A2.1.1	Cumulatives Assessment – Stages 1 and 2.....	2
---------------	---	----------

A2.1.1 CUMULATIVES ASSESSMENT – STAGES 1 AND 2

- 1 The process for assessing potential cumulative effects is set out in ES Chapter 2, Environmental Impact Assessment [EN010162/APP/6.2.2]. Table A2.1.1 sets out the assessment of sites for potential inclusion in the cumulative effects assessment, comprising stages 1 and 2 of the process. The sites for inclusion in the cumulative effects assessment are shown on Figure A2.1.1 at the end of this document.
- 2 Note that, in Table A2.1.1, the distance between the cumulative development and the Development is quoted as the “distance from Order Limits at PEIR stage” because the analysis of cumulative sites was carried out prior to changes to the Order Limits. This is a worst-case approach, because the Order Limits at PEIR stage were the same as, or extended further than, the final Order Limits, in all but one case. The one case is the extensions to the final Order Limits along Moorhouse and Weston Road and along Ossington Lane, which are included in the Order Limits for construction access (including passing places) only. These activities do not have the potential to lead to significant cumulative effects and hence the PEIR-stage Order Limits represent a worst-case scenario for identifying cumulative developments to carry forward to stage 3 and 4 of the cumulative effects assessment.
- 3 In addition to the developments listed below, Section 2.3.8.3 of ES Chapter 2, EIA [EN010162/APP/6.2.2], “Works Related to the Development”, describes developments in the vicinity of the Order Limits that are proposed as part of the community benefit package for the Development. These relate to flood alleviation measures and are taken forward to the cumulative assessment stage 3 and 4 in ES Chapter 9, Water Resources [EN010162/APP/6.2.9] only.

Table A2.1.1 – Cumulative Effects Assessment Stages 1 and 2

ID	Application Reference and Planning Authority	Applicant for 'other development' and brief description	Distance from Order Limits at PEIR stage	Status	Tier	Within ZOI?	Progress to Stage 2?	Overlap in temporal scope?	Scale and nature of development likely to have a significant effect?	Other factors	Progress to Stage 3/4?
1	24/00086/DCO Secretary of State	Staythorpe CCS Forthcoming Section 36c variation (under the Electricity Act 1989 to be submitted to the Secretary of State) for the installation of technology which is designed to remove carbon dioxide from the flue gas produced from the electricity generating process	0.00	No results found	1	Socio-Economic / Air Quality / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Glint and Glare / Land contamination / Noise and Vibration / Landscape	Yes	Yes (operation, potentially construction)	Operation will be an underground pipeline - no impacts. Construction phase could overlap (traffic impacts). Visualisations produced for consultation purposes suggest there would be large towers as part of the carbon capture plant, which would have substantial visual impact		Yes
2	21/01678/S36ELE Secretary of State	Staythorpe Power Station Application for a variation of Section 36C of the Electrical Act 1989 to authorise the operation of Staythorpe Power Station at an increased electrical capacity of up to 1,850MW, in accordance with the Electricity Generating Stations (Variation of Consents) (England and Wales) Regulations 2013 Staythorpe Power Station Staythorpe Road Staythorpe Newark On Trent NG23 5PS	0.00	No objection - 07/09/2021	1	Socio-Economic / Air Quality / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Glint and Glare / Land contamination / Noise and Vibration / Landscape	Yes	Yes (operation, potentially construction)	No, no changes proposed to any external aspect. Noise limits would remain as previously. No significant impacts on air quality (according to the EHO).		No
3	TR010065 Secretary of State	DCO - National Highways - A46 Bypass The scheme comprises on-line widening, to the north of the existing route, for most of its length between Farndon roundabout and the A1 followed by a new section of offline dual carriageway proposed between the A1 and Winthorpe roundabout, where the new dual carriageway ties into the existing A46 to the west of Winthorpe roundabout. The widening works include earthwork widening along the existing embankments, and new structures where the route crosses the Nottingham to Lincoln and East Coast main railway lines, River Trent and the A1. The roundabouts at Farndon and Winthorpe will	1.24	DCO application submitted	2	Socio-Economic / Air Quality / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Land contamination	Yes	Yes (operation, potentially construction)	Yes, major transport infrastructure works overlapping with Development construction traffic route		Yes

