1 INTRODUCTION

1.1 General

1.1.1 Xlinks 1 Ltd (the Applicant) has submitted an application under section 37 of the Planning Act 2008 (the Act) for development consent for Xlinks' Morocco-UK Power Project (the 'Proposed Development').

1.1.2 This Book of Reference has been prepared to accompany the application for a Development Consent Order (DCO), made by the Applicant to the Secretary of State for the Department for Energy Security and Net Zero (SoS), formally the Department for Business, Energy and Industrial Strategy, via the Planning Inspectorate (PINS).

1.1.3 The application is seeking powers to construct the key components of infrastructure (both onshore and offshore) for the Proposed Development, to connect the generation assets in Morocco (via cable infrastructure routed through Morocco, Spain, Portugal, France and UK waters) to the UK national grid high voltage transmission network, which would help deliver an output of up to 3.6 Gigawatt (GW). For a full description of the project, reference should be made to Volume 1 Chapter 3: Project Description of the Environmental Statement (Document Reference 6.1.3).

1.1.4 This Book of Reference lists the plots of land over which the Applicant is seeking powers of compulsory acquisition and powers of temporary possession in the DCO for the purposes of the Proposed Development. For each plot it identifies whether the Applicant is seeking the power to acquire that plot outright, the power to create and/or acquire permanent rights and the power to create and/or acquire temporary rights of possession and use.

1.1.5 This Book of Reference also lists the persons with land outside the Order Limits who may be entitled to make a relevant claim for compensation due to the effects of construction or when the Proposed Development is in use.

1.1.6 This Book of Reference has been prepared and submitted in compliance with Regulation 5(2)(d) and Regulation 7 of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the 2009 Regulations), as amended, and in accordance with the Department for Communities and Local Government guidance 'Planning Act 2008: Guidance related to procedures for compulsory acquisition' (September 2013).

1.1.7 As this Book of Reference is part of the application documents it should be read in conjunction with the Land Plans (Document Reference 2.2) submitted under Regulation 5(2)(i) of the 2009 Regulations, the Statement of Reasons (Document Reference 4.1) and the draft DCO (Document Reference 3.1). The Land Plans identify:

a. all of the land within the Order limits required for and directly affected by the Proposed Development;

b. land which may be acquired permanently under the compulsory acquisition powers within the Order limits;

c. land that will be subject to compulsory acquisition powers to acquire permanent rights [or impose restrictions];

d. land where temporary use powers may be exercised; and

e. land in relation to which it is proposed to extinguish, suspend or interfere with any existing easements, servitudes and other private rights.

1.1.8 This Book of Reference is divided into five parts as prescribed by Regulation 7(1) of the 2009 Regulations. The Order land is identified by numbered entries, with each entry relating to a coloured plot on the Land Plans (Document Reference 2.2). The five parts are:

a. Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) of the Act in respect of any land which it is proposed shall be subject to powers of compulsory acquisition, rights to use land, including the right to attach brackets or other equipment to buildings; or rights to carry out protective works to buildings;

b. Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57 of the Act;

c. Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with;

d. Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made (of which none has been identified); and

e. Part 5 specifies land the acquisition of which is subject to special parliamentary procedure; which is "special category land" for the purposes of sections 131 and 132 of the Act; and which is replacement land.

1.1.9 Each of the five Parts are summarised in the next chapter, together with a brief commentary on how the requirements in the Regulations have been interpreted and applied to the collation of each Part of the Book of Reference.

2 BOOK OF REFERENCE DESCRIPTION

2.1 Part 1 description

2.1.1 Part 1 of the Book of Reference is described in Regulation 7(1)(a) of the 2009 Regulations, this states:

"Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of sections 56(2)(d)) in respect of any land which it is proposed shall be subject to –

i. powers of compulsory acquisition;

ii. rights to use land, including the right to attach brackets or other equipment to buildings; or

iii. rights to carry out protective works to buildings;"

2.1.2 Part 1 of this Book of Reference contains the names and addresses of each person within Categories 1 and 2, as set out in Section 57 of the Act, along with the area of each plot of land in which the Proposed Development will be carried out.

