

We moved to Saxlingham nethergate over 30 yrs ago. Where as a family we have walked most of the footpaths around Saxlingham , Hempnall, Hawes green & Brooke , we love walking in open fields watching the birds , hares, rabbits & more . I've also ridden most of the bridle ways around Saxlingham & Brooke where I now keep my horse . I was hoping to get back riding but more afraid than ever with excess traffic that will be on our road due to east pyes extra traffic . It will push other traffic on smaller roads. When I drive to my meadow early in the morning on some mornings if I'm lucky I see a group of red deer cross the road . The stag stands in the middle of the road to see the does cross safely it's an amazing sight . I love the country side . Needless to say

I DO NOT WANT OUR COUNTRY SIDE SOILED BY THIS FACTORY
