3. Book of Reference – Parts 1 to 5 **12**

1. Introduction

1.1. Overview

1.1.1. This **Book of Reference** (Doc Ref. 4.3) forms part of an application by Meridian Solar Farm Limited to the Secretary of State under the Planning Act 2008 (the 'Act') for a Development Consent Order (the DCO Application) for the Scheme.

1.1.2. The DCO Application is for a Nationally Significant Infrastructure Project (NSIP) comprising the construction, operation (including maintenance) and decommissioning of a solar PV electricity generating station with associated infrastructure, including co-located Battery Energy Storage System (BESS), Inter-Array Connections to link the land parcels that form the Solar Development Areas, and an up to 13km overhead line Grid Connection (with one short undergrounded section) which would run north towards a point of connection (PoC) at the proposed Weston Marsh B National Grid Electricity Transmission (NGET) substation, to the north of Weston .

1.1.3. The Solar PV generating station, associated BESS, on-site substations and other associated infrastructure would be located within four land parcels (A, B, C and D) referred to collectively as the Solar Development Area, as shown in **ES Figure 1-1** (Doc Ref. 6.2).

1.1.4. The Inter-Arrays would be the areas within which 132kV connection cables (the 'Inter-Array Connections') would link the land parcels of the Solar Development Area. The configuration of the Inter-Array Connections (132kV) would comprise underground cabling between Land Parcels A and B ('the Underground Inter-Array') and an overhead line between Land Parcels C and D (the Overground Inter-Array').

1.1.5. The Grid Connection Route would be the area between the Solar Development Area and the National Grid Weston Marsh B Substation in which a 400kV overhead line (the 'Grid Connection') would be located. There is one section where the Grid Connection would route underground to avoid conflicts with an existing 132kV overhead line. Cable Sealing End Compounds (CSECs) would join the proposed underground cable at that section with the proposed overhead line.

1.1.6. The Site constitutes the total land area within the Order Limits of the Scheme, including the Solar Development Area, Inter-Array Connections and Grid

Connection Route. A summary of the areas for each part of the Scheme is provided below:

- Solar Development Area - Land Parcel A: 197ha
- Solar Development Area - Land Parcel B: 335ha
- Solar Development Area - Land Parcel C: 205ha
- Solar Development Area - Land Parcel D: 330ha
- Underground Inter-Array between Land Parcel A & B: 15ha
- Overhead Inter-Array between Land Parcel C & D: 46ha
- Grid Connection Route: 510ha
- Site (total): 1616ha1*

1.1.7. The Scheme comprises a generating station of more than 100 MW and the installation of overhead line greater than two kilometres in length (with one short underground section) which would run towards a point of connection (PoC) at the proposed Weston Marsh B National Grid Electricity Transmission (NGET) substation, to the north of Weston. The Scheme therefore qualifies as an NSIP under sections 14(1)(a), 14(1)(b), 15(2) and 16 of the Act.

1.1.8. The purpose of this **Book of Reference** (Doc Ref. 4.3) has been prepared and submitted in compliance with Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the "2009 Regulations"), as amended, and in accordance with the Department for Communities and Local Government guidance 'Planning Act 2008: Guidance related to procedures for compulsory acquisition' (September 2013). It has also been prepared in accordance with Regulation 7 of the 2009 Regulations.

1.1.9. As this **Book of Reference** (Doc Ref. 4.3) is part of the application documentation it should be read in conjunction with the **Land and Crown Land Plans** (Doc Ref. 2.4), the **Special Category Land Plans** (Doc Ref. 2.5), the Statement of Reasons (Doc Ref. 4.1) and the **Draft DCO** (Doc Ref. 3.1).

1.1.10. This **Book of Reference** (Doc Ref. 4.3) is divided into five Parts as prescribed by Regulation 7(1) of the 2009 Regulations. Each of the five Parts is described in the next chapter, together with a brief commentary on how the requirements in the

[1] Note the sum of parts for the areas of the Scheme exceeds the total area of the Order Limits due to an overlap of the Grid Connection Route with Solar Development Area Land Parcel B.

Regulations and the related definitions in the Act have been interpreted and applied to the collation of each Part of the **Book of Reference** (Doc Ref. 4.3).

1.1.11. All plot area measurements in this **Book of Reference** (Doc Ref. 4.3) are approximate, as these measurements are given in square metres, and each measurement is rounded up to the nearest whole square metre.

2. Book of Reference Description

2.1. Part 1

2.1.1. Part 1 of the **Book of Reference** (Doc Ref. 4.3) is described in Regulation 7(1)(a) of the 2009 Regulations, as follows;

"Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to –

(i) *powers of compulsory acquisition*;

(ii) *rights to use land, including the right to attach brackets or other equipment to buildings; or*

(iii) *rights to carry out protective works to buildings"*

2.1.2. Part 1 of this **Book of Reference** (Doc Ref. 4.3) contains the names and addresses of each person within Categories 1 and 2, as set out in Section 57 of the Act, along with the area of each plot of land in which the development will be carried out.

