1 Introduction

1.1 Purpose of this document

- 1.1.1 This document has been prepared to provide the Examining Authority (ExA) with the latest position on Statements of Common Ground (SoCG) between Lime Down Solar Park Limited (the Applicant) and SoCG parties comprising the host Local Authorities, statutory bodies, statutory undertakers and other Interested Parties (the 'parties') in relation to the proposed Lime Down Solar Park (the 'Scheme').
- 1.1.2 This document provides the position on various matters at Deadline 7.
- 1.1.3 The Applicant will, for each deadline during the course of the Examination, update this Statement of Commonality as a record of the progress being made with the SoCG parties. When sufficient progress has been made on agreements between parties, this document will also discuss those areas of commonality between parties to enable the efficient resolution and focusing in on the remaining issues.
- 1.1.4 The Applicant notes that since Deadline 6, the ExA has published the revised timetable for the submission of final SoCGs within the Rule 8(3) Letter **[PD-018]**. The timetable revision clarifies that final SoCGs should be submitted at Deadline 8, rather than Deadline 7. This document has been updated to reflect the timetable change.

1.2 Structure of this Document

- 1.1.5 This Statement of Commonality is structured as follows:
- Section 2 details the structure of each SoCG document. **Table 2** provides a full list of SoCGs being produced and sets out an overview of the status of each SoCG being submitted at Deadline 8, when final and signed SoCGs are required (unless a signed SoCG has already been submitted);
 - Section 3 sets out the commonality between SoCGs; and
 - Section 4 provides a narrative on specific topic areas for each SoCG being progressed.

2 Statement of Common Ground

2.1 Structure of SoCGs

- 2.1.1 Each SoCG adopts a standard format to ensure consistency in the approach taken to documenting matters agreed, matters subject to ongoing discussion or matters not agreed.
- 2.1.2 Each SoCG is structured as follows:
- Section 1 provides an introduction to the SoCG, identifies the relevant parties and describes the purpose of the document;
 - Section 2 summarises the parties' engagement undertaken to date; and
 - Section 3 details those matters agreed, those matters under discussion and those matters which have not been agreed.
