5. Other Interests 8
6. Section Notes 9

1. Introduction

1.1. Overview

1.1.1. This **Land Rights Tracker** (Doc Ref. 4.4) forms part of an application by Meridian Solar Farm Limited to the Secretary of State under the Planning Act 2008 (the 'Act') for a Development Consent Order (the DCO Application) for the Scheme.

1.1.2. The Scheme would comprise the construction, operation (including maintenance) and decommissioning of a solar PV electricity generating station with associated infrastructure, including co-located Battery Energy Storage System (BESS), Inter-Array Connections to link the land parcels that form the Solar Development Areas, and an up to 13km overhead line Grid Connection (with one short undergrounded section) which would run north towards a point of connection (PoC) at the proposed Weston Marsh B National Grid Electricity Transmission (NGET) substation, to the north of Weston.

1.1.3. The Solar PV generating station, associated BESS, on-site substations and other associated infrastructure would be located within four land parcels (A, B, C and D) referred to collectively as the Solar Development Area, as shown in **ES Figure 1-1** (Doc Ref. 6.2).

1.1.4. The Inter-Arrays would be the areas within which 132kV connection cables (the 'Inter-Array Connections') would link the land parcels of the Solar Development Area. The configuration of the Inter-Array Connections (132kV) would comprise underground cabling between Land Parcels A and B ('the Underground Inter-Array') and an overhead line between Land Parcels C and D ('the Overground Inter-Array').

1.1.5. The Grid Connection Route would be the area between the Solar Development Area and the National Grid Weston Marsh B Substation in which a 400kV overhead line (the 'Grid Connection') would be located. There is one section where the Grid Connection would route underground to avoid conflicts with an existing 132kV overhead line. Cable Sealing End Compounds (CSECs) would join the proposed underground cable at that section with the proposed overhead line.

1.1.6. The Site constitutes the total land area within the Order Limits of the Scheme, including the Solar Development Area, Inter-Array Connections and Grid Connection Route. A summary of the areas for each part of the Scheme is provided below:

- Solar Development Area - Land Parcel A: 197ha
- Solar Development Area - Land Parcel B: 335ha
- Solar Development Area - Land Parcel C: 205ha
- Solar Development Area - Land Parcel D: 330ha
- Underground Inter-Array between Land Parcel A & B: 15ha
- Overhead Inter-Array between Land Parcel C & D: 46ha
- Grid Connection Route: 510ha
- Site (total): 1616ha[1]

1.1.7. This **Land Rights Tracker** (Doc Ref. 4.4) has been prepared to provide the details of each person with a landholding within the Order limits and explains the status of the negotiations with these affected persons in relation to the Development Consent Order (DCO) Application for the construction, operation, maintenance, and decommissioning of the Scheme. It has been based on the "Detailed land and rights negotiations tracker template" provided within the Planning Inspectorate's Nationally Significant Infrastructure Projects: 2024 Pre-application Prospectus (as last updated 4 November 2025).

1.1.8. In addition to landowners, the **Land Rights Tracker** (Doc Ref. 4.4) sets out the land interests held by statutory undertakers in a separate table, enabling the status of negotiations with these statutory undertakers to be set out including progress made to agree the form of protective provisions to be included in the DCO.

[1] *Note the sum of parts for the areas of the Scheme exceeds the total area of the Order Limits due to an overlap of the Grid Connection Route with Solar Development Area Land Parcel B.*

2. Part 1 – Category 1 Interests (Owners, Occupiers, Lessees or Tenants)

2.1.1. Part 1 of the **Land Rights Tracker** (Doc Ref. 4.4) includes all Category 1 owners identified with the **Book of Reference** (Doc Ref. 4.3) where all acquisition of freehold land, permanent rights and temporary possession is required and the landowner is able to provide proof of title.

2.1.2. Category 1 occupiers, lessees and tenants have also been included within the **Land Rights Tracker** (Doc Ref. 4.4). Typically, negotiations are ongoing with the freehold owner of the land for the rights required for the Scheme. The **Land Rights Tracker** (Doc Ref. 4.4) sets out where this is the case for a given occupier, lessee or tenant.

2.1.3. The following adjustments to the Planning Inspectorate "Detailed land and rights negotiations tracker template" are noted in respect of the layout and columns of Part 1:

- The "Plan reference number" column has been deleted as the **Land and Crown Land Plans** (Doc Ref. 2.4) is the relevant plan for all rows.
- The Category 1 and 2 columns have been replaced with "Nature of interest" column to specify whether the interest is an Owner, Lessee or tenant or Occupier, as part 1 applies to Category 1 land interests.
- The interested party/affected person reference number has been deleted as no such numbers have been created for the application. Should PINS request, this column could be readded to later versions of the **Land Rights Tracker** (Doc Ref. 4.4).
- The "Written representation reference number", "Relevant representation reference number", "Other document reference number" and "Applicant's response references" columns have been deleted as these are not relevant at the time of application. Should notable representations be made during Examination relating to land interests these columns could be readded to the **Land Rights Tracker** (Doc Ref. 4.4).
- The "Duration of temporary rights" column has been deleted as all plots are subject to temporary possession rights as described in Articles 32 and 33 of the DCO.

- The “Special Category” and “Statutory Undertaker” related columns have been deleted as these interests are dealt with in Parts 2 and 3 of the **Land Rights Tracker** (Doc Ref. 4.4).

3. Part 2 – Statutory Undertakers

3.1.1. Part 2 of the **Land Rights Tracker** (Doc Ref. 4.4) includes interests identified as a statutory undertaker within Part 1 of the **Book of Reference** (Doc Ref. 4.3) and provides commentary in respect of the protective provisions and any voluntary agreements being sought.

