1 Introduction

- 1.1.1 This Book of Reference ('BoR') relates to the powers of compulsory acquisition sought in the development consent order ('DCO') application by Light Valley Solar Limited ('the Applicant'), to the Secretary of State ('SoS') under the Planning Act 2008 ('the PA 2008').
- 1.1.2 The Proposed Development comprises a solar photovoltaic (PV) electricity generating station of over 100 megawatts (MW) and 'associated development' comprising a Battery Energy Storage System (BESS), grid connection infrastructure and other infrastructure integral to the construction, operation and maintenance, and decommissioning phases.
- 1.1.3 The main element of the Proposed Development comprises seven Solar Development Sites (Solar Development Sites 1-4 and 6-8) that will accommodate the Solar PV Panels. A BESS Compound will be located within Solar Development Site 2.
- 1.1.4 The Cable Route Corridor is the area within which the export connection cables (the 'Grid Connection Cables') would be located to connect the Solar Development Sites to the National Grid at the existing Monk Fryston Substation and the area within which cables connecting the Solar Development Sites would be located (the 'Interconnecting Cables'). Further details of the Proposed Development are presented in **Chapter 2: The Proposed Development (ES Volume 1) [EN0110012/APP/LVS/06.01.02]**.
- 1.1.5 Development consent is required to the extent that the development is or forms part of a Nationally Significant Infrastructure Project ('NSIP') pursuant to sections 14(1)(a) and 15(2) of the PA 2008. The Project comprises a generating station of over 100 megawatts (MW) and is therefore classified as a NSIP. Further details are set out in **Chapter 2: The Proposed Development (ES Volume 1) [EN0110012/APP/LVS/06.01.02]**.
- 1.1.6 The Order Limits comprise a total area of approximately 1,270 hectares (ha) of land. Of this, the Solar Development Sites comprise a total area of approximately 900 ha and the Cable Route Corridor covers a total area of 328.5 ha. The **Scheme Proposed Development** also includes land required for the Highway Improvement Areas (total area of 17.1 ha), Solar Development Site 8 Access (total area of 24.1 ha) and land required for Temporary Construction Compounds.
- 1.1.7 In order to construct, operate, maintain and decommission the **Scheme Proposed Development**, a series of land rights and interests in land will be required on a permanent and temporary basis. In the event it is not possible to acquire the land rights and interests by agreement, it will be necessary to compulsorily acquire land and rights for the purposes of developing the **Scheme Proposed Development** and as such, the DCO Application includes powers to compulsorily acquire land and rights over land.

2 Purpose of Document

2.1.1 Section 122 of the PA 2008 allows development consent orders to be granted with powers to compulsorily acquire land included within them. The DCO Application seeks powers to acquire land and to acquire new and existing rights over land, as well as powers to override existing easements and other rights and for the extinguishment of private rights in land which is compulsorily acquired. The DCO Application also seeks powers to take temporary possession of land. The purpose of these powers is to enable the construction, operation, maintenance and decommissioning of the **Scheme Proposed Development**.

2.1.2 The purpose of this BoR is to describe the land (referred to as 'the Order Limits') subject to compulsory acquisition and temporary possession powers pursuant to the DCO Application and to provide details of persons with an interest in the Order Limits and any persons who may be able to make a relevant claim. This BoR has been prepared in accordance with the requirements of Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 ('APFP Regulations').

2.1.3 The Order Limits is required to deliver the authorised development, as described in detail in Schedule 1 of the DCO Application and shown on the Works Plans.

2.1.4 Every parcel of the Order Limits is identified on a plot-by-plot basis and a unique number has been ascribed to each plot. The plots are shown on the Land, Crown Land and Special Category Land Plans which are submitted with the Application.

2.1.5 The BoR provides the area in square metres of the Order Limits. Each measurement is rounded up to the nearest whole square metre.

2.1.6 Each plot is coloured on the Land, Crown Land and Special Category Land Plans. The colour of the plot indicates the purpose for which the land in that plot is required:

- **Pink:** Freehold to be compulsorily acquired and temporary use of land and in relation to which it is proposed that easements, servitudes and other private rights will cease to have effect;
- **Blue:** New rights (including restrictions) to be compulsorily acquired and temporary use of land and in relation to which it is proposed that easements,

servitudes and other private rights will be suspended or cease to have effect;

- **Yellow:** Temporary use of land and in relation to which it is proposed to temporarily suspend easements, servitudes and other private rights; and
- **Grey:** No rights sought.

