You don't often get email from [REDACTED]. [Learn why this is important](#)

Dear Secretary of State,

We act for UK Fusion Energy Limited (“UKFE” reference [REDACTED]).

We write further to your letter of 25 August 2026 inviting all interested parties to comment on the responses of the Applicant to The Secretary of State’s request for information dated 6 August 2026, published on the Steeple Renewables Project page of the National Infrastructure Planning website.

One of these documents is an updated version of the Land and Rights Negotiation Tracker (reference EN010163/EX/8.6), in which the Applicant updates on negotiations with UKFE in relation to protective provisions in favour of UKFE and the UK Atomic Energy Authority (UKFE). UKFE and the Applicant have continued to engage with a view to agreeing a final form of these protective provisions. However, the drafting of these protective provisions has not yet been agreed. In the event the protective provisions are agreed prior to the determination of the application, the Applicant and UKFE will jointly update the Secretary of State. For the time being, UKFE’s position remains as is set out in the submissions made at deadline 6 of the examination (REP6-052).

Kind regards

[?]