3.1.2. The following adjustments to the Planning Inspectorate "Detailed land and rights negotiations tracker template" are noted in respect of the layout and columns of Part 2:

- The "Plan reference number" column has been deleted as the **Land Plan and Crown Land Plans** (Doc Ref. 2.4) is the relevant plan for all rows.
- The Category 1 and 2 columns have been replaced with a "Category" column to specify the nature of interest for the statutory undertaker asset in question.
- The interested party/affected person reference number has been deleted as no such numbers have been created for the application. Should PINS request, this column could be readded to later versions of the **Land Rights Tracker** (Doc Ref. 4.4).
- The "Written representation reference number", "Relevant representation reference number", "Other document reference number" and "Applicant's response references" columns have been deleted as these are not relevant at the time of application. Should notable representations be made during Examination relating to land interests these columns could be readded to the **Land Rights Tracker** (Doc Ref. 4.4).
- The "Duration of temporary rights" column has been deleted as all plots are subject to temporary possession rights as described in Articles 32 and 33 of the DCO.
- The "Special Category" related columns have been deleted as these interests are dealt with in Part 3 of the **Land Rights Tracker** (Doc Ref. 4.4).

4. Part 3 – Crown Interests

4.1.1. Part 3 of the **Land Rights Tracker** (Doc Ref. 4.4) includes all Crown interests identified within the **Book of Reference** (Doc Ref. 4.3) where acquisition of land and/or rights is required and provides commentary in respect of any agreements being sought.

4.1.2. The following plots have been identified as Crown land within the Order Limits: A11-10 (in respect of mines and minerals) and A12-9 (in respect of subsoil up to half width of highway).

4.1.3. The following adjustments to the Planning Inspectorate "Detailed land and rights negotiations tracker template" are noted in respect of the layout and columns of Part 3:

- The "Plan reference number" column has been deleted as the **Land and Crown Land Plans** (Doc Ref. 2.4) is the relevant plan for all rows.
- The Category 1 and 2 columns have been replaced with a "Category" column to specify the nature of interest for the Crown land/interests in question.
- The interested party/affected person reference number has been deleted as no such numbers have been created for the application. Should PINS request, this column could be readded to later versions of the **Land Rights Tracker** (Doc Ref. 4.4).
- The "Written representation reference number", "Relevant representation reference number", "Other document reference number" and "Applicant's response references" columns have been deleted as these are not relevant at the time of application. Should notable representations be made during Examination relating to land interests these columns could be readded to the **Land Rights Tracker** (Doc Ref. 4.4).
- The "Duration of temporary rights" column has been deleted as all plots are subject to temporary possession rights as described in Articles 32 and 33 of the DCO.
- The "Statutory Undertaker" related columns have been deleted as these interests are dealt with in Part 2 of the **Land Rights Tracker** (Doc Ref. 4.4).

5. Other Interests

5.1.1. Where a land interest is identified within the **Book of Reference** (Doc Ref. 4.3) as having an interest in respect of the subsoil beneath a public adopted highway, this interest is listed in this **Land Rights Tracker** (Doc Ref. 4.4) as no voluntary property rights are being sought (excluding the Crown). These plots are included in respect of the relevant highways authority for completion, and engagement with the relevant highways authorities is ongoing as part of the DCO process.

5.1.2. Where a land interest is identified within the **Book of Reference** (Doc Ref. 4.3) as having a riparian interest in respect of half width of drain or drains, this interest is listed in this **Land Rights Tracker** (Doc Ref. 4.4) as no voluntary property rights are being sought. This is because the impact the Scheme would have on those interests would be negligible and therefore it would not be appropriate for those interests to be acquired.

5.1.3. The Applicant is not seeking to enter into any voluntary agreement with land owned by Category 3 interests identified in the **Book of Reference** (Doc Ref. 4.3) that are located outside of the Order Limits. Category 3 interests have therefore been excluded from the **Land Rights Tracker** (Doc Ref. 4.4).

6. Section Notes

6.1.1. The Applicant also notes that this Land Rights Tracker should be read in conjunction with the following documents:

- **Land and Crown Land Plans** (Doc Ref. 2.4)
- **Works Plan** (Doc Ref. 2.3)
- **Draft Development Consent Order** (**draft DCO**) (Doc Ref. 3.1)
- **Book of Reference** (Doc Ref. 4.3)
- **Statement of Reasons** (Doc Ref. 4.1)