ID	Application Reference and Planning Authority	Applicant for 'other development' and brief description	Distance from Order Limits at PEIR stage	Status	Tier	Within ZOI?	Progress to Stage 2?	Overlap in temporal scope?	Scale and nature of development likely to have a significant effect?	Other factors	Progress to Stage 3/4?
		be enlarged and partially signalised, while the Cattle Market roundabout will be grade separated by elevating the A46. Access to the A1 to / from A46 will also be improved by upgrading the Brownhill and Friendly Farmer roundabouts.									
4	EN010159 Secretary of State	DCO - One Earth Solar Farm The project comprises the construction of a Solar Farm and collated Battery Energy Storage System (BESS) that would allow for the generation, export and storage of electricity exceeding 50 MW. The project include works to facilitate the construction, operation, maintenance and decommissioning of a solar photovoltaic (PV) array electricity generating facility and BESS including PV modules and mounting structures, on-site supporting equipment including inverters, transformers and switchgears, on-site substations and underground cabling to connect to the National Grid substation, associated infrastructure including fencing, drainage and storage containers and biodiversity and landscaping enhancement measures, together with temporary development during the construction phase.	2.36	DCO application submitted Examination closed 8/01/2026	2	Socio-economic / Landscape / Ecology / Water resources / Heritage	Yes	Yes (operation, potentially construction)	Large solar farm, potential cumulative effects on socio-economics, through the availability of short-term accommodation for construction workers, and landscape/visual receptors potentially.		Yes
5	EN010154 Secretary of State	DCO - Fosse Green Energy Limited - Solar Generating station with an anticipated capacity in excess of 50MW comprising the installation of solar photovoltaic panels, associated electrical equipment, cabling and on-site energy storage facilities together with grid connection infrastructure for the construction, operation, maintenance and decommissioning of the Fosse Green Energy scheme.	8.58	DCO - pre-application	2	Socio-economic / Landscape / Ecology / Water resources / Heritage	Yes	Yes (operation, potentially construction)	Large solar farm, potential cumulative effects on socio-economics, through the availability of short-term accommodation for construction workers, and landscape, ecology, water resources and heritage only. <u>Outside the ZOI for other topics.</u>		Yes, for socio-economic, landscape, ecology, water resources and heritage <u>only cumulative assessment, and for agricultural land use change calculations.</u>

ID	Application Reference and Planning Authority	Applicant for 'other development' and brief description	Distance from Order Limits at PEIR stage	Status	Tier	Within ZOI?	Progress to Stage 2?	Overlap in temporal scope?	Scale and nature of development likely to have a significant effect?	Other factors	Progress to Stage 3/4?
6	24/SCO/00002 Secretary of State	Steeple Renewables Scoping opinion request for an Order granting Development Consent for the Steeple Renewables Project. Full details are available at https://national-infrastructure-consenting.planninginspectorate.gov.uk/projects/EN010163	15.00	Objection Raised - 21/05/24	1	No	No Yes	Yes	No, because it is outside the area of search which is defined by the zones of influence for each environmental aspect. However, this project has been included in order to evaluate the cumulative change in use of agricultural land, as presented in ES Chapter 17, Agricultural Land (Document Reference 6.2.17)		Yes, but only for agricultural land use change calculations.
7	22/01840/FULM Newark and Sherwood	Staythorpe BESS Construction of Battery Energy Storage System and associated infrastructure. Land South Of Staythorpe Road Staythorpe	0.00	Refused - 07/07/2023 Appeal allowed Under construction	1	Socio-Economic / Air Quality / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Glint and Glare / Land contamination / Noise and Vibration / Landscape	Yes	Yes (operation, potentially construction)	Potentially - similar development type, adjacent to overlapping the OLS. The Staythorpe BESS battery units and other infrastructure, although within the OLS, would not be affected by the works proposed (Work no. 7) for the Development.	Consented	Yes - include operational phase in baseline
8	24/01261/FULM Newark and Sherwood	Staythorpe BESS Connection Infrastructure associated with the connection of battery energy storage system to National Grid Staythorpe Electricity Substation and associated works. See also 22/01840/FULM	0.00	Approved - December 2024	1	Socio-Economic / Air Quality / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Glint and Glare / Land contamination / Noise and Vibration / Landscape	Yes	Yes (operation, potentially construction)	Cabling, within the OLS.		Yes
9	23/00317/FULM Newark and Sherwood	SSE BESS Construction and operation of Battery Energy Storage System (BESS), transformer/sub-station and associated infrastructure.	0.00	Awaiting determination (as of 30/10/20)	1	Socio-Economic / Air Quality / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Glint and Glare / Land contamination /	Yes	Yes (operation, potentially construction)	Potentially - similar development type, adjacent to OLS	Awaiting determination	Yes