2.1.3 A person is within Category 1 if the Applicant after making diligent inquiry, knows that they are an owner, lessee, tenant (whatever the tenancy period), or occupier of the land. A person is within Category 2 if the Applicant, after making diligent inquiry, knows that they are interested in the land or have the power to sell and convey or release the land (see section 57(1) of the Act).

2.1.4 A person is within Category 2 if the Applicant, after making diligent inquiry, knows that they are interested in the land or have the power to sell and convey or release the land (see section 57(2) of the Act). This includes mortgagees and beneficiaries that may have in interest in the land to which the application for development consent relates.

2.1.5 Part 1 contains plots of unregistered land that are often occupied by a number of parties including local and national (i.e. National Highways) highway authorities. In these cases, the Applicant has undertaken efforts to determine the proprietor but no persons have been identified. In the absence of ownership information, the Applicant has applied the 'half–width' presumption to the adjacent landowners as adopted by the Land Registry in its 'HM Land Registry plans: boundaries (practice guide 40, supplement 3)'. This states "*…that the owner of land abutting on a road is also the owner of the adjoining section of the road up to the middle line (ad medium filum).*"

2.2 Part 2 description

2.2.1 Part 2 of the Book of Reference is described in Regulation 7(1)(b) of the 2009 Regulations, which states:

"Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57;"

2.2.2 Part 2 of this Book of Reference contains the names and addresses (if known by the Applicant) of each person within Category 3, as defined by Section 57 of the

2008 Act. A person is within Category 3 if the Applicant thinks, having made diligent inquiries that, if the DCO were to be made and fully implemented, they would or might be entitled to make a relevant claim as defined in section 57(6) of the 2008 Act. These include persons whose land is not directly affected under the DCO (i.e. their interest is outside the Order Limits) but who the Applicant believes would or might be entitled to make a relevant claim; and the persons identified in para 2.2.3 below. A relevant claim is a claim under section 10 of the Compulsory Purchase Act 1965, a claim under Part 1 of the Land Compensation Act 1973, or a claim under section 152(3) of the 2008 Act.

2.2.3 It is considered that Category 3 also includes:

a. Certain Category 1 'Owners' (where they are a category 2 interest elsewhere in the Order Limits),

b. All Category 1 'Lessees and Tenants',

c. Any Category 2 interests for land within the Order Limits.

and, therefore those interests listed in Part 1 have not been repeated in Part 2.

2.2.4 Part 2 has been divided into two parts (Part 2A and Part 2B) to aid clarity of presentation. Part 2A contains the names and addresses of all those Category 3 persons with interests in the Order land, who it is considered might be able to make a relevant claim. For each plot, a description of the land, its proposed extent and its area are provided. Part 2b contains the names and addresses of all those Category 3 persons with interests in land outside the Order land who, it is considered, might be able to make a relevant claim (as defined above).

2.3 Part 3 description

2.3.1 Part 3 of the Book of Reference is described in Regulation 7(1)(c) of the 2009 Regulations, which states:

"Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with;"

2.3.2 Part 3 of this Book of Reference contains the names of all those with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with as a result of the Proposed Development.

2.3.3 Certain relevant Category 2 persons included in Part 1 of this Book of Reference have also been included within Part 3 such as where their rights may be considered to be affected. Examples include names of all those whose rights over the land are likely to be affected whether the land is required permanently or temporarily.

2.4 Part 4 description

2.4.1 Part 4 of the Book of Reference is described in Regulation 7(1)(d) of the 2009 Regulations, which states:

"Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made;"

"Crown land" is defined in section 227 of the Act and includes interest belonging to Government department among other Crown interests.

2.5 Part 5 description

2.5.1 Part 5 of the Book of Reference is described in Regulation 7(1)(e) of the 2009 Regulations, which states:

"Part 5 specifies land—

i. the acquisition of which is subject to special parliamentary procedure;

ii. which is special category land;

iii. which is replacement land;

and for each plot of such land within which it is intended that all or part of the Proposed Development and works shall be carried out, the area in square metres of that plot."