Meridian Solar Farm Detailed Land and Rights Negotiations Tracker

The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information and has been engaged regarding survey access since February 2025. The Applicant issued Heads of Terms (HoTs) to the Agent and the Affected Person(s) in January 2026. The Applicant followed up regarding the HoTs to the Affected Person(s) in March 2026. The Applicant was made aware by the Affected Person(s) and their agents they have joined the Land Interest Group (LIG) for Meridian Solar Farm. The Applicant and the LIG had a meeting on 13th April 2026 and (in-person) 27th July 2026 to discuss matters related to the Scheme and the HoTs. The Applicant contacted the Affected Person(s)' Agent to ask for feedback on 12th August 2026 regarding client specific points related to proposed infrastructure. The Applicant enquired as to whether the Agent and Affected Person(s) would be agreeable to meeting on site to discuss siting of infrastructure. In August 2026, the Applicant confirmed that Option Area and indicative infrastructure plans had been provided to Affected Person(s). The Applicant proposed site meetings with Agents and Affected Person(s) to discuss infrastructure siting, access requirements, and stakeholder concerns. These meetings would also consider micro-siting opportunities and measures to mitigate construction and operational impacts. The Applicant has remained engaged with the Affected Person(s) Agent regarding matters associated with the HoTs and regarding the Scheme's requirement on their client (Affected Person(s)) land - week commencing 17th August and 27th August 2026. The LIG responded to the Applicant regarding the HoTs on the 3rd September 2026. The Applicant and the LIG had a meeting on the 14th September 2026 (in-person) to discuss matters related to the Scheme and the HoTs. The Applicant and the LIG agreed to hold the next in person meeting on 26th October 2026. The Applicant requested feedback on the 20th October 2026 from the LIG regarding the revised HoTs. The LIG responded to the Applicant regarding the revised HoTs on the 23rd October 2026. The Applicant reviewed and issued updated HoTs on the 24th October 2026. The Applicant the LIG had a meeting on the 26th October (in-person) to discuss matters related to the Scheme and the updated HoTs (issued on the 24th October 2026).	Ongoing	No	23/10/2026
B5-26, B5-27	Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure	RR-004	Andrea Jane Rhodes, Stephen Frank Rhodes	Owner	N/A	The Applicant has been corresponding with the Affected Person since 2026. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information and has been engaged regarding survey access since February 2026. The Applicant has issued a update letter in regard to those identified within the Order Limits but who are not subject to apparatus on or over their property, to discuss how the Scheme may impact the Affected Person(s) in March 2026. The Applicant followed up (via email/phone call) to the Affected Person(s) to offer a meeting to discuss how the Scheme may impact their land and to update them on the ongoing DCO process in August and September 2026. The Applicant is awaiting a response. The Applicant emailed the Affected Person(s) on 21st September 2026 to ask if they would be willing to join an online meeting to discuss the impact of the Scheme on their land. The Affected Person(s) responded on 22nd September 2026 to advise they are amenable to speak with the Applicant online. The Applicant to schedule a meeting with the Affected Person(s) in November 2026.	Not required	Not required	23/10/2026
A7-13, A7-15, A7-25, A7-29, A7-30, A7-31, A7-32	Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure Class 4 - Permanent Access for Construction, Operation and Decommissioning Class 5 - Temporary Access for Construction		Andrew Martin King, Elizabeth Mary McRoberts, Frederick David King	Owner	N/A	The Applicant has been corresponding with the Affected Person since 2025. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information and has been engaged regarding survey access since February 2025. The Applicant issued Heads of Terms (HoTs) to the Affected Person(s) in January 2026. The Applicant has followed up regarding the HoTs to the Affected Person(s) in March 2026. The Applicant followed up with the Affected Person(s) to discuss the HoTs in May 2026. The Affected Person(s) informed the Applicant that they do not wish to engage with the HoTs or matters related to the Scheme in June 2026. The Applicant wrote to the Affected Person(s) on 22nd September 2026 to ask them to confirm if their position of non-engagement remains, or alternatively if they would like to engage that they contact the Applicant / advise of the appointment of an Agent to act on their behalf. The Applicant is awaiting a response.	Ongoing	No	23/10/2026
B2-117, B2-122, B2-123, B2-125, B2-126, B2-128	Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure Class 4 - Permanent Access for Construction, Operation and Decommissioning Class 5 - Temporary Access for Construction	RR-009	Andrew Pearce	Occupier/Tenant	N/A	The Applicant has been corresponding with the Affected Person since 2025. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information and has been engaged regarding survey access since May 2025. The Applicant remains engaged with the freehold owner of the land for the rights required for the scheme. The Applicant is engaged with Land Interest Group (LIG) of which the freehold owner(s) agent is part of. A meeting was held on the 14th September 2026 (inperson) to discuss matters related to the scheme and the Heads of Terms (HoTs). The applicant has also previously requested confirmation of tenant/occupier details and is awaiting a response but followed up in the LIG meeting that took place on 14th September 2026 (in-person). The Applicant and the LIG had a meeting on the 14th September (in-person) to discuss matters related to the Scheme and the HoTs. The Applicant followed up with revised HoTs on the 25th September 2026 to the LIG. The Applicant requested feedback on the 20th October 2026 from the LIG regarding the revised HoTs. The LIG responded to the Applicant regarding the revised HoTs on the 23rd October 2026. The Applicant reviewed and issued updated HoTs on the 24th October 2026. The Applicant the LIG had a meeting on the 26th October (in-person) to discuss matters related to the Scheme and the updated HoTs (issued on the 24th October 2026).	Not required	Not required	23/10/2026
B4-23, B4-27	Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure Class 4 - Permanent Access for Construction, Operation and Decommissioning		Beryl Holden, Tony Holden	Owner	N/A	The Applicant has been corresponding with the Affected Person since 2025. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information since February 2026. The Applicant has issued a update letter in regard to those identified within the Order Limits but who are not subject to apparatus on or over their property, to discuss how the Scheme may impact the Affected Person(s) in March 2026. The Applicant followed up with a letter on 22nd September 2026 to the Affected Person(s) to offer a meeting to discuss how the Scheme may impact their land and to update them on the ongoing DCO process in September 2026.	Not required	Not required	23/10/2026
B5-10, B5-11	Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure		Cameron Robert Whitworth, Jutta Whitworth-Biehler	Owner	N/A	The Applicant has been corresponding with the Affected Person since 2025. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information since February 2025. The Applicant has issued a update letter in regard to those identified within the Order Limits but who are not subject to apparatus on or over their property, to discuss how the Scheme may impact the Affected Person(s) in March 2026. The Applicant followed up (via email/phone call) to the Affected Person(s) to offer a meeting to discuss how the Scheme may impact their land and to update them on the ongoing DCO process in September 2026. The Applicant is awaiting a response.	Not required	Not required	22/09/2026

B3-91, B3-95, B3-96, B3-98, B3-99, B3-100, B3-101, B3-102, B3-103, B3-105, B3-107, B3-108, B3-110, B3-117	Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure Class 4 - Permanent Access for Construction, Operation and Decommissioning Class 5 - Temporary Access for Construction	RR-020	Carlton James Lane	Owner	N/A	The Applicant has been corresponding with the Affected Person since 2025. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information and has been engaged regarding survey access since February 2025. The Applicant issued Heads of Terms (HoTs) to the Affected Person(s) in January 2026 and remains engaged. The Applicant remains engaged with the Affected Person(s) on the HoTs and is in discussion about how the Scheme and its impacts in March 2026. The Applicant has had ongoing discussions with the Affected Person regarding the impact of Scheme on their land on 22nd June 2026. The Applicant met with the Affected Person on Site on 3rd August 2026 regarding the temporary impact of Scheme on their land and to discuss the HoTs further. The Affected Person requested further clarity on the Applicant's route design methodology and clarification on the Applicant's interaction with the potential Schemes in the area. The Applicant contacted an Agent on 14th October 2026 who previously has advised they represent the Affected Person(s). The Affected Person(s) has previously advised that they had not instructed an Agent to represent them in negotiations related to the Scheme. The Applicant has asked the Agent to confirm if they have now been engaged to act by their client with regards to the Scheme.	Ongoing	No	23/10/2026

