of consultation on the proposals for Great North Road Solar and Biodiversity Park between Thursday 09 January and Thursday 20 February 2025.

6. The consultation materials comprise a PEIR, a Non-Technical Summary of the PEIR, a draft DCO, Central Booklet which explains the consultation process and summarises the details of Great North Road Solar and Biodiversity Park including plans and maps showing the nature and location of the proposed DCO, and a Feedback Form inviting comments.

7. These consultation materials will be available free-of-charge on the Applicant’s website in the document library ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)) to read, download and print between Thursday 09 January and Thursday 20 February 2025.

8. Consultation materials will also be provided in paper copy or on USB by request to the Applicant (contact details provided below). Please note that a reasonable charge up to £500 may apply to providing printed copies of the PEIR.

9. Consultation materials can also be made available by request in alternative formats, such as large print, translated language, audio or braille, by contacting the Applicant using the details below.

10. Copies of consultation materials (excluding the PEIR) will also be available to view in person between Thursday 09 January and Thursday 20 February 2025 at the following public venues in the vicinity of Great North Road Solar and Biodiversity Park. Please note that opening times have been checked, but they are dependent on the venue itself and may be subject to change.

| Venue   | Opening hours  |
|---|--|
| <b>Newark and Sherwood District Council Offices,</b><br>Castle House, Great North Road, Newark, Nottinghamshire, NG24 1BY | <b>Monday to Friday:</b> 9am - 5pm   |
| <b>Southwell Library,</b><br>The Bramley Centre, King St, Southwell, NG25 0EH   | <b>Monday:</b> 9am - 6pm<br><b>Tuesday, Wednesday and Friday:</b> 9am - 5pm<br><b>Thursday:</b> 9am - 1pm<br><b>Saturday:</b> 9am - 3pm<br><b>Sunday:</b> 11am - 3pm |
| <b>Newark Library,</b><br>Beaumont Gardens, Balderton Gate, Newark NG24 1UW   | <b>Monday, Wednesday:</b> 9am - 6:30pm<br><b>Tuesday, Thursday, Friday:</b> 9am - 6pm<br><b>Saturday:</b> 9am - 4pm  |
| <b>Ollerton Library,</b><br>Forest Rd, New Ollerton, Newark NG22 9PL  | <b>Monday, Friday:</b> 9am - 1pm, 1:30pm - 5:30pm<br><b>Tuesday:</b> 9am - 1pm<br><b>Wednesday:</b> 2pm - 5:30pm<br><b>Saturday:</b> 9am - 12:30pm                   |

11. The Applicant will host public information events to provide opportunities to view the relevant documentation and speak with members of the project team. The details of the events are as follows:

| Location   | Date & Time                                   |
|--|---|
| <b>Maplebeck Village Hall</b><br>Main Street, Maplebeck, Newark, NG22 0BS                                      | <b>Thursday 23rd January</b><br>2pm – 7:30pm  |
| <b>Sutton on Trent Sports Club</b><br>Grassthorne Road, Sutton on Trent, Newark, NG23 6QX                      | <b>Friday 24th January</b><br>2pm – 7.30pm    |
| <b>North Muskham Rural Community Centre</b><br>North Muskham, Newark, NG23 6HL                                 | <b>Saturday 25th January</b><br>11am – 3pm    |

| <b>Carlton on Trent Village Hall</b><br>Main Street, Carlton-on-Trent, Newark, NG23 6NW                        | <b>Friday 31st January</b><br>2pm – 7:30pm    |
| <b>Eakring Cator Hall</b><br>Kirklington Road, Eakring, Newark, NG22 0DA                                       | <b>Tuesday 4th February</b><br>2pm – 6:30pm   |
| <b>Newark Town Hall</b><br>Newark, Nottinghamshire, NG24 1DU   | <b>Wednesday 5th February</b><br>11am – 3pm   |
| <b>Online Community Webinar</b><br>Please contact the Applicant or visit the website for joining instructions. | <b>Monday 10th February</b><br>5:30pm – 7pm   |

12. These public information events offer an opportunity to find out more about the Applicant’s updated proposals. Attendees do not need to register in advance to attend in-person events.

13. Attendees can register to attend the online community webinar by visiting the Applicant’s website or contacting the Applicant directly.

### Responding to the consultation

14. Feedback can be provided through the Applicant’s website ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)), where an online feedback form will be clearly linked.

15. Hard copy feedback forms will be available to collect at the aforementioned public information events and public venues, to download from the Applicant’s website, and can be issued upon request to the contact details below. Completed feedback forms can be emailed or posted back to the Applicant at the details provided below or submitted at the public information events.

16. Any written responses can be sent to the Applicant by email to [info@gnrsolarpark.co.uk](mailto:info@gnrsolarpark.co.uk) or by post to FREEPOST GNR SOLAR.

17. Any response or representation in respect of the proposed DCO must (i) be received by the Applicant on or before Thursday 20 February, (ii) be made in writing, (iii) state the grounds of the response or representation, and (iv) indicate who is making the response or representation.