2.1.3. A person is within Category 1, as defined in Section 57 of the Act, if the applicant after making diligent inquiry, knows that they are an owner, lessee, tenant, or occupier of the land. A person is within Category 2 if they are interested in the land or have the power to sell and convey or release the land.

2.1.4. The **Book of Reference** (Doc Ref. 4.3) class of rights to be acquired or power to be used column includes the reference to the principal land use power(s) sought in the **Draft DCO** (Doc Ref. 3.1) in respect of that particular plot. This assigns each plot a class of interest, rights or powers:

- In respect of plots shaded brown (Class 1) on the **Land and Crown Land Plans** (Doc Ref. 2.4), where the Applicant proposes to acquire the land (on an outright and permanent basis), the class of right to be acquired or power to be used includes this wording: "Compulsory Acquisition of Land..."
- In respect of plots shaded light green (Class 2), dark green (Class 3) and blue (Class 4) on the **Land and Crown Land Plans** (Doc Ref. 2.4), where the Applicant proposes to create and acquire new rights over land (including the right to impose restrictive covenants to protect the new tunnel), class of right to be acquired or power to be used includes this wording: "Compulsory Acquisition of Rights or Permanent Access for...";

- In respect of plots shaded pink (Class 5) on the **Land and Crown Land Plans** (Doc Ref. 2.4), where the Applicant proposes to possess and use land temporarily, the class of right to be acquired or power to be used includes this wording: "Temporary Access for…"

2.1.5. While the **Land and Crown Land Plans** (Doc Ref. 2.4) and this Book of Reference set out the principal class of right sought within the **Draft DCO** (Doc Ref. 3.1), as reflected in **Table 2-1** below, powers are also sought for the use of the subordinate rights to that principal right. This means, for example that where a plot refers to Class 1, powers to obtain all other classes of rights are also sought for that plot. This is to enable the undertaker to seek less extensive rights or interests where appropriate (such as the use of temporary possession powers for construction, or the use of easements or restrictive covenants instead of full acquisition of land).

2.1.6. The categories of wording described above cross-refer to Articles in the **Draft DCO** (Doc Ref. 3.1) as follows:

- Class 1 rights - “Compulsory Acquisition of Land…” – the compulsory acquisition of land pursuant to Article 21 and Article 24 of the **Draft DCO** (Doc Ref. 3.1).
- Class 2, 3 and 4 rights - “Compulsory Acquisition of Rights or Permanent Access for…” – the creation and compulsory acquisition of new rights over land pursuant to Article 24 of the **Draft DCO** (Doc Ref. 3.1).
- Class 5 rights - “Temporary Access for…” – the temporary possession and use of land for the purposes of constructing the authorised development pursuant to Article 31, and for the purposes of maintaining the authorised development pursuant to Article 32 of the **Draft DCO** (Doc Ref. 3.1).

2.1.7. The information above (in paragraphs 2.1.4 and 2.1.6) is summarised in the following **Table 2-1**:

Table 2-1 Relationship between the Land and Crown Land Plans and Draft DCO

Class	Principal relevant DCO article	Colour on Land Plan	Wording used in BoR plot description	Compulsory acquisition power sought	Subordinate class
Class 1 (Compulsory Acquisition of land)	Article 21 and 24	Brown	"All interests and rights in...	Compulsory acquisition of all interests and rights in land (including, as required, subsoil, surface land or airspace)	Classes 2, 3, 4 and 5
Class 2 (Compulsory acquisition of rights for the overhead line and associated development)	Article 24	Light Green	"Acquisition of rights over..."	Creation and compulsory acquisition of new rights (including, where necessary, a right to impose restrictive covenants to protect the overhead line and associated infrastructure)	Classes 3, 4 and 5
Class 3 (Compulsory acquisition of rights for the underground cable system and associated development)	Article 24	Dark Green	"Acquisition of rights over..."	Creation and compulsory acquisition of new rights (including, where necessary, a right to impose restrictive covenants to protect the new underground cable system)	Classes 4 and 5
Class 4 (Compulsory acquisition of rights of access)	Article 24	Blue	"Acquisition of rights over..."	Creation and compulsory acquisition of new rights of access for construction and maintenance	Class 5
Class 5 (Temporary use for the authorised development)	Articles 31 and 32	Pink	"Temporary possession and use of ..."	Temporary possession and use of land	N/A

2.2. Part 2

2.2.1. Part 2 of the **Book of Reference** (Doc Ref. 4.3) is described in Regulation 7(1)(b) of the 2009 Regulations as follows;

"Part 2 contains the names and addresses for service of each person within Category 3 as set out in Section 57"

2.2.2. Part 2 of this **Book of Reference** (Doc Ref. 4.3) contains the names and addresses (if known by the Applicant) of each person within Category 3, as defined by Section 57 of the Act. A person is within Category 3 if the Applicant believes that, if the DCO were to be made and fully implemented, they would or might be entitled to make a relevant claim as defined in section 57(6) of the Act. A relevant claim is a claim under Section 10 of the Compulsory Purchase Act 1965, a claim under Part 1 of the Land Compensation Act 1973, or a claim under Section 152(3) of the Act.