2.5.2 Part 5 of this Book of Reference specifies land that the acquisition of which may be subject to special parliamentary procedure, is special category land (for the purpose of sections 131 and 132 of the Act) or is replacement land.

3 BOOK OF REFERENCE NOTES

3.1 Notes

3.1.1 Part 1 of this Book of Reference provides the area in square metres of all land include in the Order Limits. For ease of reference the areas have been repeated in Parts 2 to 5 of this Book of Reference.

3.1.2 All plot area measurements are given in square metres and each measurement is rounded to the nearest whole square metre.

3.1.3 The term 'approximate' is not used before all plot of area measurements because the draft DCO (Article 2(4)) requires all areas described in square metres in the Book of Reference to be read as being approximates.

3.1.4 Each plot of land shown in this Book of Reference has been given a unique reference. The first number relates to the Land Plans sheet on which the plot is located. The second number differentiates between each plot sequentially on the sheet.

3.1.5 The extent of acquisition or use of each plot of land includes reference to the principal land use power(s) sought in the draft DCO in respect of that plot, except for plots in which land is not subject to powers of compulsory acquisition or temporary possession, in which only a description of that land is given. The table below is provided to explain the relationship between the Book of Reference, the Land Plans and the draft DCO and to clarify the powers sought in relation to compulsory acquisition and temporary possession.

Table 3.1: Classification of acquisition or use and relationship between the Land Plans, Book of Reference and DCO

Class	Relevant Article in Order	Colour of the plot on Land Plans	Description of Class on the Land Plans	Description of Class
Class 1 **Compulsory Acquisition of Land**	Article 24	Pink	Land subject to freehold acquisition and to be used temporarily	Acquisition of all estates and interests and rights in the land for the construction, operation and maintenance of the authorised development.
Class 2 **Cable Rights**	Article 25	Blue	Land to be used temporarily and rights to be acquired permanently	Acquisition of rights by the creation of new rights, the imposition of restrictive covenants, or the acquisition of existing rights or benefits of existing restrictions for the purposes of or incidental to the construction through trenched and trenchless installation techniques such as horizontal directional drilling and thereafter to commission, use, retain, inspect, maintain, repair, alter, renew, move, remove, replace, adjust, re-lay, reconstruct, refurbish, landscape, preserve, make safe, dismantle, and clear the electric cables within the rights corridor and: a. with or without vehicles, plant and equipment to enter the land to construct, commission, use, retain, inspect, maintain, repair, alter, renew, move, remove, replace,

Class	Relevant Article in Order	Colour of the plot on Land Plans	Description of Class on the Land Plans	Description of Class
				adjust, re-lay, reconstruct, refurbish, landscape, preserve, make safe, dismantle, and clear the electric cables; b. with or without vehicles, plant and equipment to enter the land to fell, trim or lop trees and bushes which may obstruct or interfere with the rights sought by the undertaker; c. with or without vehicles, plant and equipment to enter the land to access any adjoining land and to lay temporary haul roads to facilitate access; d. with or without vehicles, plant and equipment to enter the land to exercise the rights over and across any access route; e. to require the landowner not to do or suffer anything to be done upon the land which may interfere with or cause damage to the electric cables, including without limitation imposing clearance restrictions, not to erect any building or structure or allow any plant or tree to grow within the land, not to change the level of the surface, ground cover or composition of the land or do or allow to be done anything that may cause the level of the surface, ground cover or composition to be altered, not to drill, dig or break up the land; f. to fly over, use on, and recover from the land robots, helicopters, drones, gadgets or similar devices either remote controlled or autonomous, including for the purposes of inspection and maintenance; g. to construct and install land drains, cut-off drainage and/or run-off drainage systems (including all necessary supports), soakaways and attenuation ponds on the land, and thereafter to infill and/or retain and make use of, including from time to time to inspect, cleanse, maintain, repair, remove, reinstate, renew, alter and replace, the same; h. to carry out any other works necessary or expedient to the land and listed in Schedule 1 of the Order; i. to reinstate the land and provide necessary environmental mitigation; and j. to carry out any activities ancillary or incidental thereto. The "rights corridor" means the corridor within which the electric cables shall be installed, retained and operated and shall not exceed: i. the Order limits or 250 metres (whichever is the lesser) in width where trenchless installation techniques such as horizontal directional drilling are used; or ii. 32 metres in width in all other cases.

