

With regard to the Preliminary Meeting and Issue Specific Hearings for the GNSP application (the 'Rule 6' letter) on 26th and 27th November 2025.

With regard to Item 3 "Initial assessment of principal issues – annex C to Rule 6 Letter" of the PM agenda. I agree with all the issues listed in Annex C however one issue has been missed and that is COST. I therefore request that the further principal issue of Cost Benefit for Newark and Sherwood Households and Businesses is added to Annex C and topics for issue specific hearings.