18. The Applicant will consider and have regard to all responses received during this time before submitting its application for a DCO. Responses and representations will form the basis of a Consultation Report that will be one of the factors taken into consideration by the Planning Inspectorate when deciding whether the Application can be accepted for examination. Therefore, in providing any comment, it should be borne in mind that the substance of it may be communicated to others as part of the Consultation Report and may be publicly available.

19. Personal details will be held securely and solely for purposes in connection with the statutory consultation, DCO process and further development of Great North Road Solar and Biodiversity Park. Outside of these purposes the Applicant may be required to provide personal details if the Planning Inspectorate requests original responses. Otherwise, personal details will not be disclosed to any third parties. For further details please see the Applicant’s Privacy Policy on their website ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)). A copy of the privacy policy can be provided upon request at the contact details below.

### Contacting the Applicant

TURNOVER UP BUT FAMOUS BIKE MAKER HIT BY HUGE COSTS

# £30m loss for Raleigh

By JOSHUA HARTLEY

RALEIGH, once the world's largest bicycle maker, has suffered a huge £30 million loss, despite making job cuts.

The Eastwood-based company's accounts have revealed a pre-tax loss of £30.1 million for

2023, following a £6.8 million loss in 2022.

The company, which had in the past been one of Nottingham's industrial titans alongside Boots and Player's cigarettes, managed to increase its turnover from £55.7 million to £57.7 million in 2023.

However, this modest boost was wiped out by huge increases in expenditure, according to documents submitted to Companies House. While the cost of selling its goods rose by more than six million pounds, the biggest cost in 2023 was a £33.1 million bill for administrative expenses - which

was almost double the £16.8m bill from 2022.

Raleigh's financial statements revealed its workforce had shrunk from 163 people in 2022 to 130 in 2023. In 2022, it employed 144 sales and marketing staff and 19

# Great North Road Solar Park and Biodiversity Park

## Section 48 of the Planning Act 2008

Notice publicising a proposed application for a Development Consent Order (“DCO”) to authorise a new solar photovoltaic (PV) electricity generating station (“Great North Road Solar and Biodiversity Park”) on land located to the north-west of Newark-on-Trent, the west of the A1, north of the A617, east of Eakring, and south of Egmannton, occupying two main areas to the north and north-west of Staythorpe.

### Regulation 4 Infrastructure Planning (Applications Prescribed Forms and Procedure) Regulations 2009.

1. Notice is hereby given that Elements Green Trent Ltd (Company Number 13665771), whose registered office is 1 Half Moon Street, London, United Kingdom, W1J 7AY (“the Applicant”), proposes to apply to the Secretary of State for Energy Security and Net Zero under section 37 of the Planning Act 2008 for the above-mentioned Development Consent Order (the “Application”).

2. When built, Great North Road Solar and Biodiversity Park would have an anticipated solar electricity generation capacity of approximately 1,120 megawatts (MW) Direct Current (DC) / 800 MW Alternating Current (AC), to be connected into the existing National Grid Staythorpe Substation. In doing so, the scheme has the potential to provide enough clean, affordable energy to meet the power needs of approximately 400,000 homes while avoiding more than 250,000 tonnes of CO<sub>2</sub> emissions every year.

3. The proposed DCO will, among other things, authorise:
- Construction, operation, maintenance and decommissioning of a solar PV electricity generating station with a capacity of over 50 MW;
  - Associated and/or ancillary works including the construction of an energy storage facility, grid connection infrastructure including onsite substations and underground cabling linking the intermediate substations to the main grid connection point at the National Grid Staythorpe Substation, landscaping, biodiversity and mitigation areas, access tracks, construction facilities, and the creation of permissive paths;
  - The permanent compulsory acquisition (if required) of land and/or rights;
  - The temporary possession of land;
  - The overriding of easements and other rights over or affecting land;
  - The application and/or disapplication of legislation; and
  - Such ancillary, incidental and consequential provisions, licenses, property rights, permits and consents as are necessary and/or convenient.

4. The Project is an Environmental Impact Assessment (EIA) development for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works involved constitute development for which an EIA is required and the proposed application for a DCO will therefore be accompanied by an Environmental Statement (ES). The Environmental Statement will provide a detailed description of Great North Road Solar and Biodiversity Park and its likely significant environmental impacts. Information compiled to date about Great North Road Solar and Biodiversity Park's likely significant effects will be set out in a Preliminary Environmental Information Report (PEIR) and will also be made available for consultation.

### Accessing consultation documents

5. The Applicant is undertaking a phase of consultation on the proposals for Great North Road Solar and Biodiversity Park between Thursday 09 January and Thursday 20 February 2025.

6. The consultation materials comprise a PEIR, a Non-Technical Summary of the PEIR, a draft DCO, Central Booklet which explains the consultation process and summarises the details of Great North Road Solar and Biodiversity Park including plans and maps showing the nature and location of the proposed DCO, and a Feedback Form inviting comments.