Class	Relevant Article in Order	Colour of the plot on Land Plans	Description of Class on the Land Plans	Description of Class
				The "electric cables" means electricity cables, associated fibre optic cables and associated infrastructure including, but not limited to, joint bays, transitional joint bays, link boxes, conduits, gutters, ducts, pipes, wrapping, warning tape, protective cable tiles, bonding leads, marking bands, ducting, protective tubes or similar equipment constructed on land on or about or adjacent to the cables and cable marker posts and manhole covers and anything else to facilitate the operation and protection of the cables.
Class 3 **Subsoil Rights**	Article 26	Blue	Land to be used temporarily and rights to be acquired permanently	Acquisition of rights in the subsoil only by the creation of new rights, the imposition of restrictions, or the acquisition of existing rights or benefits of existing restrictions to use, retain, alter, renew, replace and remove electric cables installed through trenchless installation techniques such as horizontal directional drilling and retained and operated within the subsoil corridor and to require the landowner not to do or suffer anything to be done upon the land which may interfere with or cause damage to the electric cables, including without limitation imposing clearance restrictions, not to erect any building or structure or allow any plant or tree to grow within the land, not to change the level of the surface, ground cover or composition of the land or do or allow to be done anything that may cause the level of the surface, ground cover or composition to be altered, not to drill, dig or break up the land. The "subsoil corridor" means the Order limits or 250 metres (whichever is the lesser).
Class 4 **Oversailing Rights**	Article 26	Blue	Land to be used temporarily and rights to be acquired permanently	Acquisition of rights by the creation of new rights, the imposition of restrictive covenants, or the acquisition of existing rights or benefits of existing restrictions in the airspace above land to: a. swing cranes, machinery and equipment above the land for the purposes of facilitating the transport of abnormal indivisible loads; b. fell, trim or lop trees and bushes which may obstruct or interfere with the rights sought by the undertaker; and c. to require the landowner not to do or suffer anything to be done upon the land which may interfere with the exercise of this right.
Class 5 **Utility Rights**	Article 25	Blue	Land to be used temporarily and rights to be acquired permanently	Acquisition of rights by the creation of new rights, the imposition of restrictive covenants, or the acquisition of existing rights or benefits of existing restrictions for the purposes of or incidental to the diversion, removal, replacement, installation, repositioning, decommissioning, connection, maintenance and use of apparatus, services and utilities (including but not limited to electronic communications, water and waste water, gas and electricity apparatus) in, under or over land: a. with or without vehicles, plant and equipment to facilitate such rights;

Class	Relevant Article in Order	Colour of the plot on Land Plans	Description of Class on the Land Plans	Description of Class
				b. with or without vehicles, plant and equipment to enter the land to fell, trim or lop trees and bushes which may obstruct or interfere with the rights sought by the undertaker; c. with or without vehicles, plant and equipment to enter the land to access any adjoining land and to lay temporary haul roads to facilitate access; d. with or without vehicles, plant and equipment to enter the land to exercise the rights over and across any access route; e. to require the landowner not to do or suffer anything to be done upon the land which may interfere with or cause damage to the apparatus, services or utilities, including without limitation imposing clearance restrictions, not to erect any building or structure or allow any plant or tree to grow within the land, not to change the level of the surface, ground cover or composition of the land or do or allow to be done anything that may cause the level of the surface, ground cover or composition to be altered, not to drill, dig or break up the land; f. to fly over, use on, and recover from the land robots, helicopters, drones, gadgets or similar devices either remote controlled or autonomous, including for the purposes of inspection and maintenance; g. to construct and install land drains cut-off drainage and/or run-off drainage systems (including all necessary supports), soakaways and attenuation ponds on the land, and thereafter to infill and/or retain and make use of, including from time to time to inspect, cleanse, maintain, repair, remove, reinstate, renew, alter and replace, the same; h. to carry out any other works necessary or expedient to the land and listed in Schedule 1 of the Order; i. to reinstate the land and provide necessary environmental mitigation; and j. to carry out any activities ancillary or incidental thereto.
Class 6 **Access Rights**	Article 25	Blue	Land to be used temporarily and rights to be acquired permanently	Acquisition of rights by the creation of new rights, the imposition of restrictions, or the acquisition of existing rights or benefits of existing restrictions to facilitate access over land for the purposes of maintaining and operating the electric cables with or without vehicles, plant and equipment at all times over the land and: a. to remove and reposition any buildings, structures, pylons, apparatus, equipment, and vegetation from that land; b. to require the landowner not to do or suffer anything to be done upon the land which may interfere with the

