Subject: East Pye Solar EN0110014 - RR-1611 - joint request for Category 3 inclusion
Date: 19 September 2026 18:23:50

You don't often get email from [REDACTED]. [Learn why this is important](#)

Dear East Pye Solar Land Referencing Team,

Please treat this email as our joint formal request for the Book of Reference for the East Pye Solar DCO application, reference EN0110014, to be corrected.

We, Richard Dunham and Amanda Dunham, are the joint registered proprietors and occupiers of [REDACTED] registered under HM Land Registry title number [REDACTED]. Our property is directly affected by the proposals for Sites 4A and 4B.

In Richard Dunham's Relevant Representation, RR-1611, submitted on 4 June 2026, he expressly requested correction of the Book of Reference and recognition as a Category 3 person. The Applicant's response in PDA-012, reference CON-037, records that request but does not confirm inclusion, and neither Richard nor Amanda is shown as a party in APP-022.

Given our property's immediate proximity to the proposed works, we consider that each of us would or might be entitled to make a relevant claim arising from the construction or subsequent use of the authorised development, including from noise, vibration, artificial lighting and other qualifying physical effects.

We therefore ask the Applicant to:

1. provide a Land Interest Questionnaire to each of us;
2. reassess each of us separately under section 57(6) of the Planning Act 2008;
3. include Richard Dunham and Amanda Dunham individually in Part 2 of the next revised Book of Reference as Category 3 persons; and
4. if this request is not agreed, provide a reasoned, property-specific response identifying the criteria and evidence relied upon.

Please also confirm that this issue will be drawn to the attention of the Examining Authority and that both of us will be treated as affected persons for the purposes of any relevant Compulsory Acquisition Hearing.

Please acknowledge receipt and confirm the next steps.

Kind regards,
Richard Dunham
Amanda Dunham
