You don't often get email from [REDACTED] [Learn why this is important](#)

Hello. Regarding the above I write to inform you of my worry.
We are tenants at [REDACTED] in Easton Maudit. Our private access drive is part of your plan & the plans show that you will be using this access to get to the field on both sides. This will cause massive disruption such as mud & mess. That disruption will be hazardous & potentially dangerous to us & our customers. We are a Motorcycle shop. There are 9 of us working here & we get around 100 customers a day between Spring & the end of Summer. Off season it's less but still these people can only get to us through the gate & driveway that you want to tear up.
I have tried to object & feel no one is listening.
Castle Ashby Estates suggested there would be someone sweeping up but I've had no clarification on this?
I'm very worried that this could be catastrophic for our business - please can someone discuss this with me?

Best Regards
Ian Cooper
