# 1. Introduction

- 1.1.1 Uniper UK Limited (the Applicant) has made an application (the Application) for a development consent order (DCO) from the Secretary of State (SoS) to authorise the Connah's Quay Low Carbon Power project (the Project) which is described at Schedule 1 (Authorised Development) to the **Draft DCO (EN010166/APP/3.1)**, which accompanies the Application and is entitled **The Connah's Quay Low Carbon Power Order 202[\*] (the Order)**. The Application was accepted for examination on the 28<sup>th</sup> August 2025 and the Examination commenced on 13<sup>th</sup> January 2026.
- 1.1.2 This Book of Reference lists the plots of land over which the Applicant is seeking powers of compulsory acquisition and powers of temporary possession in the DCO for the purposes of the Project. For each plot it identifies whether the Applicant is seeking the power to acquire that plot outright, the power to create and/or acquire permanent rights, or the power to create and/or acquire temporary rights of possession and use. It also lists the persons who the Applicant thinks, if the DCO were to be made and fully implemented, would or might be entitled as a result of the implementing of the DCO, the DCO having been implemented or the use of the land once the DCO has been implemented to make a "relevant claim" (as defined in section 44(6) of the Planning Act 2008 (PA 2008)).
- 1.1.3 This Book of Reference accompanies the **Draft DCO (EN010166/APP/3.1)**, as required by Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the APFP Regulations) and in accordance with the Department for Communities and Local Government 'PA 2008: Guidance related to procedures for compulsory acquisition' (September 2013). It has also been prepared in accordance with Regulation 7 of the APFP Regulations. It describes all the land, and identifies all the interests, affected by the **Draft DCO (EN010166/APP/3.1)**.
- 1.1.4 The land described in this Book of Reference, which is to be subject to powers of compulsory acquisition and/or temporary possession, is required to deliver the works comprising the authorised development which are described in detail in Part 1 of Schedule 1 of the Draft DCO and shown on the **Works Plans (EN010166/APP/2.4)** forming part of the Application.
- 1.1.5 As this Book of Reference is part of the application documents it should be read in conjunction with the **Land Plans (EN010166/APP/2.2)**, the **Crown Land Plans (EN010166/APP/2.3)**, the **Statement of Reasons (EN010166/APP/4.3)** and the **Draft DCO (EN010166/APP/3.1)**.
- 1.1.6 A detailed description of the Project can be found in **Environmental Statement, Volume 2, Chapter 1: Introduction (EN010166/APP/6.2)**.

## 2. Book of Reference Description

### 2.1 General

- 2.1.1 Every parcel of land that is affected is identified on a plot by plot basis and a unique number has been ascribed to each plot. The plots are shown on the **Land Plans (EN010166/APP/2.2)** and the **Crown Land Plans (EN010166/APP/2.3)** forming part of the Application.
- 2.1.2 This Book of Reference is comprised of five Parts, in accordance with Regulation 7(1) of the APFP Regulations, as follows:

### 2.2 Part 1 Description

- 2.2.1 Regulation 7(1)(a) of the APFP Regulations states:

*"[...] Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to:*

*(i) powers of compulsory acquisition;*

*(ii) rights to use land, including the right to attach brackets or other equipment to buildings; or*

*(iii) rights to carry out protective works to buildings"*

- 2.2.2 In accordance with this, Part 1 of this Book of Reference contains the names and addresses for service for every person who is within Category 1 or Category 2.
- 2.2.3 A person is within Category 1 if the Applicant, after making diligent inquiry, knows that they are an owner, lessee, tenant (whatever the tenancy period) or occupier of the land to which the Application relates; see section 57(1) and (7) of the PA 2008.
- 2.2.4 A person is within Category 2 if the Applicant, after making diligent inquiry, knows that they are interested in the land or have the power to sell and convey or to release the land. This includes mortgagees, cautioners and beneficiaries that may have an interest in the land to which the Application relates; see section 57(2) of the PA 2008.
- 2.2.5 Parties recorded in Part 3 (see Section 2.3 below) of this Book of Reference have also been included in Part 1.

### 2.3 Part 2 Description

- 2.3.1 Regulation 7(1)(b) of the APFP Regulations states:

*"[...] Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57"*

- 2.3.2 In accordance with this, Part 2 of this Book of Reference contains the names and addresses (if known by the Applicant) of each person within Category 3, as defined by section 57 of the PA 2008.

- 2.3.3 A person is within Category 3 if the Applicant thinks that, if the DCO were to be made and fully implemented, they would or might be entitled to make a relevant claim as defined in section 57(6) of the PA 2008. A relevant claim is a claim under section 10 of the Compulsory Purchase Act 1965 (compensation where satisfaction is not made for the taking, or injurious affection, of land subject to compulsory purchase), a claim under Part 1 of the Land Compensation Act 1973 (compensation for depreciation of land value by physical factors caused by use of public works), or a claim under section 152(3) of the PA 2008 where land is injuriously affected by the carrying out of the works.
- 2.3.4 No persons were identified as having a relevant Category 3 claim, but an empty Part 2 of the Book of Reference has been included for completeness with the note "No Category 3 claimant has been identified within the Order limits".

## 2.4 Part 3 Description

- 2.4.1 Regulation 7(1)(c) of the APFP Regulations states:
- "[...] Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with"*
- 2.4.2 In accordance with this, Part 3 of this Book of Reference contains the names of all those with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with as part of the DCO.
- 2.4.3 Category 2 persons included within Part 1 of this Book of Reference have also been included within Part 3 where their rights may be affected. Examples include tenants of the land, or statutory undertakers with services in or under the land, and whose rights over the land are likely to be affected whether the land is required permanently or temporarily.
- 2.4.4 Parties recorded in Part 3 of this Book of Reference have also been included in Part 1.

