Important Hedgerows

Notes:
1. The Order limits has been drawn to the Land Registry boundaries and Topographical Survey data. The accuracy of Land Registry and the topographical survey differs from the OS Base Mapping which results in the Order limits not aligning with the line work shown on the OS Base Mapping.
2. The hedgerows have been taken from the topographical survey and checked against information from Aspect Ecology and GIC Heritage to reflect their location and importance. Breaks or gaps less than 10m in hedgerows have not been shown.
