Good morning,

The Council met last night with the above matter included on the agenda. A response could not be submitted prior to this meeting and the Council would appreciate if their comments below could be taken into consideration:

1. The Council would like to seek assurance that the cockle beds on the Rive Dee would not be affected by this proposal.
2. Will the area's status as a Site of Special Scientific Interest (SSSI) be affected by this proposal?
3. The Council welcome this proposal and the positive employment opportunities it would bring to the region.
4. Could a similar scheme be considered for the River Dee at a future date?
5. Would the River Dee be utilised for barge transport for the infrastructure related to the project, which would ease traffic congestion?

Kind regards,

**Jason Baker CiLCA**