7. These consultation materials will be available free-of-charge on the Applicant's website in the document library ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)) to read, download and print between Thursday 09 January and Thursday 20 February 2025.

8. Consultation materials will also be provided in paper copy or on USB by request to the Applicant (contact details provided below). Please note that a reasonable charge up to £500 may apply to providing printed copies of the PEIR.

9. Consultation materials can also be made available by request in alternative formats, such as large print, translated language, audio or braille, by contacting the Applicant using the details below.

10. Copies of consultation materials (excluding the PEIR) will also be available to view in person between Thursday 09 January and Thursday 20 February 2025 at the following public venues in the vicinity of Great North Road Solar and Biodiversity Park. Please note that opening times have been checked, but they are dependent on the venue itself and may be subject to change.

| Venue   | Opening hours  |
|---|--|

| <b>Eakring Cator Hall</b><br>Kirklington Road, Eakring, Newark, NG22 0DA                                       | <b>Tuesday 4th February</b><br>2pm – 6:30pm   |
| <b>Newark Town Hall</b><br>Newark, Nottinghamshire, NG24 1DU   | <b>Wednesday 5th February</b><br>11am – 3pm   |
| <b>Online Community Webinar</b><br>Please contact the Applicant or visit the website for joining instructions. | <b>Monday 10th February</b><br>5:30pm – 7pm   |

12. These public information events offer an opportunity to find out more about the Applicant's updated proposals. Attendees do not need to register in advance to attend in-person events.

13. Attendees can register to attend the online community webinar by visiting the Applicant's website or contacting the Applicant directly.

### Responding to the consultation

14. Feedback can be provided through the Applicant's website ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)), where an online feedback form will be clearly linked.

15. Hard copy feedback forms will be available to collect at the aforementioned public information events and public venues, to download from the Applicant's website, and can be issued upon request to the contact details below. Completed feedback forms can be emailed or posted back to the Applicant at the details provided below or submitted at the public information events.

16. Any written responses can be sent to the Applicant by email to [info@gnrsolarpark.co.uk](mailto:info@gnrsolarpark.co.uk) or by post to FREEPOST GNR SOLAR.

17. Any response or representation in respect of the proposed DCO must (i) be received by the Applicant on or before Thursday 20 February, (ii) be made in writing, (iii) state the grounds of the response or representation, and (iv) indicate who is making the response or representation.

18. The Applicant will consider and have regard to all responses received during this time before submitting its application for a DCO. Responses and representations will form the basis of a Consultation Report that will be one of the factors taken into consideration by the Planning Inspectorate when deciding whether the Application can be accepted for examination. Therefore, in providing any comment, it should be borne in mind that the substance of it may be communicated to others as part of the Consultation Report and may be publicly available.

19. Personal details will be held securely and solely for purposes in connection with the statutory consultation, DCO process and further development of Great North Road Solar and Biodiversity Park. Outside of these purposes the Applicant may be required to provide personal details if the Planning Inspectorate requests original responses. Otherwise, personal details will not be disclosed to any third parties. For further details please see the Applicant's Privacy Policy on their website ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)). A copy of the privacy policy can be provided upon request at the contact details below.

### Contacting the Applicant

20. The Applicant can be contacted by:
- Emailing: **[info@gnrsolarpark.co.uk](mailto:info@gnrsolarpark.co.uk)**
  - Writing to: **FREEPOST GNR SOLAR**
  - Calling: **0808 175 4054** (open 09:00-17:00, Monday-Friday. A voicemail service will operate for out of office hours)

Completed feedback forms can be emailed or posted back to the Applicant at the details provided below or submitted at the public information events.

16. Any written responses can be sent to the Applicant by email to [info@gnrsolarpark.co.uk](mailto:info@gnrsolarpark.co.uk) or by post to FREEPOST GNR SOLAR.

17. Any response or representation in respect of the proposed DCO must (i) be received by the Applicant on or before Thursday 20 February, (ii) be made in writing, (iii) state the grounds of the response or representation, and (iv) indicate who is making the response or representation.

18. The Applicant will consider and have regard to all responses received during this time before submitting its application for a DCO. Responses and representations will form the basis of a Consultation Report that will be one of the factors taken into consideration by the Planning Inspectorate when deciding whether the Application can be accepted for examination. Therefore, in providing any comment, it should be borne in mind that the substance of it may be communicated to others as part of the Consultation Report and may be publicly available.

19. Personal details will be held securely and solely for purposes in connection with the statutory consultation, DCO process and further development of Great North Road Solar and Biodiversity Park. Outside of these purposes the Applicant may be required to provide personal details if the Planning Inspectorate requests original responses. Otherwise, personal details will not be disclosed to any third parties. For further details please see the Applicant's Privacy Policy on their website ([www.gnrsolarpark.co.uk](http://www.gnrsolarpark.co.uk)). A copy of the privacy policy can be provided upon request at the contact details below.