## 2.5 Part 4 Description

- 2.5.1 Regulation 7(1)(d) of the APFP Regulations states:
- "[...] Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made"*
- 2.5.2 A "Crown interest" is defined in section 227(3) of the PA 2008 and includes an interest belonging to a government department among other interests.
- 2.5.3 In accordance with this, Part 4 of this Book of Reference specifies the owner of any Crown interest in the land to which the Application relates.
- 2.5.4 The plots containing Crown interests are hatched in purple on the **Crown Land Plans (EN010166/APP/2.3)**.

## 2.6 Part 5 Description

2.6.1 Regulation 7(1)(e) of the APFP Regulations states:

*"[...] Part 5 specifies land–*

*(i) the acquisition of which is subject to special parliamentary procedure;*

*(ii) which is special category land;*

*(iii) which is replacement land"*

*No land required for the DCO is subject to special parliamentary procedure, is special category land or is replacement land, but an empty Part 5 in this Book of Reference has been included for completeness with the note "No Special Category Land has been identified within the Order limits".*

## 3. Book of Reference Notes

- 3.1.1 The term 'approximately' is used before all plot area measurements as these measurements are given in square metres and each measurement is rounded up to the nearest whole square metre.
- 3.1.2 Each plot of land shown in this Book of Reference has been given a unique reference. The first number relates to the Land Plans sheet on which the plot is located. The second differentiates between each plot sequentially on the sheet.
- 3.1.3 The description of each plot of land includes reference to the principal land use power(s) sought in the Draft DCO in respect of that plot.
- 3.1.4 The Draft DCO seeks powers to compulsorily acquire land, new rights and temporary powers for the purposes of the construction, operation (including maintenance) and decommissioning of the authorised development.
- 3.1.5 The majority of the plots identified in Part 1 of the Book of Reference will be subject to the acquisition of all estates and interests in land pursuant to Article 25 (Compulsory acquisition of land) of the Draft DCO. These plots are shown coloured pink on the Land Plans. Where acquisition of subsurface only is sought, these plots are shown coloured blue with a pink hatch (shown in the key on the Land Plans as (Order Land - Permanent Acquisition of Subsurface)).
- 3.1.6 A number of the plots identified in Part 1 of the Book of Reference will be subject to the acquisition of permanent new rights (including restrictive covenants) pursuant to Article 27 (Compulsory acquisition of rights and restrictive covenants) and Schedule 9 (Land in which only new rights etc. may be acquired) of the Draft DCO. These plots are shown coloured blue on the Land Plans.
- 3.1.7 Plots that are subject to powers of temporary possession only, such as for the purpose of access to and/or use as a temporary construction compound, are included in Schedule 11 (Land of which only temporary possession may be taken) of the Draft DCO and shown coloured green on the Land Plans.
- 3.1.8 The land shown coloured pink and blue on the Land Plans will also be subject to powers of temporary possession for the purpose of carrying out the authorised development by virtue of Article 36 (Temporary use of land for carrying out the authorised development).
- 3.1.9 By virtue of Article 37 (Temporary use of land for maintaining the authorised development) of the Draft DCO, any land within the Order limits which is reasonably required for the purpose of maintaining the authorised development may be entered and/or temporarily possessed in accordance with the provisions of that Article.
- 3.1.10 In addition to the above, by virtue of Article 23 of the Draft DCO (Authority to survey and investigate land), any land within the Order limits, or which may be affected by the authorised development, may be entered for the purpose of carrying out surveys and investigations.

- 3.1.11 The areas of land shaded grey on the **Land Plans (EN010166/APP/2.2)** and **Crown Land Plans (EN010166/APP/2.3)** comprise land which is included within the Order limits but which does not form part of the Order Land, as no powers of acquisition or temporary possession are sought over those plots. Whilst the Applicant is not anticipating carrying out any works related to the Proposed Development within these plots, they have been retained within the Order limits because they cover the existing pipeline within the Repurposed CO<sub>2</sub> Corridor, for which the **Draft DCO (EN010166/APP/3.1)** provides powers to use for the transport of CO<sub>2</sub>. The land interests to use this existing pipeline have already been secured in respect of the land shaded grey. As such, the non-inclusion powers of acquisition or temporary possession over these plots is not considered to be an impediment to the delivery of the Proposed Development. The grey plots are shown on the Land Plans because the plots are retained within the Order limits, as they are required for and will be affected by the Proposed Development (Regulation 5(2)(i)(i) of the APFP Regulations). The details of the relevant owners in the grey plots have been included in this document because the plots fall within the Order limits, and it is intended that part of the works may be carried out in that land (Regulation 7 of the APFP Regulations).
- 3.1.12 The table below provides a step-by-step guide to enable any person with an interest in the land to identify how the Applicant's proposals may affect the land in which they have an interest:

### **Step One**

Look at the **Land Plans (EN010166/APP/2.2)** and find the area (plot(s)) of land in which you have an interest.

### **Step Two**

Note the colour and the number of the plot(s).

The colour of the plot(s) will tell you of the purpose for which it is required, as is described in the section above.

### **Step Three**

Use the plot(s) number to identify where the land is referred to in other Application documents:

This Book of Reference –

Which provides a brief description of each plot (including an approximate area measurement) and details of persons who own, lease or otherwise occupy or have an interest in the land.

The **Statement of Reasons (EN010166/APP/4.3)** alongside the **Pre-Application Land and Rights Negotiation Tracker (EN010166/APP/4.2)** both provide details of the purpose for which compulsory acquisition and temporary possession powers are sought and reference each plot in the Book of Reference to these purposes.

The **Draft DCO (EN010166/APP/3.1)** contains the powers needed to carry out the Project, and includes the powers of compulsory acquisition to assemble the land required that are listed above.
