Protective request to participate in a Compulsory Acquisition Hearing

Name: Richard Dunham

Interested Party reference: [REDACTED]

Relevant Representation: RR-1611

Address: [REDACTED]

Email: [REDACTED]

Telephone: [REDACTED]

Preferred attendance: IN PERSON

I wish to make a protective request to participate in any Compulsory Acquisition Hearing held in relation to East Pye Solar. The matter I wish to address is my disputed Category 3 / Book of Reference status in relation to [REDACTED] and the effects of Sites 4A and 4B.

I raised this issue in my Relevant Representation RR-1611 and again jointly with Amanda Dunham on 19 September 2026. Neither Richard Dunham nor Amanda Dunham is currently included in Part 2 of the Book of Reference.

Relevant plot number(s): None have been allocated to [REDACTED] in the Book of Reference. The property lies outside the Order Limits and the absence of Richard and Amanda Dunham from Part 2 of the Book of Reference is the issue in dispute.

Relevant Examination Library references include:

RR-1611 – Richard Dunham Relevant Representation

APP-022 – Book of Reference, particularly Part 2 and paragraphs 3.2.1–3.2.3

PDA-012 / CON-037 – Applicant's response concerning Category 3 status

APP-165 – Heritage Statement, including [REDACTED] (NHLE 1304177)

I do not seek through this request to pre-empt the Examining Authority's determination as to whether I fall within the statutory definition of an "affected person" for the purposes of section 92 of the Planning Act 2008.

If the Examining Authority considers that I am entitled to participate in a CAH, I wish to do so. If the Examining Authority does not consider me to be an affected person for section 92 purposes, I respectfully ask that my unresolved Category 3 / Book of Reference position is nevertheless considered orally at an appropriate Issue Specific Hearing, or by such other procedure as the Examining Authority considers appropriate.

My detailed position is also set out in my Deadline 1 Written Representation, submitted under reference [REDACTED]
