1 Introduction

1.1.1 This Book of Reference ('BoR') relates to the powers of compulsory acquisition sought in the development consent order ('DCO') application by East Pye Solar Limited ('the Applicant'), to the Secretary of State ('SoS') under the Planning Act 2008 ('the PA 2008').

1.1.2 East Pye Solar (the Scheme) comprises a solar photovoltaic (PV) electricity generating station of over 100 megawatts (MW) and Associated Development comprising a Battery Energy Storage System (BESS), up to three 132 kV and up to three 400kV Project Substations, Grid Connection Infrastructure, including a new National Grid Substation, and other infrastructure integral to the construction, operational and decommissioning phases.

1.1.3 The PV electricity generating station, BESS, and Project Substations would be contained within ten land parcels referred to as Sites 1 to 10 (with associated Sub-Sites A, B, C etc.) hereafter collectively referred to as the 'Sites'.

1.1.4 The Cable Route Corridor is the area within which the export connection cables (hereafter referred to as the 'Grid Connection Cables') would be located to connect the Sites containing solar PV panels to the Point of Connection (PoC) at a new National Grid Substation situated within the Order Limits, connecting into the National Electricity Transmission System (NETS) overhead line that passes through the Site. A full description of the proposed Scheme is provided in **ES Volume 1, Chapter 4: The Scheme [EN0110014/APP/6.1.4].**

1.1.5 Development consent is required to the extent that the development is or forms part of a Nationally Significant Infrastructure Project ('NSIP') pursuant to sections 14(1)(a) and 15(2) of the PA 2008. The Project comprises a generating station of over 100 Megawatts (MW) and is therefore classified as a NSIP. Further details are set out in **Chapter 4: The Scheme**.

1.1.6 The Order limits comprise a total area of 1,213 hectares (ha) of land. Of this, the Solar PV Sites comprise a total area of approximately 1,054 ha and the Cable Route Corridor covers a total area of approximately 159 ha. The Scheme also includes land required for the Highway Improvement Areas (approximately 16 ha (noting that approximately 8 ha overlaps with the Cable Route Corridor)) and land required for works to the Substation (approximately 6 ha). and land required for Temporary Construction Compounds. These areas of land cover a total area of approximately 19 ha.

1.1.7 In order to construct, operate, maintain and decommission the Scheme, a series of land rights and interests in land will be required on a permanent and temporary basis. In the event it is not possible to acquire the land rights and interests by agreement, it will be necessary to compulsorily acquire land and rights for the

purposes of developing the Scheme and as such, the DCO includes powers to compulsorily acquire land and rights over land.

2 Purpose of Document

2.1.1 Section 122 of the PA 2008 allows development consent orders to be granted with powers to compulsorily acquire land included within them. The DCO seeks powers to acquire land and to acquire new and existing rights over land, as well as powers to override existing easements and other rights and for the extinguishment of private rights in land which is compulsorily acquired. The DCO also seeks powers to take temporary possession of land. The purpose of these powers is to enable the construction, operation, maintenance and decommissioning of the Scheme.

2.1.2 The purpose of this BoR is to describe the land (referred to as 'the Order Limits') subject to compulsory acquisition and temporary possession powers pursuant to the DCO and to provide details of persons with an interest in the Order Limits and any persons who may be able to make a relevant claim. This BoR has been prepared in accordance with the requirements of Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 ('APFP Regulations').

2.1.3 The Order Limits is required to deliver the authorised development, as described in detail in Schedule 1 of the DCO and shown on the Works Plans.

2.1.4 Every parcel of the Order Limits is identified on a plot-by-plot basis and a unique number has been ascribed to each plot. The plots are shown on the Land Plans and the Crown Land Plan which are submitted with the Application.

2.1.5 The BoR provides the area in square metres of the Order Limits. Each measurement is rounded up to the nearest whole square metre.

2.1.6 Each plot is coloured on the Land Plans. The colour of the plot indicates the purpose for which the land in that plot is required:

- **Pink:** Freehold to be compulsorily acquired and temporary use of land and in relation to which it is proposed to extinguish easements, servitudes and other private rights;
- **Blue:** New rights (including restrictions) to be compulsorily acquired and temporary use of land and in relation to which it is proposed to suspend or extinguish easements, servitudes and other private rights;
- **Yellow:** Temporary use of land and in relation to which it is proposed to temporarily suspend easements, servitudes and other private rights; and

2.1.7 By virtue of Article 32 (Temporary use of land for maintaining the authorised project) of the DCO, any land within the Order limits which is reasonably required for the purpose of maintaining the authorised development may be entered and/or temporarily possessed.

2.1.8 This BoR is comprised of five Parts, in accordance with Regulation 7(1) of the APFP Regulations as detailed in Section 3.

3 Structure of the Document

3.1 Part 1 of the Book of Reference

  - powers of compulsory acquisition;
  - rights to use land, including the right to attach brackets or other equipment to buildings; or
  - rights to carry out protective works to buildings.

3.1.2 Part 1 of this BoR contains the names and addresses of each person identified by the Applicant after making diligent inquires within Categories 1 and 2, as set out in Section 57 of the Planning Act 2008, alongside the area of each plot of the Order Limits.

3.1.3 A person is within Category 1 if they are an owner, lessee, tenant or occupier of the land.

3.1.4 A person is within Category 2 if they hold an interest in the land or have the power to sell, convey or release the land.

3.2.3 It is considered that Category 3 contains parties with legal rights or interests over the land within the Order Limits. Category 3 also contains persons with interests in land outside the Order Limits who, it is considered, might be able to make a relevant claim (as defined above). Certain relevant persons included within Part 1

of the BoR have also been included within Part 2 where their rights may be affected.

3.3 Part 3 of the Book of Reference

3.3.1 Regulation 7(1)(c) of the APFP Regulations states:

3.4.2 Where Crown interests in the Order Limits have been identified, these are listed in Part 4 and the relevant plots shown on the Crown Land Plan to signify that it is Crown land.

3.5 Part 5 of the Book of Reference

3.5.1 Regulation 7(1)(e) of the APFP Regulations states:

- Part 5 specifies land that:
  - the acquisition of which is subject to special parliamentary procedure
