Dear Sirs/Madam

Exolum Pipeline System Ltd – Objection Removal – Planning Application
Location: Land at Sturton-le-Steeple, Nottinghamshire

Further to our letter of 09 January 2024 and following discussions between our client and the applicant, our client's objection to the application is withdrawn. We confirm that our client Exolum's apparatus will not be affected by your proposals as indicated on the attached plan(s). The plan(s) supplied are intended for general guidance only and should not be relied upon for excavation or construction purposes. No guarantee is given regarding the accuracy of the information provided and to verify the true location of the pipeline you should contact Exolum to arrange a site visit. Their contact details are:

Central Services
Ashdon Road
Saffron Walden
Essex, CB10 2NF

Email: pipelinerow@exolum.com
Tel: 01799 564101

When contacting Exolum, please quote our unique reference 223346, which is specific to this enquiry. Please note that you should contact Exolum within 28 days of the date of this letter to validate this enquiry, otherwise it will become void.

You should note that the interests of the Exolum are conserved by means of the Energy Act 2013, Part IV of the Act, and other legislation such as the Pipeline Safety Regulations 1996. It is, however, the Energy Act 2013 that prohibits any development and most intrusive activities within the Easement Strip without specific consent from Exolum. Exolum's Easement Strips are 6 metres wide and can incorporate other associated Exolum facilities.

Exolum will be able to provide guidance on the required procedures for entering a Works Consent and provide confirmation on permitted development and intrusive activities. The whole process of obtaining a Works Consent can take between four and six weeks depending on circumstances at the time of application.

To reiterate, you should not undertake any work or activity without first contacting Exolum for advice and, if required, a Works Consent. For a copy of Managing Development and Works in Proximity to Exolum Pipelines please visit:

<https://exolum.com/varios/TPA/CGU.0011.ITG.NWE.UK%20Managing%20Development%20and%20Works%20in%20Proximity%20to%20Exolum%20Pipelines.pdf>

Fisher German LLP is a limited liability partnership. Registered in England and Wales. Registered Number: OC317554. Registered Office: The Head Office, Ivanhoe Office Park, Ivanhoe Park Way, Ashby-De-La-Zouch, Leicestershire, England, LE65 2AB. A list of members' is available for inspection at Head office.

This will provide you with practical information regarding the legislation that governs the Exolum.

You should also be aware that landowners and third parties have a duty of care not to carry out any works that have the potential to damage Exolum apparatus. This duty of care applies even if the works themselves are situated more than 3 metres from the pipeline. Examples of such works are mineral extraction, mining, explosives, piling and windfarms.

Please note that implementation of any unapproved work that affects the Exolum Easement Strip may result in serious consequences in terms of health and safety, expense and other attendant liabilities. In such cases it is the perpetrator of the act, together with any other promoting organisation, that shall be held fully accountable for any resulting damage.

Should you require any further assistance regarding this letter please contact the undersigned or alternatively, you can contact Exolum using the details provided above.

Yours faithfully

For and on behalf of FISHER GERMAN LLP (Exolum's Authorised Agent)

Dear Sirs/Madam

Exolum Pipeline System Ltd – Objection – Planning Application

Location: Land at Sturton-le-Steeple, Nottinghamshire

Regarding the above Referenced Planning Application. We confirm that our client's **High-Pressure Oil Pipeline Apparatus** will be affected by the application as indicated in the attached plan(s) and we must therefore **OBJECT** for the following key reasons:

- The application has the potential to contravene Exolum's ability to **Safely** access and maintain its assets under their legal rights as set out in Part IV of The Energy Act 2013, and
- Due to the potential for breach(s) of the Health & Safety at Work Act 1974 with specific concerns around Regulation 15 of the Pipeline Safety Regulations 1996 and the potential for any subsequent work close to the High-Pressure Pipeline to impact both the **Safety** of the pipeline and those doing the work.

We note in this specific case:

1. PINS need to be made aware that the scheme has the potential to interact with Exolum's apparatus and it is essential that protective provisions are put in place to address this.

It is therefore critical that all Construction and Design work affecting a High-Pressure Pipeline is discussed and agreed with Exolum **before the objection can removed** and before any work on site.

NOTE: The location plan(s) supplied are intended for general guidance only and should not be relied upon for detailed design, excavation or construction purposes. No guarantee is given regarding the accuracy of the information provided in the plans and to verify the true location of the High-Pressure Pipeline at site contact **MUST** be made with Exolum to arrange a site visit.

My client must be consulted to ensure the proposal has no impact on their High-Pressure Pipeline apparatus. Their contact details are:

Central Services
Ashdon Road
Saffron Walden
Essex, CB10 2NF

Email: pipelinerow@exolum.com
Tel: 01799 564101