2.1.7 By virtue of Article 32 (Temporary use of land for maintaining the authorised project) of the DCO Application, any land within the Order Limits which is reasonably required for the purpose of maintaining the authorised development may be entered and/or temporarily possessed.

2.1.8 This BoR is comprised of five Parts, in accordance with Regulation 7(1) of the APFP Regulations as detailed in Section 3.

3 Structure of the Document

3.1 Part 1 of the Book of Reference

3.1.1 Regulation 7(1)(a) of the APFP Regulations states:

- Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to –
 - powers of compulsory acquisition;
 - rights to use land, including the right to attach brackets or other equipment to buildings; or
 - rights to carry out protective works to buildings.

3.1.2 Part 1 of this BoR contains the names and addresses of each person identified by the Applicant after making diligent inquiries within Categories 1 and 2, as set out in Section 57 of the Planning Act 2008, alongside the area of each plot of the Order Limits.

3.1.3 A person is within Category 1 if they are an owner, lessee, tenant or occupier of the land.

3.1.4 A person is within Category 2 if they hold an interest in the land or have the power to sell, convey or release the land.

3.2 Part 2 of the Book of Reference

3.2.1 Regulation 7(1)(b) of the APFP Regulations states:

- Part 2 contained the names and addresses for service of each person within Categories 3 as set out in section 57.

3.2.2 Part 2 of this BoR contains the names and addresses of each person identified by the Applicant after making diligent inquiry who it is considered would or might be able to make a 'relevant claim' (being a claim under section 10 of the Compulsory Purchase Act 1965 and / or under Part 1 of the Land Compensation

Act 1973 and / or under section 152(3) of the PA 2008) as a result of the implementation of the Order, as a result of the Order having been implemented or as a result of the use of the land once the Order had been implemented.

- 3.2.3 It is considered that Category 3 contains parties with legal rights or interests over the land within the Order Limits. Category 3 also contains persons with interests in land outside the Order Limits who, it is considered, might be able to make a relevant claim (as defined above). Certain relevant persons included within Part 1 of the BoR have also been included within Part 2 where their rights may be affected.

3.3 Part 3 of the Book of Reference

- 3.3.1 Regulation 7(1)(c) of the APFP Regulations states:
- Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with;
- 3.3.2 Part 3 of this BoR contains the names and addresses of each person identified by the Applicant after making diligent inquiry with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with in connection with the proposed development pursuant to the Order.
- 3.3.3 Category 2 persons included within Part 1 of this BoR have also been included in Part 3 where their rights may be affected. Examples include statutory undertakers with services in or under the Order Limits, and whose rights over the Order Limits are likely to be affected whether the Order Limits is required permanently or temporarily.

3.4 Part 4 of the Book of Reference

- 3.4.1 Regulation 7(1)(d) of the APFP Regulations states:
- Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made
- 3.4.2 Where Crown interests in the Order Limits have been identified, these are listed in Part 4 and the relevant plots shown on the Land, Crown Land and Special Category Land Plans to signify that it is Crown land.

3.5 Part 5 of the Book of Reference

- 3.5.1 Regulation 7(1)(e) of the APFP Regulations states:
- Part 5 specifies land that:
 - the acquisition of which is subject to special parliamentary procedure
 - which is special category land
 - which is replacement land

- 3.5.2 Where Special Category Land in the Order Limits has been identified, these plots are listed in Part 5 and the relevant plots shown on the Land, Crown Land and Special Category Land Plans to signify that it is Special Category Land. Special Category Land is defined in section 131(12) of the PA 2008 by reference to section 19 of the Acquisition of Land Act 1981, and includes as 'common' any town or village green.

4 Acquisition of rights and imposition of restrictions

- 4.1.1 Article 24 (Compulsory acquisition of rights) and Schedule 9 (Land in which only new rights etc. may be acquired) of the DCO Application authorises the compulsory acquisition of new rights and imposition of restrictions over land. The rights and restrictions sought are set out in the table below.