The Applicant has issued a Request for Information (RFI) to capture any changes in land ownership information and an engagement letter to discuss how the Scheme impacts the Affected Person(s) in March 2026. The Applicant has issued a update letter in regard to those identified within the Order Limits but who are not subject to apparatus on or over their property, to discuss how the Scheme may impact the Affected Person(s) in March 2026. The Applicant followed up with a letter to the Affected Person(s) on 22nd September 2026 to offer a meeting to discuss how the Scheme may impact their land and to update them on the ongoing DCO process in September 2026. The Applicant is awaiting a response.	Not required	Not required	23/10/2026
A6-4, A7-11	Class 5 - Temporary Access for Construction		Catherine Mary Pease, Susan Elizabeth Shaw	Owner	N/A	The Applicant has been corresponding with the Affected Person since 2025. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information since February 2026. The Applicant has issued a update letter in regard to those identified within the Order Limits but who are not subject to apparatus on or over their property, to discuss how the Scheme may impact the Affected Person(s) in March 2026. The Applicant followed up (via email/phone call) to the Affected Person(s) to offer a meeting to discuss how the Scheme may impact their land and to update them on the ongoing DCO process in Augst and September 2026. The Applicant is awaiting a response.	Not required	Not required	22/09/2026
A1-10, A1-11, A1-3, A1-7, A1-9	Class 1 - Compulsory Acquisition of Land Class 3 - Compulsory Acquisition of Rights - Underground Cable System Class 5 - Temporary Access for Construction		Christine Elizabeth Branton, Walter David Branton	Owner	Rowley Barclay (Brown & Co)	The Applicant remains engaged with the Agent and the Affected Person(s) and negotiations of the Option agreement are advanced as of January 2026. Option for lease completed on 14th August 2026.	Agreed	Agreed	22/09/2026
B3-59, B3-102, B3-103, B3-104, B3-108, B3-109, B3-110, B3-111, B3-112, B3-113, B3-114, B3-115, B3-116, B3-117, B3-118, B3-119, B3-120, B3-121, B3-122, B3-124	Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure Class 4 - Permanent Access for Construction, Operation and Decommissioning Class 5 - Temporary Access for Construction	RR-026 (C. Dring and S. Dring), RR-210 (W Dring and Sons Limited)	Christopher Stephen Dring, Stephen Walter Dring, W Dring And Sons Limited	Owner	Martha Herring (Hub Rural)	The Applicant has been corresponding with the Affected Person since 2025. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information and has been engaged regarding survey access since February 2025. The Applicant issued Heads of Terms (HoTs) to the Agent and the Affected Person(s) in January 2026. The Applicant followed up regarding the HoTs to the Affected Person(s) in March 2026. The Applicant was made aware by the Affected Person(s) and their agents they have joined the Land Interest Group (LIG) for Meridian Solar Farm. The Applicant and the LIG had a meeting on 13th April 2026 and (in-person) 27th July 2026 to discuss matters related to the Scheme and the HoTs. The Applicant contacted the Affected Person(s)' Agent to ask for feedback on 12th August 2026 regarding client specific points related to proposed infrastructure. The Applicant enquired as to whether the Agent and Affected Person(s) would be agreeable to meeting on site to discuss siting of infrastructure. The Affected Person(s)' Agent advised on 20th August 2026 they are holding direct client discussions in abeyance in lieu of further HoTs negotiations with the Land Interest Group of which they are a member. The Applicant acknowledge the Affected Person(s)' Agent's response on 21st August and asked whether ahead of DCO Examination in September 2026 they can confirm that their clients are fully informed as to the Examination Process. The Applicant advised the Rule 6 Letter and Hearing Notices for w/c 7th September had been published on the Planning Inspectorate's website. The Affected Person(s)' Agent advised on 2nd September 2026 that their client has been advised of the Examination Process. In August 2026, the Applicant confirmed that Option Area and indicative infrastructure plans had been provided to Affected Person(s). The Applicant proposed site meetings with Agents and Affected Person(s) to discuss infrastructure siting, access requirements, and stakeholder concerns. These meetings would also consider micro-siting opportunities and measures to mitigate construction and operational impacts. The Applicant has remained engaged with the Affected Person(s) Agent regarding matters associated with the HoTs and regarding the Scheme's requirement on their client (Affected Person(s)) land - week commencing 17th August and 27th August 2026. The LIG responded to the Applicant regarding the HoTs on the 3rd September 2026. The Applicant and the LIG had a meeting on the 14th September 2026 (in-person) to discuss matters related to the Scheme and the HoTs. The Applicant and the LIG agreed to hold the next in person meeting on 26th October 2026. The Applicant requested feedback on the 20th October 2026 from the LIG regarding the revised HoTs. The LIG responded to the Applicant regarding the revised HoTs on the 23rd October 2026. The Applicant reviewed and issued updated HoTs on the 24th October 2026. The Applicant the LIG had a meeting on the 26th October (in-person) to discuss matters related to the Scheme and the updated HoTs (issued on the 24th October 2026).	Ongoing	No	23/10/2026