ID	Application Reference and Planning Authority	Applicant for 'other development' and brief description	Distance from Order Limits at PEIR stage	Status	Tier	Within ZOI?	Progress to Stage 2?	Overlap in temporal scope?	Scale and nature of development likely to have a significant effect?	Other factors	Progress to Stage 3/4?
		Land Off Staythorpe Road Averham		24 ²⁴ Approved at appeal		Noise and Vibration / Landscape					
10	23/00810/FULM Newark and Sherwood	SSE BESS Connection Laying of an underground cable run linking Battery Energy Storage System to Grid Connection Point at Staythorpe Substation. Land Adjacent Staythorpe Substation Staythorpe Road Staythorpe	0.00	Approved - 20/06/2024	1	Socio-Economic / Air Quality / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Glint and Glare / Land contamination / Noise and Vibration / Landscape	Yes	Yes (operation, potentially construction)	500m of underground cable - no potential during operation. During construction, if road closures/works, could have cumulative effects	Construction timing and extent of road disruption unknown	Yes
11	20/02501/FULM Newark and Sherwood	Winkburn Solar Farm Installation and operation of a Solar Farm together with all associated works, equipment and necessary infrastructure Land At Winkburn Lane Winkburn	1.20	Approved - 20/05/2021	1	Air Quality / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Glint and Glare / Land contamination / Noise and Vibration / Landscape	Yes	Yes (operation, potentially construction)	32 MW solar farm, 1.5 km SW of the OLS	Not constructed yet	Yes
12	22/01782/FULM Newark and Sherwood	Winkburn Solar Farm connection Construction of underground electricity cables, substation and associated infrastructure to connect Winkburn Solar Farm to the grid, with access from Caunton Road Land At Winkburn Lane Winkburn	0.00	Approved - 22/12/2022	1	Socio-Economic / Air Quality / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Glint and Glare / Land contamination / Noise and Vibration / Landscape	No ^{Yes}	Yes (operation, potentially construction)	No. Cabling only, minor construction works and 250m from the OLS, the other side of Mather Wood.		No
13	22/01781/FULM Newark and Sherwood	Major energy development Winkburn BESS Battery storage facility with associated ancillary infrastructure, access and boundary treatments. Land At Winkburn Lane Winkburn	1.20	Approved - 19/12/2022	1	Socio-Economic / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Landscape	Yes	Yes (operation, potentially construction)	4 no. battery blocks and 4 no. power conversion systems only. Very minor construction project, not overlapping with Development construction routes, very localised operational phase impacts.		No
14	22/00976/FULM	Muskham Wood Solar Park Construction of a solar farm, access and all	0.00	Consented at	1	Socio-Economic / Air Quality / Ecology, Hydrology, Heritage,	Yes	Yes (operation, potentially construction)	Potentially - similar development type, adjacent to Ols	Awaiting appeal decision	Yes

²⁴The decision notice for this, granting consent, was issued on 14th May 2025, after the cut-off date for changes to the cumulative developments being considered in the EIA.

ID	Application Reference and Planning Authority	Applicant for 'other development' and brief description	Distance from Order Limits at PEIR stage	Status	Tier	Within ZOI?	Progress to Stage 2?	Overlap in temporal scope?	Scale and nature of development likely to have a significant effect?	Other factors	Progress to Stage 3/4?
	Newark and Sherwood	associated works, equipment and necessary infrastructure. Field Reference Number 2227 Hockerton Road Caunton		appeal, April 2025		Recreation, Traffic and Transport / Glint and Glare / Land contamination / Noise and Vibration / Landscape					
15	22/00975/FULM Newark and Sherwood	Knapthorpe Solar Park Construction of a solar farm, access and all associated works, equipment and necessary infrastructure. Land At Knapthorpe Lodge Hockerton Road Caunton	0.00	Consented at appeal, April 2025	1	Socio-Economic / Air Quality / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Glint and Glare / Land contamination / Noise and Vibration / Landscape	Yes	Yes (operation, potentially construction)	Potentially - similar development type, adjacent to OLS	Awaiting appeal decision	Yes
16	23/01837/FULM Newark and Sherwood	Energy development Kelham Solar Farm Proposed ground mounted photo voltaic solar farm and battery energy storage system with associated equipment, infrastructure, grid connection and ancillary work. Land To The West Of Main Street Kelham	0.00	Refused, as of 05/05/2025, but with a possibility of appeal Consented at appeal	1	Socio-Economic / Air Quality / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Glint and Glare / Land contamination / Noise and Vibration / Landscape	Yes	Yes (operation, potentially construction)	Potentially - similar development type, adjacent to OLS	Awaiting determination	Yes
17	22/01983/FULM Newark and Sherwood	Energy development Foxholes Solar Farm Construction of Solar farm with associated works, equipment and necessary infrastructure. Land At Foxholes Farm Bathley Lane North Muskham	0.02	Awaiting determination (as of 30/10/2024)	1	Socio-Economic / Air Quality / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Glint and Glare / Land contamination / Noise and Vibration / Landscape	Yes	Yes (operation, potentially construction)	Potentially - similar development type, adjacent to OLS	Awaiting determination	Yes
18	21/01577/FULM Newark and Sherwood	Major energy development Tuxford Solar Farm Installation of a solar farm and battery storage facility with associated infrastructure. Land Off Hawbush Road Weston	0.60	Approved - 16/12/2021	1	Socio-Economic / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Noise and Vibration / Landscape	Yes	Yes (operation, potentially construction)	49.9 MW solar and BESS. Grid connection to the east (away from the OLS). Appear, from planning documents, not to have started construction yet		Yes

