1. Introduction

- 1.1. This Book of Reference (**"BoR"**) has been prepared on behalf of Steeple Solar Farm Ltd (**the "Applicant"**). It forms part of the application (**the "Application"**) for a Development Consent Order (**"DCO"**), that is being submitted to the Secretary of State for the Department of Energy Security and Net Zero (**"Secretary of State"**), under Section 37 of 'the Planning Act 2008' (**the "PA 2008"**).
- 1.2. The Applicant is seeking development consent for the construction, operation and maintenance and decommissioning of the Steeple Renewables Project, including associated development (**together the "Scheme"**). The Scheme will be carried out within the Order land, which comprises approximately 648 hectares (ha) of land.
- 1.3. A DCO is required for the Scheme as it falls within the definition and thresholds for a Nationally Significant Infrastructure Project (**"NSIP"**) under sections 14(1) and 15 of the PA 2008. This is because it consists of a generating station in England which does not generate electricity from wind and has a gross electrical output capacity exceeding 50MW.
- 1.4. The DCO, if made by the Secretary of State, would be known as the Steeple Renewables Project Order 202[x] (**the "Order"**).
- 1.5. This BoR has been prepared pursuant to Regulation 5(2)(d) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (**"the APFP Regulations"**). It describes the Order land, and identifies the interests potentially affected by the Order following diligent inquiry by the Applicant. The Order land is the land described in the second column of Part 1 of this Book of Reference.
- 1.6. The land described in this BoR is required for the development to which the Order relates or is required to facilitate or is incidental to that development. The works comprising the authorised development are described in Schedule 1 to the Order (EN010163/APP/3.1) and shown on the Works Plans (EN010163/APP/4.3).
- 1.7. Each parcel of land is identified as a plot and a unique number has been ascribed to each plot. The plots are shown on the Land Plans (EN010163/APP/2.1) which accompany the Order and are listed in the relevant Parts of this BoR. Each plot has been labelled numerically in the BoR and has been assigned a number in accordance with the sheet numbers as presented in the Land Plans. The assigned number has been determined by the prominence of the plot extent shown within the map frame (i.e. 1/01, 2/05 etc.)
- 1.8. All plot area measurements in this BoR are approximate and are rounded to two decimal places.
- 1.9. This BoR is comprised of five Parts, in accordance with Regulation 7(1) of the APFP Regulations, as follows:
 - (a) **Part 1** (Regulation 7(1)(a)) contains the names and addresses of each person within Categories 1 and 2 (as set out in Section 57 of the PA 2008) in respect of any land which it is proposed is subject to powers of compulsory acquisition of land, rights in, on, under or over land and/or temporary possession.

The description of each plot also includes the reference to the principal land use power(s) sought in the draft DCO in respect of that particular plot:

- In respect of plots shaded blue on the Land Plans (*see “Acquisition of Rights” below*), where the Applicant proposes new rights to be compulsorily acquired and restrictive covenants to be imposed, and land in relation to which existing easements, servitudes and other private rights the exercise of which are inconsistent with the rights and restrictions acquired pursuant to the Order are to be extinguished, the plot description includes this wording: “Permanent acquisition of new rights over...”;

The three categories of wording described above cross-refer to articles in the draft DCO as follows:

- “Permanent acquisition of” – the compulsory acquisition of land pursuant to article 17 of the draft DCO.
- “Permanent acquisition of new rights over...” – the creation and compulsory acquisition of new rights over land pursuant to article 19 of the draft DCO.

It should be noted that whilst the descriptions in this BoR refer to the principal land use power sought in the DCO, the Applicant also seeks the power to temporarily possess all of the land within the Order limits and to suspend the exercise of existing easements, servitudes and other rights over the land during any period in which it is temporarily possessed.

Category 1 persons are defined as those who own, lease, or hold a tenancy in relation to or occupy the land (section 57(1) of the Act). 8/50

Category 2 persons are those who have an interest in the land or have the power to sell and convey or to release such land (section 57(2) of the PA 2008).

- (b) **Part 2** (Regulation 7(1)(b)) contains the names and addresses of those persons within Category 3. Category 3 persons are defined in section 57(4) of the PA 2008 and are persons who, whilst not directly affected by the authorised development, may be entitled to claim compensation under Section 10 of the Land Compensation Act 1965, Part 1 of the Land Compensation Act 1973 or Section 152(3) of the 2008 Act, for loss resulting from the implementation of the Order, as a result of the Order having been implemented and use of the land once the Order has been implemented.

After carrying out diligent inquiries and having carefully assessed the likely significant environmental effects of the Scheme, it is not considered that any person would be entitled to make a claim under Part 1 of the Land Compensation Act 1973. Part 2 of the BoR therefore includes all relevant interests with the potential to make a claim under section 10 of the Compulsory Purchase Act 1965 or under section 152(3) of the PA 2008, by reason of having the benefit of a right or restrictive covenant over land within the Order limits that may be affected by the compulsory acquisition and temporary use powers sought by the Applicant.

- (c) **Part 3** (Regulation 7(1)(c)) contains the names and addresses of those entitled to enjoy easements or other private rights (including private rights of navigation over water) which it is proposed may be extinguished, suspended or interfered with in connection with the authorised development, pursuant to the Order.
- (d) **Part 4** (Regulation 7(1)(d)) identifies land which is proposed to be used for the purposes of the Order and in which there is a Crown interest. "Crown land" is defined in section 227 of the PA 2008 and includes interests belonging to Government departments among other Crown interests. As a result of diligent inquiries, the Applicant has identified that there is no Crown land within the Order land. Where it is stated in Part 4 of the BoR that "No land was identified which should be included in this part", this confirms that no Crown land is required.
- (e) **Part 5** (Regulation 7(1)(e)) identifies plots:-
- the acquisition of which is subject to special parliamentary procedure;
 - which are special category land; or
 - which are replacement land.

Having made diligent inquiries no land has been identified that would be required to be included in Part 5. Where it is stated in Part 5 of the BoR that "No land was identified which should be included in this part", this confirms that no special category land, land subject to special parliamentary procedure, and no replacement land is required.