2.2.3. After carrying out diligent inquiries and having carefully assessed the likely significant environmental effects of the proposed Scheme, the Applicant does not consider that any person would be entitled to make a claim under Part 1 of the Land Compensation 1973 or under section 152(1) of the Act 2008.

2.2.4. Part 2 of the **Book of Reference** (Doc Ref. 4.3) therefore includes all relevant interests with the potential to make a claim under section 10 of the Compulsory Purchase Act 1965 or under section 152(3) of the Planning Act 2008, by reason of having the benefit of a right or restrictive covenant over land within the Order Limits that may be affected by the compulsory acquisition powers sought by the Applicant.

2.2.5. Consequently, Part 2 of the **Book of Reference** (Doc Ref. 4.3) does not refer to any interest in land that are outside of the Order Limits.

2.3. Part 3

2.3.1. Part 3 of the **Book of Reference** (Doc Ref. 4.3) is described in Regulation 7(1)(c) of the 2009 Regulations as follows;

"Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with"

2.3.2. Part 3 of this **Book of Reference** (Doc Ref. 4.3) contains the names of all those with easements or other private rights over land which it is proposed shall be

extinguished, suspended or interfered with pursuant to the exercise of powers in the DCO.

2.3.3. Certain relevant Category 2 persons included within Part 1 of the **Book of reference** (Doc Ref. 4.3) have also been included within Part 3 where their rights may be considered to be affected. Examples include tenants of the land, or statutory undertakers with services in or under the land, and whose rights over the land are likely to be affected whether the land is required permanently or temporarily.

2.4. Part 4

2.4.1. Part 4 of the **Book of Reference** (Doc Ref. 4.3) is described in Regulation 7(1)(d) of the 2009 Regulations, this states;

"Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made"

2.4.2. The Order Limits include Crown Land held by The King's Most Excellent Majesty In Right Of His Crown.

2.5. Part 5

2.5.1. Part 5 of the **Book of Reference** (Doc Ref. 4.3) is described in Regulation 7(1)(e) of the 2009 Regulations, this states:

"Part 5 specifies land –

(i) the acquisition of which is subject to special parliamentary procedure;

(ii) which is special category land;

(iii) which is replacement land"

2.5.2. Part 5 of this **Book of Reference** (Doc Ref. 4.3) specifies land that the acquisition of which may be subject to special parliamentary procedure, is special category land or is replacement land.

2.5.3. The **Draft DCO** (Doc Ref. 3.1) proposes the permanent acquisition of rights for the overhead line and associated development (Class 2); the permanent acquisition of rights for access (Class 4); and the temporary acquisition of land and rights over land (Class 5) that is common land and which engages sections 132 of the Planning Act 2008. The Applicant will not be seeking to provide replacement common land as we are satisfied that the tests would be met under

section 132(3) because the rights that would burden the land will ensure access and use of the common land is no less advantageous than it was before to:

(i) Persons whom it is vested;

(ii) other persons, if any, entitled to rights of common or other rights;

(iii) the public"

2.5.4. The **Special Category Land Plans** (Doc Ref. 2.5) and Part 5 of the **Book of Reference** (Doc Ref. 4.3) also identify plots of common land. As this land would engage sections 132 of the Planning Act 2008 it is shown on the **Special Category Land Plans** (Doc Ref. 2.5) and listed in Part 5 of the **Book of Reference** (Doc Ref. 4.3) for explanation purposes only.

2.6. Book of Reference Notes

2.6.1. Part 1 of this **Book of Reference** (Doc Ref. 4.3) provides the area in square metres of each plot of land included in the DCO. All plot measurements should be read as being approximated. This is because these measurements are given in square metres and each measurement is rounded up to the nearest whole square metre.

2.6.2. Each plot of land shown in this **Book of Reference** (Doc Ref. 4.3) has been given a unique reference. The first number relates to the **Land and Crown Land Plans** (Doc Ref. 2.4) sheet on which the plot is located. The second number differentiates between each plot sequentially. The numbers given to each plot are generally assigned from west to east across each sheet for Section A and south to north across each sheet for Section B.

3. Book of Reference – Parts 1 to 5

Description	Page number(s)
Book of Reference – Part 1	1 – 550
Book of Reference – Part 2	551 – 649
Book of Reference – Part 3	650 – 750
Book of Reference – Part 4	751 – 752
Book of Reference – Part 5	753