ID	Application Reference and Planning Authority	Applicant for 'other development' and brief description	Distance from Order Limits at PEIR stage	Status	Tier	Within ZOI?	Progress to Stage 2?	Overlap in temporal scope?	Scale and nature of development likely to have a significant effect?	Other factors	Progress to Stage 3/4?
19	22/00732/S73M Newark and Sherwood	Major energy development Variation of conditions 2, 14 and 17 attached to planning permission 20/01432/S73M to amend the approved plans for changes to the dimension and layout of the DNO substation, equipment customer substation, storage and monitoring building and switchgear substation and transformers, 3 more CCTV Solar Farm The Grange Cotham Lane Hawton	4.50	Approved - 08/11/2022	1	Socio-Economic / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport	Yes	Yes (operation, potentially construction)	Existing solar farm at c. 5 km from OLs, further from proposed solar development and on the other side of Newark. No potential for the S73 application works to have cumulative effects. Solar farm could, theoretically, but not significant at this distance		No
20	22/00065/FUL Newark and Sherwood	Energy development Installation and operation of containerised gas-fired standby electricity generation facility and ancillary infrastructure (revised proposal to planning permission ref. 20/01220/FUL Newark Power Generation Plant Bowbridge Lane Balderton Newark On Trent NG24 3BY	4.40	Approved - 13/04/2022	1	Ecology, Hydrology, Heritage, Recreation, Traffic and Transport	Yes	Yes (operation, potentially construction)	No. Small gas peaking plant the other side of Newark - no potential for appreciable cumulative effects, given the nature of the development and distance, including construction traffic		No
21	24/SCO/00004 Newark and Sherwood	EIA (Scoping) Environmental Impact Assessment (EIA) Scoping Opinion request for Land Off Sleaford Road Coddington	3.40	Application Closed - 12/07/24	3	Socio-Economic / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Landscape	No - only the Council's ecology response is available, no further information				
22	24/SCR/00004 Newark and Sherwood	EIA Required - Major employment development Request for EIA Screening opinion for an Employment Development on land to the East and South of Newlink Business Park in connection with Pre application PREAPM/00075/24 Land Off Sleaford Road Coddington Nottinghamshire	3.40	EIA required - 16/04/2024	1	Socio-Economic / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Landscape	No - not an application for development				
23	22/00246/FUL Newark and Sherwood	Energy Erection of 33 solar panels and associated shed Top Farm Copper Hill Grassthorpe	2.10	Approved - 28/03/22	1	Ecology, Hydrology, Heritage, Recreation, Traffic and Transport	Yes	Yes (operation, potentially construction)	No, very small scale solar at 2km from the OLs.		No

