Dear Sir/ Madam

Planning Act 2008 – section 88 and 89 and The Infrastructure Planning (Examination Procedure) Rules 2010 – rule 6 notice of other meeting

Application by Light Valley Solar Limited for an order granting development consent for the Light Valley Solar project

Invitation to an examination procedure meeting

I refer to the change notification [CR1-001] submitted on 25 September 2026, giving notice of the intention of Light Valley Solar Limited (the applicant) to submit a request to make changes to the Light Valley Solar Project application. The applicant subsequently submitted that request on 13 October 2026 and the associated documents will be published on the project webpage by the Planning Inspectorate in due course. The request includes 9 changes to the application with a detailed description of and rationale for the proposed changes provided in the applicant's change notification.

In considering whether to accept the change request, the Examining Authority must be satisfied that those affected by the proposed changes are afforded a fair opportunity to express their views and to have those views properly considered. Consequently, it may be necessary to amend the examination timetable set out in annex A of the Rule 8 letter [PD-006].

As a recipient of this letter you are invited to a meeting to discuss **the procedure and timetable** for the remaining examination period of the above application and any requested changes that may be accepted.

Date	Start time	Joining details
Wednesday 21 October 2026	Virtual registration process from: 9.30am Meeting starts: 10.00am	By virtual means using Microsoft Teams Full instructions on how to join online or by telephone will be provided in advance to those who have pre-registered

IMPORTANT: The examination procedure meeting should be completed before 12.00pm on Wednesday 21 October 2026. However, a reserve period has been scheduled for 1.00pm on the same day to allow for the meeting to be resumed in exceptional circumstances, for example to account for a failure of technology. Normally the reserve period will not be required and confirmation of this will be provided by the Examining Authority at the end of the meeting and subsequently notified on the [project webpage](#).

You must register by completing the [event participation form](#) by Monday 19 October 2026, if you intend to participate in the examination procedure meeting. Please note that it may not be possible to participate on the day if you have not registered your wish to speak. Any request to participate in the meeting must include the following information:

1. watch a livestream of the event - a link to the livestream will be made available on the [project webpage](#) shortly before the event is scheduled to begin
2. watch the recording of the event which will be published on the project webpage shortly after the event has finished

Purpose of the examination procedure meeting

The purpose of the meeting is to enable views to be put to the Examining Authority about how the application should be examined. The Examining Authority will therefore limit the scope of the meeting to consideration of **the procedure and timetable** for the remaining examination period.

The examination procedure meeting is not an opportunity for you to give your views about what you like or don't like about the requested changes. The merits or disadvantages of the changes will only be considered if the request is accepted, which will be decided after the meeting has closed. The agenda for the meeting is at **annex A** to this letter.

The Examining Authority issued advice and a request for further information from the applicant on 5 October 2026 [[PD-010](#)]. The applicant responded to this request on 8 October 2026 [[AS-043](#)]. It would be useful for participants to familiarise themselves with these documents and the change notification [[CR1-001](#)] prior to the meeting.
