Introduction

This documentation contains comments from CPRE Northamptonshire on the Examining Authorities first questions.

Q.16.0.3 Viewpoint and Photomontage Locations

In our Representation we suggested that VP1 was not representative of the views experienced by visitors to Lamport Hall. We believe that the view from the hall or from the first floor function rooms and not at a lower point in the gardens should be provided to properly represent the impact on receptors at this heritage asset.

The potential difference in visibility of the scheme is illustrated below where the DCO photograph from VP1 can be contrasted with a stitched photograph of the view from the Yellow Room of Lamport Hall.
