Dear Sir/Madam

Planning Act 2008 (Section 89) and The Infrastructure Planning (Examination Procedure) Rules 2010 (Rules 8(3) and 9)

Application by Lime Down Solar Park Limited for an order granting development consent for the Lime Down Solar Project

Procedural Decision Amending the Examination Timetable

We write to inform you of a procedural decision made by the Examining Authority (ExA) to amend the examination timetable. The amended timetable is set out in **Annex A** but in summary it makes provision for closing statements and final statements of common ground to be submitted at deadline 8, rather than at deadline 7.

The ExA is making this change to enable IPs to have the opportunity to comment on any revised (and final) documents submitted by the applicant at deadline 7. However, those comments should be provided in a closing statement only (and/ or final statement of common ground) and not through multiple document submissions. The ExA reserves the right not to accept and publish any submission that is not a closing statement (or a statement of common ground between the parties).

If you have any questions about the content of this letter, please contact the case team on the details above.

Yours faithfully

Janine Laver

Lead Member of the Examining Authority

***Note about the close of examination date**

The ExA is under a duty to complete the examination of the application by the end of the period of 6 months beginning with the day after the close of the preliminary meeting. The ExA may however decide to close the examination earlier than the date specified in the examination timetable above if it considers that the application and relevant matters have been examined adequately.

Report on the Implications for European Sites (RIES)

Where an applicant has provided a No Significant Effects Report or a Habitats Regulations Assessment (HRA) Report with the application, the ExA may decide to issue a RIES during the examination. The RIES is a factual account of the information and evidence provided to the ExA on HRA matters during the examination up to the date of the publication of the RIES, for the purposes of enabling the SoS, as competent authority, to undertake its HRA. It is not the ExA's opinion on HRA matters. Comments on the RIES will be invited by the ExA and any received will be taken into account as part of the ExA's recommendation to the Secretary of State. The ExA may also raise questions in the RIES to confirm or clarify matters that remain outstanding. The SoS may rely on the consultation on the RIES to meet its obligations under regulation 63(3) of The Habitats Regulations 2017 and/ or Regulation 28 of The Offshore Marine Regulations.
