

Submission ID: [REDACTED]

Please accept this as a formal request for an accompanied site inspection of our property. Whilst we are aware that the examining body carried out an USI recently, we would welcome them back to our property [REDACTED] Common Lane, [REDACTED] and ask that they review the proposed development from the internal areas of our house, including the living room, bedrooms, bathrooms and kitchen etc as we are due to be surrounded by fixed panels. It would also be useful for them to see the fields and ditches on Common Lane and around our property, which were all cut back by the Council just two days after the unaccompanied site inspections. It would also be useful for the Council to be aware of the PROW which has been subject to a Stopping Up Order last year but that is still shown on the development plans, and what impact this has on the use of Common Lane.
