Good afternoon

Following on from the various hearings this week in norwich relating to the proposed East Pye Solar Scheme, I would like to register for the inspectorate to visit our home in Great Moulton.

We have lived in the village for 35 years, raised our children and made our home in the village. We are located at one of the closest dwellings to the proposed scheme along [REDACTED], close to the panels and various proposed battery storage facilities.

If this scheme goes ahead our house value will deteriorate, house insurance increase, quality of life be severely affected by initial noise, disruption and disturbance for a few years, and following that noise, glare, floods and general enjoyment of our quiet village life will be lost forever.

We are [REDACTED], just when we thought we could enjoy our quiet picturesque life, it is in jeopardy.

The emotional worry and trauma is already taking its toll.

Please come along, meet us, see for yourself how close our property is, hear the stillness, look at the views, witness what we will lose.

Thank you for your consideration in this traumatic time.

Good afternoon

I have seen a list of names and addresses for Great Moulton to be submitted by 6/10/26 registering for an accompanied site visit. I registered on 18/9/26 but my name is NOT on the list. I would like to urgently be added to the list please given that we are one of the nearest houses to the proposed scheme. It is imperative that the inspectorate sees the potential impact to our home.

We would like to be added to the site visit list please as soon as possible and before the 6th October 2026.

Thank you for your help.

Kind regards

Christine Beacom
