Dear [REDACTED],

**EN010166 – APPLICATION BY UNIPER UK LIMITED FOR AN ORDER GRANTING  
DEVELOPMENT CONSENT FOR THE CONNAH'S QUAY LOW CARBON POWER  
PROJECT**

**CHANGE NOTIFICATION**

I write on behalf of the Applicant, Uniper UK Limited, in respect of the development consent order application (DCO Application) for the Connah's Quay Low Carbon Power project (the Proposed Development), which is currently at the pre-examination stage.

The Applicant wishes to notify the Examining Authority (ExA) of its intention to submit a Change Request in respect of the DCO Application.

Due to the Proposed Development's nature and scale, the DCO Application submitted in August 2025 necessarily included a degree of optionality. Since submission of the DCO Application, the Applicant has continued with detailed design development and refinement, while also engaging with key stakeholders with a view to addressing their comments (including in their Relevant Representations) and agreeing on common ground. This work has identified six changes that the Applicant proposes to make to the DCO Application.

This letter is accompanied by the documents listed below, which have been completed in accordance with Step 1 of the Planning Inspectorate's Advice Note on 'Changes to an application after it has been accepted for examination', including setting out the scope of the proposed changes to be included within the Change Request; the implications of the changes for the environmental impact assessment of the Proposed Development; that the proposed changes do not necessitate any additional powers of compulsory acquisition; and also a programme for the Change Request, including proposals with regards to consultation in respect of the proposed changes.

**Documentation provided**

The submission comprises a Change Notification which includes the following appendices:

- Appendix A: Figures 1-4
- Appendix B: Updated Parameter Plans
- Appendix C: Photomontage: Updated Figure 25 to Figure 29 Viewpoint Wireline Sheets

I would be grateful if you could confirm receipt of this letter and the appended documents.

In the meantime, should you have any questions, please do not hesitate to contact [REDACTED]  
[REDACTED]
