

The scale of EPS's project does not reflect NPPF Paragraph 198, which requires development to be appropriate to its location and to fully consider the "likely effects (including cumulative effects)" on the natural environment and living conditions.

EPS within its own literature states "it accepts that prioritised schemes already meet our regional solar capacity target". EPS also state that this location has been selected solely on the basis of commercial land agreements and lack of connection capacity at Norwich Main, not environment suitability
