Subject: An additional request
Date: 04 September 2026 15:38:51

You don't often get email from [REDACTED]

Interested Party reference [REDACTED]

I would like to make an additional request regarding the proposed East Pye Solar development.

My husband and I are the current owners of Low Farm, Wash Lane, Shotesham St Mary, NR15 1XX and wish to ensure that the 50-metre residential exclusion buffer and screening commitments on Sheet 5 of the Land Plan (Document 2.2) relating to Sub-sites 7E and 7F of the proposed development are made legally binding and unalterable.

I therefore request that a specific, legally binding clause to this effect is placed within Schedule 2 (Requirements) of the final Development Consent Order, stating that the residential buffer zones on Sheet 5 cannot be altered, reduced or modified by any future non-material change applications.

My request is made to seek to mitigate, as far as possible, the potential visual intrusion of the project and/or potential future noise disruption from any nearby panel tracking motors or inverters, post any approval of the current

Yours faithfully

Rebecca Taylor
