ID	Application Reference	Overlap in temporal scope?	Scale and nature of development likely to have a significant effect?	Other factors	Progress to Stage 3
North Northamptonshire (Wellingborough Area)					
2	WP/2012/0525/XEIA WP/2008/0150/OEIA WP/16/00271/VAR WP/14/00586/VAR WP/15/00001/CND WP/15/00061/CND WP/15/00283/CND WP/15/00378/VAR WP/16/00155/AMD WP/16/00237/CND WP/18/00442/CND WP/18/00188/REM	No. Phase 1 is under construction and due to be completed in 2026. Application will form part of the baseline.	No. It is assumed the construction of this phase will be completed prior to the construction of the proposed scheme and as such it is not considered to have significant environmental effects.	No.	No.
3	NW/24/00138/OUT (Associated with WP/2012/0525/XEIA)	Yes. Construction is due to commence in 2025 across a 6 year period till 2031	Yes. The scale and nature of the development and likely overlap in construction periods. This is an EIA development, the ES covers landscape and visual, ecology and biodiversity, socio economics and human health.	Yes. Proximity to the Order Limits and Located within Zol.	Yes.
4	NW/22/00904/FUL (Associated with WP/2012/0525/XEIA)	Potentially, the housing (under local planning policy) is to be delivered by 2031.	Yes. Although this application is not an EIA development, considering the size of the development and association with NW/24/00138/OUT there likely overlap in construction periods, there is potential for significant effects.	Yes. Proximity to the Order Limits and Located within Zol.	Yes.

ID	Application Reference	Overlap in temporal scope?	Scale and nature of development likely to have a significant effect?	Other factors	Progress to Stage 3
5	NW/24/00320/SCQ	Potentially, however, insufficient information is available.	No. Limited environmental assessment information is available, so the nature and scale of the development is not considered to have significant environmental effects.	No.	No.
6	WP/2013/0190 WP/14/00212/CND WP/14/00312/CND WP/14/00353/CND WP/14/00441/CND WP/15/00809/CND WP/16/00235/CND WP/16/00296/CND WP/16/00763/CND WP/17/00039/CND WP/17/00803/CND WP/18/00586/AMD NW/21/00972/AMD NW/22/00876/AMD NW/23/00104/CND NW/24/00123/CND NW/24/00288/CND	Potentially, the development appears to currently be under construction.	This is not an EIA development and the scale and nature of development is not considered to have significant environmental effects.	No.	No.
7	NW/22/00353/FUL NW/23/00031/CND NW/23/00094/CND	Potentially, however, insufficient information is available.	This is not an EIA development and the scale and nature of development is not considered to have significant environmental effects.	No.	No.
8	NW/23/00360/FUL	Potentially. construction anticipated to take 9 months.	Yes - due to the scale and nature of the development and likely overlap in construction periods. This is an EIA development, the ES covers Historic environment, landscape and visual, ecology and nature	Yes. Proximity to the Order Limits and Located within Zol.	Yes.

ID	Application Reference	Overlap in temporal scope?	Scale and nature of development likely to have a significant effect?	Other factors	Progress to Stage 3
		Application is awaiting decision.	conservation, climate change and other environmental matters.		
9	NW/21/00629/SCQ	Potentially, however, insufficient information is available.	No. Limited environmental assessment information is available, so the nature and scale of the development is not considered to have significant environmental effects.	No.	No.
10	Wellingborough East SUE (Stanton Cross) - PBW Policy Site 1 WP/2004/0600 WP/15/00481/OUT WP/15/00605/VAR	Yes. Enabling works have begun on the site. 2015 ES assumes delivery of housing by 2031.	Yes. The scale and nature of the development and likely overlap in construction periods. This is an EIA development, the ES covers Ecology, Cultural Heritage and Archaeology, Soils, Landscape and Visual, Lighting, Water Quality, Drainage and Flooding, Transport, Noise and Vibration, Air Quality, Socio-economics	Yes. Proximity to the Order Limits and Located within Zol.	Yes.
11	WP/15/00727/OUT	Potentially, however, insufficient information is available.	Yes. Screened in on a precautionary basis. Considered upon request of North Northamptonshire Council.	Yes. Proximity to the Order Limits and Located within Zol.	Yes.
12	NW/24/00418/FUL Isham Bypass – JCS Policy 17	Yes. Anticipated construction completion by Autumn 2027.	Yes - due to the scale and nature of the development. This is an EIA development. EIA Covers: Air Quality, Historic Environment, Landscape and Visual, Biodiversity, Geology and Soils, Materials and Waste, Noise and Vibration, Population and Health, Road Drainage and Water Environment, Climate Change.	Yes. Proximity to the Order Limits and Located within Zol.	Yes.
North Northamptonshire (Kettering Area)					
13	NK/2024/0613	Potentially, however, insufficient	Yes - due to the scale and nature of the development and likely overlap in construction periods.	Yes. Proximity to the Order	Yes.

ID	Application Reference	Overlap in temporal scope?	Scale and nature of development likely to have a significant effect?	Other factors	Progress to Stage 3
		information is available.		Limits and Located within Zol.	
14	NK/2024/0018	Yes. Construction to commence 2024/2025 and be completed over a 5 year period. Anticipated construction completion by 2030.	Yes - due to the scale and nature of the development and likely overlap in construction periods. This is an EIA development, the scoping covers: Socio-economics and Health, Landscape and Visual Amenity, Ecology and Nature Conservation, Cultural Heritage and Archaeology, Ground Conditions/Contamination, Flood Risk, Drainage and Water, Environment, Transport and Access, Noise and Vibration; and Air Quality	Yes. Proximity to the Order Limits and Located within Zol.	Yes.
15	NK/2022/0613	Potentially, however, insufficient information is available.	Yes - due to the scale and nature of the development and likely overlap in construction periods. This is a non-EIA development, Screened in on a precautionary basis. Considered upon request of North Northamptonshire Council.	Yes. Proximity to the Order Limits and Located within Zol.	Yes.
16	KET/2018/0965	Yes. Anticipated construction completion by 2031.	Yes - due to the scale and nature of the development and likely overlap in construction periods. This is an EIA development, the scoping covers: Ecology, Air Quality and Transport.	Yes. Proximity to the Order Limits and Located within Zol.	Yes.
18	KET/2007/0694 KET/2013/0314 KET/2013/0232 KET/2015/0967 KET/2019/0628 KET/2020/0306	Yes. Anticipated construction completion by 2031.	Yes. This is an EIA development. Screened in on a precautionary basis. Considered upon request of North Northamptonshire Council.	Yes. Proximity to the Order Limits and Located within Zol.	Yes.
