

Submission ID: SAC5116C7

I object to the following proposed development for the negative impact it will have on the local community, the destruction of valuable agricultural land, destroying of beautiful wildlife/habitats. This development does not have the local community or nature's best interests at heart. The proposed development would also increase flood risk and cause long term damage.

I highly object. I do not support this development and I am concerned for the future of the area.