A9-6, A9-7, A9-9, A9-11, A9-13	Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure Class 5 - Temporary Access for Construction	RR-062	Master Taylor McGuire	Owner	Richard Start (R. Longstaff & Co LLP), (Chairman of Land Interest Group) & Alice Peach (R. Longstaff & Co LLP)	The Applicant has been corresponding with the Affected Person since 2025. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information and has been engaged regarding survey access since February 2025. The Applicant issued Heads of Terms (HoTs) to the Agent and the Affected Person(s) in January 2026. The Applicant is engaged with the Agent of the Affected Person(s) in regards to the Heads of Terms in March 2026. This agent is also part of the Land Interest Group (LIG). The Applicant has been informed of a future change in Landownership and is seeking confirmation of the new owner and any tenants. The Applicant has been made aware of a change of landownership in March 2026. The Applicant was made aware by the Affected Person(s) and their agents they have joined the LIG for Meridian Solar Farm. The Applicant and the LIG had a meeting on 13th April and (in-person) 27th July 2026 to discuss matters related to the Scheme and the HoTs. The Applicant contacted the Affected Person(s) Agent on the 17th August 2026 to ask for feedback regarding client specific points related to proposed infrastructure. The Applicant enquired as to whether the Agent and Affected Person(s) would be agreeable to meeting on site to discuss siting of infrastructure. On 18 August 2026, the Agent advised that meetings with affected landowners would be premature until HoTs had been agreed in principle (via the LIG). They also considered that the Project design and survey information were not yet sufficiently advanced to support meaningful discussions. In August 2026, the Applicant confirmed that Option Area and indicative infrastructure plans had been provided to Affected Person(s). The Applicant proposed site meetings with Agents and Affected Person(s) to discuss infrastructure siting, access requirements, and stakeholder concerns. These meetings would also consider micro-siting opportunities and measures to mitigate construction and operational impacts. The Applicant has remained engaged with the Affected Person(s) Agent regarding matters associated with the HoTs and regarding the Scheme's requirement on their client (Affected Person(s)) land - week commencing 17th August and 27th August 2026. The LIG responded to the Applicant regarding the HoTs on the 3rd September 2026. The Applicant and the LIG had a meeting on the 14th September (in-person) to discuss matters related to the Scheme and the HoTs. The Applicant followed up with revised HoTs on the 25th September 2026 to the LIG. The LIG responded to the Applicant regarding the revised HoTs on the 23rd October 2026. The Applicant issued updated HoTs on the 24th October 2026. The Applicant the Land Interest Group (LIG) had a meeting on the 26th October (in-person) to discuss matters related to the scheme and the revised HoTs.	Ongoing	No	23/10/2026
B4-85	Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure Class 5 - Temporary Access for Construction		GT4 Auto Repair Services	Occupier/Tenant	N/A	The Applicant has been corresponding with the Affected Person since 2025. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information since May 2025. No response has been received. The Applicant remains engaged with the freehold owner of the land for the rights required for the Scheme. The Applicant is engaged with Land Interest Group (LIG) of which the freehold owner(s) agent is part of. A meeting was held on the 14th September 2026 (inperson) to discuss matters related to the Scheme and the Heads of Terms (HoTs). The applicant has also previously requested confirmation of tenant/occupier details and is awaiting a response but followed up in the LIG meeting that took place on 14th September 2026 (in-person). The Applicant and the LIG had a meeting on the 14th September 2026 (in-person) to discuss matters related to the Scheme and the HoTs. The Applicant and the LIG agreed to hold the next in person meeting on 26th October 2026. The Applicant responded on the 25th September 2026 to the LIG with the latest draft of the HoTs with amends by the Applicant resulting from the LIG meeting held on the 14th September 2026. The Applicant asked the LIG to review the amends and to provide feedback and amends that they had advised they would respond on. The Applicant provided on the 29th September 2026, minutes for the meeting held with the LIG on 14th September 2026. The Applicant requested on 20th October 2026 feedback from the LIG on revised HoTs provided to the LIG on 25th September 2026. The LIG provided responses on 23rd October 2026 to the latest draft of the HoTs provided by the Applicant together with agenda points ahead of the scheduled meeting between the LIG and the Applicant on the 26th October 2026. B5-26, B5-27, B5-28	Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure	RR-071, RR-087	Ian Fred Pennington, Jennifer Anne Pennington	Owner	Robbie Longstaff (R. Longstaff & Co LLP)	The Applicant has been corresponding with the Affected Person since 2026. The Applicant issued Heads of Terms to the Agent and the Affected Person(s) in February 2026. The affected person(s) contacted the applicant in February 2026 following receipt of Heads of Terms. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information in March 2026. The Applicant remains engaged with the Affected Person(s) in regards to the Head of Terms in March 2026. The Applicant sent out revised Heads of Terms with new return date to affected persons May 2026. The Applicant was made aware by the Affected Person(s) and their Agent they have joined the Land Interest Group (LIG) for Meridian Solar Farm. The Applicant and the LIG had a meeting on 13th April and (in-person) 27th July 2026 to discuss matters related to the Scheme and the Heads of Terms. The Applicant contacted the Affected Person(s) Agent (on the 17th August 2026) to ask for feedback regarding client specific points related to proposed infrastructure. The Applicant enquired as to whether the Agent and Affected Person(s) would be agreeable to meeting on site to discuss siting of infrastructure. The Applicant is awaiting a response. The LIG responded on the 18th August 2026 to the Applicant's request to meet with their clients in person with the suggestion that in their view in order to have a meaningful discussion with their client that they would need the Heads of Terms in an agreeable form, agreed via the LIG. The Agent also advised that they did not consider that the Project has advanced enough, with respect to intrusive surveys and detailed design, to enable meaningful discussions with their clients. On 18th August 2026, the Applicant responded to the LIG regarding the facilitation of meetings with its members' clients. The Applicant confirmed that Option Area and indicative infrastructure plans had been provided to the relevant clients and explained that the infrastructure locations shown were indicative, incorporated limits of deviation and were based on considered designs. The Applicant proposed site meetings with Agents and their clients, separate from the ongoing HoTs discussions, to discuss infrastructure siting, construction and maintenance access, stakeholder concerns and potential micro-siting. The Applicant explained that these meetings would also provide an opportunity to consider potential mitigation of construction impacts and the effects of permanent apparatus on affected land The Applicant contacted the LIG on 27th August 2026 to ask if they could provide the wording for the clauses in the Heads of Terms they had advised at the previous meeting they would respond with. The LIG responded to the Applicant on the 3rd September 2026 with comments and amends for specific clauses in the Heads of Terms for the Applicant to review ahead of the next scheduled meeting between the LIG and the Applicant on the 14th September 2026. The Applicant responded on the 25th September 2026 to the LIG with the latest draft of the Heads of Terms with amends by the Applicant resulting from the LIG meeting held on the 14th September 2026. The Applicant asked the LIG to review the amends and to provide feedback and amends that they had advised they would respond on. The Applicant provided on the 29th September 2026, minutes for the meeting held with the LIG on 14th September 2026. The Applicant provided an email to the Affected Person(s)' Agent on the 7th October 2026 and asked for it be forwarded on to the Affected Person(s). The email provided an update on the DCO examination status and advised that the Applicant would like to meet with the Affected Person(s) and their Agent to discuss the scheme in person. The Applicant requested on 20th October 2026 feedback from the LIG on revised Heads of Terms (HoTs) provided to the LIG on 25th September 2026. The LIG provided responses on 23rd October 2026 to the latest draft of the Heads of Terms provided by the Applicant together with agenda points ahead of the scheduled meeting between the LIG and the Applicant on the 26th October 2026 to finalise template for Heads of Terms. The Applicant met with the Affected Person(s) (on site) on the 3rd August 2026 and The Applicant was told by the Affected Person(s) they do not wish to engage at this stage. The Applicant also followed up via a letter to the Affected Person(s) on the 19th August 2026 asking if they are willing to engage/if they still do not wish to engage and requesting written response to confirm their current position. The Applicant is awaiting a response.	Ongoing	No	23/10/2026
A7-38, A7-39, A7-40, A7-42, A7-44, A7-45	Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure Class 5 - Temporary Access for Construction		Keith Hall	Owner	Elizabeth Allen (Elizabeth Allen Land Agents Limited)	The Applicant has been corresponding with the Affected Person since 2025. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information and has been engaged regarding survey access since February 2025. The Applicant issued Heads of Terms (HoTs) to the Agent and the Affected Person(s) in January 2026. The Applicant has followed up regarding the HoTs to the Affected Person(s) in March 2026. The Applicant held a meeting with the Agent June 2026 and has been in ongoing discussions with the Agent and Affected Person(s), following up for HoTs comments. The Applicant was made aware by the Affected Person(s) and their Agents they have joined the Land Interest Group (LIG) for Meridian Solar Farm. The Applicant and the Land Interest Group (LIG) had an in-person meeting on Monday 27th July 2026 to discuss matters related to the Scheme and the HoTs. On 18 August 2026, the Agent advised that meetings with affected landowners would be premature until HoTs had been agreed in principle (via the LIG). They also considered that the Project design and survey information were not yet sufficiently advanced to support meaningful discussions. In August 2026, the Applicant confirmed that Option Area and indicative infrastructure plans had been provided to Affected Person(s). The Applicant proposed site meetings with Agents and Affected Person(s) to discuss infrastructure siting, access requirements, and stakeholder concerns. These meetings would also consider micro-siting opportunities and measures to mitigate construction and operational impacts. The Applicant contacted the Affected Person(s) Agent on the 19th August 2026 to ask for feedback regarding client specific points related to proposed infrastructure. The Applicant enquired as to whether the Agent and Affected Person(s) would be agreeable to meeting on site to discuss siting of infrastructure. The LIG responded to the Applicant regarding the HoTs on the 3rd September 2026. The Applicant and the LIG had a meeting on the 14th September (in-person) to discuss matters related to the Scheme and the HoTs. The Applicant followed up with revised HoTs on the 25th September 2026 to the LIG. The LIG responded to the Applicant regarding the revised HoTs on the 23rd October 2026. The Applicant issued updated HoTs on the 24th October 2026. The Applicant the Land Interest Group (LIG) had a meeting on the 26th October (in-person) to discuss matters related to the scheme and the revised HoTs.	Ongoing	No	23/10/2026
