Dear Planning Inspectorate

**Development Consent Order by Order granting Development Consent for the proposed
Keadby Next Generation Power Station (“the DCO Project”)**

Keadby Next Generation Limited (“the Applicants”)

Our Client: Northern Powergrid (Yorkshire) PLC

We write to provide an update at the close of examination on behalf of our Client, who objected to the above mentioned DCO Project on 27 November 2025.

We confirm that negotiations are continuing regarding the inclusion of our Client’s bespoke protective provisions. For the avoidance of doubt, the version submitted by the Applicant on 17 June 2026 is inadequate to protect our Client’s apparatus and therefore the objection dated 27 November 2025 remains.

We therefore ask the Examining Authority to exercise its discretion to accept this submission by way of an update, pending the Applicant’s comments on the latest version of the bespoke protective provisions. Until such time as the protective provisions have been agreed and the side agreement entered into to, our Client must maintain its objection to the DCO Project which should be treated as extant and relevant to the determination of the Order.