ID	Application Reference and Planning Authority	Applicant for 'other development' and brief description	Distance from Order Limits at PEIR stage	Status	Tier	Within ZOI?	Progress to Stage 2?	Overlap in temporal scope?	Scale and nature of development likely to have a significant effect?	Other factors	Progress to Stage 3/4?
24	21/02496/CPRIOR Newark and Sherwood	Energy Installation of 158 solar modules and 1 core inverter, MKM Building Supplies Ltd Stephenson Way Newark	3.00	Prior Approval not required - 30/12/21	1	Ecology, Hydrology, Heritage, Recreation, Traffic and Transport	Yes	Yes (operation, potentially construction)	No, small-scale roof-mounted solar in industrial area to the north east of Newark near the A1, with no overlap in construction traffic routes.		No
25	22/02334/FUL Newark and Sherwood	Energy Installation of 16 ground mounted solar panels, Land At Highfields Station Road Kirklington	4.00	Approved - 27/01/23	1	Ecology, Hydrology, Heritage, Recreation, Traffic and Transport	Yes	Yes (operation, potentially construction)	No, very small scale solar at 4km from the OLS.		No
26	21/00985/CPRIOR Newark and Sherwood	Energy Installation of 40 solar panels, Coronation Hall Moor Lane South Clifton Newark	5.80	Approved - 17/06/21	1	No	No No. Outside ZOI and too small to have potential cumulative effects.				
27	23/02205/FUL Newark and Sherwood	Energy Installation of ground mount solar PV system extension comprising of 44 x Canadian Solar 410w modules, Hilltop Farm Balderton Lane Coddington	5.40	Approved - 11/04/24	1	No	No No. Outside ZOI and too small to have potential cumulative effects.				
28	23/00236/FUL Newark and Sherwood	Energy Proposed ground mounted 25.5kW solar PV system comprising of 68 x Canadian Solar 375w modules, Greenacres Greaves Lane Edingley	6.00	Approved - 03/04/23	1	No	Yes	Yes (operation, potentially construction)	No, very small scale solar at 2km from the OLS.		No
29	23/01913/FUL Newark and Sherwood	Energy development Battery Energy Storage System (BESS) including ancillary works and access arrangements. Land At The Scrapyard Bowbridge Lane Balderton Newark On Trent NG24 3BY	4.30	Approved - 13/08/2024	1	Ecology, Hydrology, Heritage, Recreation, Traffic and Transport	Yes	Yes (operation, potentially construction)	No. Small battery site the other side of Newark - no potential for appreciable cumulative effects, including construction traffic		No
30	24/00885/LDCP Newark and Sherwood	Energy Installation of 16 solar panels, Boletes Church Lane Morton	3.30	Certificate Issued - 14/06/24	1	Ecology, Hydrology, Heritage, Recreation, Traffic and Transport	Yes	Yes (operation, potentially construction)	No, very small scale solar at 2km from the OLS.		No

ID	Application Reference and Planning Authority	Applicant for 'other development' and brief description	Distance from Order Limits at PEIR stage	Status	Tier	Within ZOI?	Progress to Stage 2?	Overlap in temporal scope?	Scale and nature of development likely to have a significant effect?	Other factors	Progress to Stage 3/4?
31	22/02266/FUL Newark and Sherwood	Energy Proposed ground mounted solar PV array [32 solar PV panels]. Oaklands Farm Mill Lane South Clifton Newark	5.60	Approved - 23/03/23	1	No	No. Outside ZOI and too small to have potential cumulative effects.				
32	22/00424/OUTM Newark and Sherwood	Major commercial and industrial development Creation of flexible commercial/industrial units (Use Class E(g)(iii), B2, B8) and provision of allotments Bilsthorpe Business Park Eakring Road Bilsthorpe Nottinghamshire NG22 8ST	2.30	Refused - 07/07/2023 Appeal dismissed	3	Socio-Economic / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Landscape	No - refused				
33	22/00918/FULM Newark and Sherwood	Major commercial development Alterations to existing Builders Merchant premises including demolition of ancillary buildings, Extension to existing Trade Shop, New build Kitchen & Bathroom Showroom, and associated yard works including a secure storage area and car parking. Turnbull Builders Merchant Northern Road Newark On Trent NG24 2EU	2.40	Approved - 12/09/2022	1	Socio-Economic / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Landscape	Yes	Yes (operation, potentially construction)	No - works within existing industrial/commercial park to the east of Newark, won't lead to traffic or other effects substantially above baseline levels		No
34	23/01121/NMA Newark and Sherwood	Major commercial development Application for non material amendment to revise phasing of works attached to planning permission 19/01307/S73M. The Renaissance At Kelham Hall Main Road Kelham Newark On Trent NG23 5QX	0.01	Approved - 07/07/2023	1	Socio-Economic / Air Quality / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Glint and Glare / Land contamination / Noise and Vibration / Landscape	Yes	Yes (operation, potentially construction)	No. Proposed works are within the grounds of Kelham Hall only, which will not be affected by the Development		No
35	24/00304/FULM Newark and Sherwood	Major commercial development Change of use from agricultural to dog walking field. Erection of fencing Burridge Farm Crab Lane North Muskham Newark On Trent NG23 6HH	0.60	Awaiting determination (as of 30/10/2024) Refused and appeal dismissed	1	Socio-Economic / Ecology, Hydrology, Heritage, Recreation, Traffic and Transport / Noise and Vibration / Landscape	No - less than 5 ha, and refused.
