

I wish to request that the Examining Authority undertakes a site visit to [REDACTED]. Our property is immediately adjacent to the proposed development site, and the proximity means that the impacts on residential amenity, landscape, noise, traffic, and general living conditions can only be fully appreciated by viewing the location directly.

A site inspection would allow the Examining Authority to clearly understand:

How close our home is to the proposed works

The rural character and tranquillity of the area

The relationship between our property, Frith Way, and the proposed infrastructure

The likely visual and environmental effects on residents living directly beside the site

Given the significance of these impacts, we believe an accompanied or unaccompanied site visit is essential for a fair and informed examination.

We therefore respectfully request that the Examining Authority includes [REDACTED] in its site inspection itinerary.