A3-28, A4-12, A5-1, A5-2, A5-4, A5-6, A5-7, A5-8, A5-9, A5-10, A5-11, A5-12, A5-13, A5-14, A5-15, A5-16, A5-18, A5-19, A5-20	Class 1 - Compulsory Acquisition of Land Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure Class 4 - Permanent Access for Construction, Operation and Decommissioning Class 5 - Temporary Access for Construction		Kenneth Edward King, Michael Harold Speed Sly, Pamela Marigold Sly	Owner	Rowley Barclay (Brown & Co)	Option for lease completed on 22nd August 2025.	Agreed	Agreed	22/09/2026
B1-24, B1-26, B1-28, B1-31, B1-32, B1-33, B1-38, B1-39, B1-45, B1-55	Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure Class 4 - Permanent Access for Construction, Operation and Decommissioning Class 5 - Temporary Access for Construction	RR-104	L & D Flowers Limited	Occupier/Tenant	Richard Start (R. Longstaff & Co LLP), (Chairman of Land Interest Group) & Alice Peach (R. Longstaff & Co LLP)	The Applicant has been corresponding with the Affected Person since 2025. The Applicant has been engaged regarding survey access since April 2025. The Applicant remains engaged with the freehold owner of the land for the rights required for the scheme. The Applicant was made aware by the Freeholder and their agents they have joined the Land Interest Group (LIG) for Meridian Solar Farm. The Applicant and the LIG had a meeting on 13th April and (in-person) 27th July 2026 to discuss matters related to the Scheme and the Heads of Terms. The Applicant contacted the Freeholder's Agent (on the 17th August 2026) to ask for feedback regarding client specific points related to proposed infrastructure. The Applicant enquired as to whether the Agent and Freeholder would be agreeable to meeting on site to discuss siting of infrastructure. The Applicant is awaiting a response. The Freeholder's Agent / the LIG responded on the 18th August 2026 to the Applicant's request to meet with their clients in person with the suggestion that in their view in order to have a meaningful discussion with their client that they would need the Heads of Terms in an agreeable form, agreed via the LIG. The Agent also advised that they did not consider that the Project as advanced enough, with respect to intrusive surveys and detailed design, to enable meaningful discussions with their clients. On 18th August 2026, the Applicant responded to the Freeholder's Agent / LIG regarding the facilitation of meetings with its members' clients. The Applicant confirmed that Option Area and indicative infrastructure plans had been provided to the relevant clients and explained that the infrastructure locations shown were indicative, incorporated limits of deviation and were based on considered designs. The Applicant proposed site meetings with Agents and their clients, separate from the ongoing HoTs discussions, to discuss infrastructure siting, construction and maintenance access, stakeholder concerns and potential micro-siting. The Applicant explained that these meetings would also provide an opportunity to consider potential mitigation of construction impacts and the effects of permanent apparatus on affected land The Applicant contacted the LIG on 27th August 2026 to ask if they could provide the wording for the clauses in the Heads of Terms they had advised at the previous meeting they would respond with. The LIG responded to the Applicant on the 3rd September 2026 with comments and amends for specific clauses in the Heads of Terms for the Applicant to review ahead of the next scheduled meeting between the LIG and the Applicant on the 14th September 2026. A meeting was held with the LIG on the 14th September 2026 (in-person) to discuss matters related to the scheme and the Heads of Terms. The applicant has also previously requested confirmation of tenant/occupier details and is awaiting a response but followed up in the LIG meeting that took place on 14th September 2026 (in-person). The Applicant and the LIG agreed to hold the next in person meeting on 26th October 2026. The Applicant responded on the 25th September 2026 to the LIG with the latest draft of the Heads of Terms with amends by the Applicant resulting from the LIG meeting held on the 14th September 2026. The Applicant asked the LIG to review the amends and to provide feedback and amends that they had advised they would respond on. The Applicant provided on the 29th September 2026, minutes for the meeting held with the LIG on 14th September 2026. The Applicant requested on 20th October 2026 feedback from the LIG on revised Heads of Terms provided to the LIG on 25th September 2026. The LIG provided responses on 23rd October 2026 to the latest draft of the Heads of Terms provided by the Applicant together with agenda points ahead of the scheduled meeting between the LIG and the Applicant on the 26th October 2026 to finalise template for Heads of Terms. The Applicant is awaiting a response. The Applicant and the freehold owner(s) have an agreed form of Option agreement, awaiting execution of the completed document which is subject to lender's consent - September 2026.	Not required	Not required	22/09/2026
B1-42	Class 4 - Permanent Access for Construction, Operation and Decommissioning		Trevor John Tyrrell	Owner	N/A	The Applicant has been corresponding with the Affected Person since 2025. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information in February 2026. The Applicant has issued a update letter in regard to those identified within the Order Limits but who are not subject to apparatus on or over their property, to discuss how the Scheme may impact the Affected Person(s) in March 2026. The Applicant followed up with a letter to the Affected Person(s) to offer a meeting to discuss how the Scheme may impact their land and to update them on the ongoing DCO process in September 2026. The Applicant is awaiting a response.	Not required	Not required	22/09/2026
A1-5, B1-52, B1-57, B1-59, B1-60, B1-62, B1-63, B1-64, B1-67	Class 1 - Compulsory Acquisition of Land Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure Class 4 - Permanent Access for Construction, Operation and Decommissioning Class 5 - Temporary Access for Construction		Walter David Branton	Occupier/Tenant	N/A	The Applicant has been corresponding with the Affected Person since 2025. The Applicant remains engaged with the Affected Person(s) around land the occupy in the grid connection corridor since February 2026. The Applicant remains engaged with the freehold owner of the land for the rights required for the scheme. The Applicant remains engaged with the Freehold owner regarding specific points related to proposed infrastructure, confirmation of tenant/occupier details and to request a site meeting in August 2026. (A1-5) The Applicant and the freehold owner(s) are close to an agreed form of Option agreement. As part of the Affected Person(s) obligations under the Charities Act, a valuation report is ongoing and the final agreement is pending completion - September 2026. (B1-52, B1-57, B1-59, B1-60, B1-62, B1-63, B1-64, B1-67) The Applicant is engaged with Land Interest Group (LIG) of which the ~~freehold owner(s) and~~ freehold owner(s) agent is part of. A meeting was held on the 14th September 2026 (in-person) to discuss matters related to the scheme and the Heads of Terms. The applicant has also previously requested confirmation of tenant/occupier details and is awaiting a response but followed up in the LIG meeting that took place on 14th September 2026 (in-person).	Not required	Not required	23/10/2026
B4-35, B4-40, B4-49, B4-50, B4-52, B4-56, B4-69, B4-79, B4-86	Class 2 - Compulsory Acquisition of Rights - Overhead Line and Associated Infrastructure Class 4 - Permanent Access for Construction, Operation and Decommissioning	RR-017	Wool Hall Investments Limited	Owner	Archie Read, Daniel Jobe & Annie Round of Brown & Co (Lincoln)	The Applicant has been corresponding with the Affected Person since 2025. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information and has been engaged regarding survey access since February 2025. The Applicant issued Heads of Terms (HoTs) to the Agent and the Affected Person(s) in January 2026. The Applicant met with the Affected Person(s) and their Agent in-person on 13th February 2026 to discuss the Scheme. The Applicant remains engaged with the Agent and the Affected Persons(s) in regards to the HoTs March 2026. The Applicant was made aware by the Affected Person(s) and their Agents they have joined the Land Interest Group (LIG) for Meridian Solar Farm. The Applicant contacted the Affected Person(s) Agent on the 17th August 2026 to ask for feedback regarding client specific points related to proposed infrastructure. The Applicant enquired as to whether the Agent and Affected Person(s) would be agreeable to meeting on site to discuss siting of infrastructure. On 18 August 2026, the Agent advised that meetings with affected landowners would be premature until HoTs had been agreed in principle (via the LIG). They also considered that the Project design and survey information were not yet sufficiently advanced to support meaningful discussions. In August 2026, the Applicant confirmed that Option Area and indicative infrastructure plans had been provided to Affected Person(s). The Applicant proposed site meetings with Agents and Affected Person(s) to discuss infrastructure siting, access requirements, and stakeholder concerns. These meetings would also consider micro-siting opportunities and measures to mitigate construction and operational impacts. The Applicant has remained engaged with the Affected Person(s) Agent regarding matters associated with the HoTs and regarding the Scheme's requirement on their client (Affected Person(s)) land - week commencing 17th August and 27th August 2026. The LIG responded to the Applicant regarding the HoTs on the 3rd September 2026. The Applicant and the LIG had a meeting on the 14th September (in-person) to discuss matters related to the Scheme and the HoTs. The Applicant followed up with revised HoTs on the 25th September 2026 to the LIG. The LIG responded to the Applicant regarding the revised HoTs on the 23rd October 2026. The Applicant issued updated HoTs on the 24th October 2026. The Applicant the Land Interest Group (LIG) had a meeting on the 26th October (in-person) to discuss matters related to the scheme and the revised HoTs.	Ongoing	No	23/10/2026

