--	--

The Inspectorate has re-considered the likelihood of transboundary effects resulting from the proposed development, taking into account any changes that have been made to the proposed development since the previous transboundary screening process was undertaken.

The Inspectorate considers that the proposed development is **unlikely to have a significant effect either alone or cumulatively on the environment in a European Economic Area State**. This position will remain under review and will have regard to any new or materially different information coming to light which may alter that decision.

**Action:** No further action required at this stage.

**Date:** 29 April 2026

**Note:** The SoS' duty under regulation 32 of The 2017 EIA Regulations continues throughout the application process.

**Note:**

The Inspectorate's screening of transboundary issues is based on the relevant considerations specified in the annex to its Advice Page, Nationally Significant Infrastructure Projects: Advice on Transboundary Impacts and Process, available on the Advice page collection at gov.uk: ['Nationally Significant Infrastructure Projects: Advice on Transboundary Impacts and Process'](#).
