Green Hill Solar

Hello,

I sincerely object to proposed solar farms.

This is absolutely horrendous, it destroys the environment, it destroys the enjoyment of the country side left. If there are not warehouses plaster all over this place than it担 those horrible and not needed solar farms. Bild them over car parks, on roof tops of warehouses , but stop taking away arable land we need for food production and to put live stock on it. It拘l put farmers out of a job and destroy so much need land.

It担 an absolute disgrace what you are doing to the environment. It担 greenwashing and money grabbing. Nothing wrong with oil and gas and power plants.