1 Plot number from the Book of Reference
2 Description of land and rights requested from the Book of Reference including restrictive covenants
2 (cont'd) Powers are also sought for the use of the subordinate rights to that principal right. This means, for example that where a plot refers to Class 1, powers to obtain all other classes of rights are also sought for that plot. This is to enable the undertaker to seek less extensive rights or interests where appropriate (such as the use of temporary possession powers for construction, or the use of easements or restrictive covenants instead of full acquisition of land).
3 & 4 A person is within category 1 if the applicant, after making diligent inquiry, knows that the person is an owner, lessee, tenant (whatever the tenancy period) or occupier of the land, see section 57 (1) of the Planning Act 2008
5 Person or organisation representing the interests of the affected person(s) - enter N/A if the affected person(s) are representing themselves
6 Narrative on negotiations to date
7 Status of Heads of Terms agreement(s)
8 Status of Option agreement(s)
9 Date of the last update

A8-9	Class 5 - Temporary Access for Construction	Zoe Louise Cummings	Owner	N/A	The Applicant has not entered into negotiations for the acquisition of rights over the identified plots, as the interests have been determined under a legal presumption whereby ownership of the subsoil is attributed to the adjoining landowner. In light of this presumption, and given that the subsoil carries no market value, confers no use or enjoyment to the landowner, and is not prejudiced by the proposed development, the Applicant does not consider it necessary to engage in negotiations with these interests.	Not required	Not required	20/03/2026

