Good evening,

Having attended the Issue Specific Hearing today at Dunston Hall, I just wanted to clarify a point that was made by EPS regarding site selection regarding land owners.

I am a farmer/landowner who owns land in Woodton, Shotesham and Saxlingham. I was approached by EPS to have solar panel on my land (to which I rejected) and I can assure you that NO ecological or environmental studies were done on my land before being approached by EPS to have the panel situated on my land as suggested by EPS solicitor today at the ISH1.

Kind regards

Matthew Cawston
