Dear Sirs

DCO Scheme: Keadby Next Generation Power Station Project

Our Client: Network Rail Infrastructure Limited

Applicant: Keadby Next Generation Limited

Subject: Request for Further Information

This Firm is instructed by Network Rail Infrastructure Limited (**NR**) in relation to the DCO Scheme and we write to provide an update in respect of the Request for Further Information dated 4 September 2026.

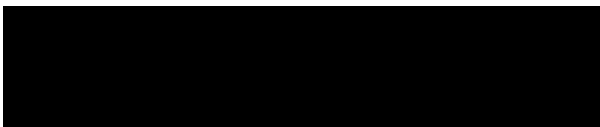

Further to discussions with the Applicant regarding the inclusion of NR's standard protective provisions in the draft Order, we can confirm that the parties are close to reaching agreement on the form of Protective Provisions and we are hopeful that agreement will be reached shortly.

Until such time as the Protective Provisions have been agreed and a side agreement has been entered into to document the same, NR must maintain its objection to the DCO Scheme in accordance with its Written Representations (Examination Library Ref: AS-020).

We hope to be able to write to the Examining Authority in due course to confirm that the Protective Provisions have been agreed and a side agreement has been entered into. Following this, we will confirm that NR's objection can be withdrawn.

Should you have any queries, please don't hesitate to contact us on the details below.

Yours faithfully

Addleshaw Goddard LLP