1 Plot number from the Book of Reference
2 Description of land and rights requested from the Book of Reference including restrictive covenants
2 (cont'd) Powers are also sought for the use of the subordinate rights to that principal right. This means, for example that where a plot refers to Class 1, powers to obtain all other classes of rights are also sought for that plot. This is to enable the undertaker to seek less extensive rights or interests where appropriate (such as the use of temporary possession powers for construction, or the use of easements or restrictive covenants instead of full acquisition of land).
3 & 4 A person is within category 1 if the applicant, after making diligent inquiry, knows that the person is an owner, lessee, tenant (whatever the tenancy period) or occupier of the land, see section 57 (1) of the Planning Act 2008 - For 'Other Interest' those identified as Category 1 are those who have been identified as owners of the ad medium filum (subsoil) or a riparian interest (half width of drain).
5 Person or organisation representing the interests of the affected person(s) - enter N/A if the affected person(s) are representing themselves

Book of Reference plot number[1]	Description of land and rights requested[2]	Party Name	Nature of Interest	Agent / Representative[6]	Summary of Negotiations	Heads of Terms agreed Summary Progress to Date Green = Complete Yellow = ongoing Blue = Not required	Option agreed Summary Progress to Date Green = Complete Yellow = ongoing Blue = Not required	Last Updated [DD/MM/YYYY]
A12-9	Class 5 - Temporary Access for Construction (Excluding all interests held by the Crowing)	The King's Most Excellent Majesty In Right Of His Crown	Owner	Alex Ireton (Carter Jonas)	The Applicant has been corresponding with the Affected Person since 2025. The Applicant issued a Request for Information (RFI) to capture any changes in land ownership information and has been engaged regarding survey access since February 2025. The Applicant remains engaged with the Agent and the Affected Person(s) to discuss the impact to their mine and minerals subsoil rights under the highway in the land and secure the necessary rights required for the scheme and confirm any concerns they may have in relation to the Scheme in February 2026. The Applicant has chased for a response regarding their interest and to discuss the necessary rights regard with the Crown in March 2026. The Applicant remains engaged with the Crown around confirmation of their interest and agent fees in June 2026. The Applicant has followed up for a response from the Crown regarding their interest and agent fees in August 2026. The Applicant had a meeting with the Crown in August 2026 to discuss the need for Crown consent, the applicant is providing update information for the Crown to determine if Crown consent is required. The Applicant has followed up with the Crown requesting an update following the meeting held in August 2026, the Applicant is awaiting a response - September 2026. The Applicant has continued to engage with the Crown regarding their interest and the necessary rights required over plot A12-9. The Crown has not been able to confirm to the Applicant whether its minerals interests extend ad medium filum into the centre line of the highway. While the Applicant has assumed they do, on a precautionary basis, it has further considered the nature and extent of the proposed Scheme works within Plot A12-9. These works are limited to alteration of layout to the highway, specifically to enable areas of road widening in order to accommodate Scheme traffic. These works are not proposed to expand into the adjacent Crown Estate plot, or extend to a depth beneath the existing highway surface, such as to interfere with any latent minerals rights beneath. As such, the Applicant does not consider it would interfere with such rights, even if they do exist. This accordingly removes the requirement to obtain Crown consent, and the Applicant is no longer pursuing any such consent with the Crown.	Ongoing	No	26/10/2026

1 Plot number from the Book of Reference
2 Description of land and rights requested from the Book of Reference including restrictive covenants
2 (cont'd) Powers are also sought for the use of the subordinate rights to that principal right. This means, for example that where a plot refers to Class 1, powers to obtain all other classes of rights are also sought for that plot. This is to enable the undertaker to seek less extensive rights or interests where appropriate (such as the use of temporary possession powers for construction, or the use of easements or restrictive covenants instead of full acquisition of land).
3 & 4 A person is within category 1 if the applicant, after making diligent inquiry, knows that the person is an owner, lessee, tenant (whatever the tenancy period) or occupier of the land, see section 57 (1) of the Planning Act 2008
3 & 4 A person is within category 2 if the applicant, after making diligent inquiry knows that the person: interested in the land or has the power to sell or convey the land or to release the land, see section 57(20) of the Planning Act 2008
5 Person or organisation representing the interests of the affected person(s) - enter N/A if the affected person(s) are representing themselves
6 Narrative on negotiations to date
7 Status of Heads of Terms agreement(s)
8 Status of Option agreement(s)
9 Date of the last update
