

I would like to suggest that the examining authority considers a site inspection of [REDACTED]

[REDACTED]
This is my home address and so far I have seen absolutely no mention of it within any documentation put forward despite the fact that we would have the biggest visual impact of any address on site 8a/8b.

I feel it is necessary for the examining authority to see directly from my family's perspective the impact it would have on our day to day life considering we are a [REDACTED].
