## 1 Introduction

### 1.1 Purpose of the Document

- 1.1.1 This document provides a guide to the Development Consent Order (DCO) application for Green Hill Solar Farm. The Application is made by Green Hill Solar Farm Limited (the Applicant) to the Secretary of State for Energy Security and Net Zero (the Secretary of State) pursuant to the Planning Act 2008 (PA 2008).
- 1.1.2 The Applicant is seeking a DCO for the construction, operation (including maintenance), and decommissioning of ground mounted solar photovoltaic (PV) generating stations (incorporating the solar arrays); grid connection infrastructure and energy storage; and the Cable Route Corridors (the Scheme). The Application is required because the Scheme is classified as a Nationally Significant Infrastructure Project (NSIP) under the PA 2008, being an onshore generating station within England of more than 50MW.
- 1.1.3 This Guide provides an overview of the documents that have been submitted in order to satisfy the APFP Regulations, the EIA Regulations and section 37 of the PA 2008.

### 1.2 Document Referencing

- 1.2.1 Each document that forms part of this Application has been assigned a reference number that will allow it to be located within the Application document library. When an Application document refers to another document, then the full reference information is provided, highlighted with bold. This comprises the PINS reference ('EN010170'), followed by an indication that the document forms part of the Application ('APP') and then the specific document number (for example, 'GH6.2.2'); this produces a full reference in the format **[EN010170/APP/GH6.2.2]**.

## 2 Master Document List

2.1.1 The master document table, provided on the following page at **Table 2.2**; offers a full list of all documents submitted to date, indicating either the latest version (if applicable) or when a new document was submitted. These documents have been grouped and colour-coded in the master document table by volume as follows:

**Table 2.1: Guide to Document Volumes**

| Document Volume | Volume Name                        | Description                                                                                                                                                                                                                                                                         |
|-----------------|------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| APP/GH1         | Application Information            | Provides details of the specific application information required by the Planning Inspectorate.                                                                                                                                                                                     |
| APP/GH2         | Plans and Drawings                 | Contains the plans which show where the Applicant proposes to undertake the work.                                                                                                                                                                                                   |
| APP/GH3         | Draft Development Consent Order    | Outlines the legal powers the Applicant are seeking from the Government to build the proposed connection.                                                                                                                                                                           |
| APP/GH4         | Compulsory Acquisition Information | Provides evidence of why the Applicant may require legal powers of compulsory acquisition.                                                                                                                                                                                          |
| APP/GH5         | Consultation Report                | Provides details of the pre-application consultation that we have undertaken during the Scheme                                                                                                                                                                                      |
| APP/GH6         | Environmental Statement            | <p>A document which shows how the Applicant has assessed the likely significant impacts on the environment.</p> <p>This includes assessment chapters, appendices associated with the likely significant effects, and figures (plan) associated with likely significant effects.</p> |
| APP/GH7         | Other documents                    | Includes additional documents produced for the application submission.                                                                                                                                                                                                              |
