### Status of Negotiations

	Terms have been agreed with Affected Person
	Negotiations ongoing with Affected Person
	Affected Person is unwilling to progress negotiations

**Connah's Quay Low Carbon Power**  
**EN0101663**  
**Uniper UK Limited**  
**Simplified Land and CAR Negotiations Tracker**  
**Version: March 2026**

This document establishes one of two preferred formats for the applicant to track negotiations relating to the proposed compulsory acquisition/ TP possession of land and CAR at the pre-application stage. This simplified tracker is suitable for projects with a more limited and/ or less complex land and CAR profile. The Detailed Land and CAR Negotiations Tracker is the preferred format for projects with a more extensive and/ or complex land and CAR profile, for example including special category and/ or crown land. Applicants should discuss with The Planning Inspectorate's Case Team the most suitable tracker for their project.

The negotiations tracker will inform interactions between the applicant and The Planning Inspectorate throughout the pre-application stage. It is therefore important that the tracker is kept up to date by the applicant and shared with the Inspectorate regularly. The tracker must be submitted with the application as an appendix to the Statement of Reasons in an editable format.

If the applicant proposes to present the tracking of negotiations in a different way, this should be discussed and agreed with the Planning Inspectorate's Case Team. Further information about negotiations tracking at the pre-application stage can be found in our Pre-application Prospectus and in government guidance about the pre-application procedure.

# 1. Introduction

- 1.1.1 This **Land and Rights Negotiations Tracker (EN010166/APP/4.2)** alongside the **Statement of Reasons (EN010166/APP/4.3)** demonstrates that the Applicant has complied with the Compulsory Acquisition (CA) Guidance related to procedures for the compulsory acquisition of land (CA Guidance) (Ref 1). This document has been prepared in accordance with the template provided within the Nationally Significant Infrastructure Projects: 2024 Pre-application Prospectus (Ref 2).
- 1.1.2 The Applicant has been and continues to seek to acquire the relevant interests in land, rights over land, and temporary use of land, by private treaty in order to ensure the delivery of the Proposed Development. Whilst seeking compulsory acquisition powers in the **Draft DCO (EN010166/APP/3.1)**, the Applicant will continue to seek to reach voluntary agreement wherever possible. This approach of seeking powers of compulsory acquisition in the DCO Application, in parallel with conducting negotiations to acquire land rights by agreement, accords with Paragraph 26 of the CA Guidance.
- 1.1.3 Table 1 Status of Negotiations with Individual Landowners sets out the latest position in relation to individual landowners with whom the Applicant is seeking (or has obtained) a voluntary agreement.
- 1.1.4 Table 2 Status of Negotiations with Statutory Undertakers sets out the latest position in relation to Statutory Undertakers who have been identified as having land, rights and/or apparatus within the Order land.
- 1.1.5 Table 3 Status of Negotiations with Crown Bodies sets out the latest position in relation to Crown bodies.
- 1.1.6 Certain Plots within the Order Land where no negotiations to reach voluntary agreement are considered necessary are not included within the Tables 1 to 3. For example, where rights over the subsoil beneath the highway, are required from owners of that land in connection with the Proposed Development, that interest is proposed to be acquired via compulsory acquisition without negotiation or the payment of compensation. Please refer to Section 6.2 of the **Statement of Reasons (EN010166/APP/4.3)** for further explanation of this point.
- 1.1.7 This **Land and Rights Negotiations Tracker (EN010166/APP/4.2)** is one of a number of documents accompanying this DCO Application. It should be read in conjunction with the following documents:
- Land Plans (**EN010166/APP/2.2**);
  - Crown Land Plans (**EN010166/APP/2.3**);
  - Works Plans (**EN010166/APP/2.4**);
  - Draft DCO (**EN010166/APP/3.1**);
  - Statement of Reasons (**EN010166/APP/4.3**); and
  - Book of Reference (**EN010166/APP/4.1**).

- 1.1.8 It is envisaged that this Land and Rights Negotiations Tracker (EN010166/APP/4.2) will be updated at regular intervals throughout Examination, and the latest updates will be included in this document in red text at the relevant deadline.