Class	Relevant Article in Order	Colour of the plot on Land Plans	Description of Class on the Land Plans	Description of Class
				undertaker's access, including without limitation not to erect any building or structure or allow any plant or tree to grow within the land, not to change the level of the surface, ground cover or composition of the land or do or allow to be done anything that may cause the level of the surface, ground cover or composition to be altered, not to drill, dig or break up the land; c. to require the landowner not to do or suffer anything to be done upon the land which may interfere with sight lines associated with the undertaker's access, including without limitation not to erect any building or structure or allow any plant or tree to grow within the land insofar as it may interfere with sight lines, not to change the level of the surface, ground cover or composition of the land or do or allow to be done anything that may cause the level of the surface, ground cover or composition to be altered, not to drill, dig or break up the land; d. to construct, use, maintain, alter, improve, retain and remove the access and to reinstate the land; e. to construct and install land drains cut-off drainage and/or run-off drainage systems (including all necessary supports), soakaways and attenuation ponds on the land, and thereafter infill and/or to retain and make use of, including from time to time to inspect, cleanse, maintain, repair, remove, reinstate, renew, alter and replace, the same; and f. to carry out activities ancillary thereto.
Class 7 **Land subject to temporary possession**	Articles 27, 28	Green	Land subject to temporary possession	Land to be used temporarily for the construction and/or maintenance of the Proposed Development.
Class 8 **Land not subject to compulsory acquisition or temporary possession powers**	N/A	No Shading (White)	Land not subject to compulsory acquisition or temporary possession powers	N/A

3.1.6 The areas of land shaded in grey on the Land Plans are shown as 'Land excluded from the Order' as they are bounded by red line (the Order Limits), but are not required for the Proposed Development.

3.2 How to use this Book of Reference

3.2.1 The table below provides a step-by-step guide to enable any party with an interest in the land to identify how the Applicant's proposals may affect the land in which they have an interest.

Table 3.2: How to use this Book of Reference

Step One
Look at the Land Plans (Document Reference 2.4) and find the area (plot(s)) of land in which you have an interest.
Step Two
Note the colour and the number of the plot(s).
Using Table 5.1 above, the colour of the plot(s) will tell you the purpose for which it is required.
Step Three
Use the plot(s) number to identify where the land is referred to in other DCO Application documents:
This Book of Reference – Which provides a description of each plot (including an approximate area measurement) and details of persons who own, lease or otherwise occupy or have any other interest in the land.
The Statement of Reasons (Document Reference 4.1) Where a plot is subject to compulsory acquisition powers (shaded pink or blue) or temporary possession powers (shaded green), refer to Appendix A to this document, which provides details of the purpose for which compulsory acquisition powers are sought and references each plot in the Book of Reference subject to compulsory acquisition powers.
The draft Development Consent Order (DCO) (Document Reference 3.1) Where a plot is subject to compulsory acquisition powers (shaded blue), which contains the powers needed to carry out a scheme, and includes the powers of compulsory acquisition to assemble the land required that are listed in Table 5-1.
