Whitestone Net Zero Ltd

1 INTRODUCTION

- 1.1.1 This **Land and Rights Negotiations Tracker [EN0110020/APP/4.4]** alongside the **Statement of Reasons [EN0110020/APP/4.1]** demonstrates that the Applicant has complied with the Planning Act 2008: Guidance related to procedures for the compulsory acquisition of land (the 'CA Guidance')
- 1.1.2 The Applicant has been and continues to seek to acquire the relevant interests in land, rights over land, and temporary use of land, by private treaty in order to ensure the delivery of the Proposed Development. Whilst seeking compulsory acquisition powers in the **draft Development Consent Order (draft DCO) [EN0110020/APP/3.1]**, the Applicant will continue to seek to reach voluntary agreement wherever possible. The approach of seeking powers of compulsory acquisition in this DCO Application (the 'Application'), in parallel with conducting negotiations to acquire land rights by agreement, accords with Paragraph 26 of the CA Guidance.
- 1.1.3 Section 1 sets out the latest position in relation to individual landowners with a Category 1 interest in the Order Land of the Proposed Development (as defined in Section 57(1) of the Planning Act 2008), save for the exclusions noted below in Paragraph 1.1.6. The Applicant has already negotiated and completed property agreements with the freehold owners of the land comprising the Site, which represents the significant majority of the Order Land. The Applicant is in negotiations to enter into voluntary agreements with the remaining freehold owners of the land comprising Order Land over which voluntary agreements are considered necessary.
- 1.1.4 Section 2 sets out the latest position in relation to Statutory Undertakers who have been identified as having land, rights and / or apparatus within the Order Land.
- 1.1.5 Section 3 sets out the latest position in relation to Crown bodies with an interest in the Order Land.
- 1.1.6 Where rights over an unregistered watercourse, or over the subsoil beneath the public highway, are required from owners of that land in connection with the Proposed Development, that interest is proposed to be acquired via compulsory acquisition without negotiation or the payment of compensation. Additionally, the Applicant does not propose to acquire any mines and minerals to facilitate the Proposed Development and has severed the acquisition of mineral deposits from the acquisition of interests in the Order Land via Article 23 of the **Draft DCO [EN0110020/APP/3.1]**. On the basis that agreements are not required with respect to the owners of any unregistered watercourses, subsoil beneath the highway or mines and minerals, such interests are not included within Sections 1 to 3 of the **Land and Rights Negotiations Tracker [EN0110020/APP/4.4]**. Please refer to Section 8.2 of the **Statement of Reasons [EN0110020/APP/4.1]** for further explanation of this point.
- 1.1.7 The Applicant has adopted the Detailed Land and Rights Negotiations Tracker Template provided by the Planning Inspectorate in the Pre-application Prospectusⁱⁱ, save for the following minor changes to the prescribed format:
- A column has been added to provide details of the Affected Person to ensure continuity between this **Land and Rights Negotiations Tracker [EN0110020/APP/4.4]** and the **Book of Reference [EN0110020/APP/4.3]**;

- The column headed 'Agent / Representative' has been moved, adjacent to the details of the Affected Person, to assist with the readability and merging of cells;
- The column headed 'Duration of temporary rights' has been removed as the Order Limits does not contain any plots that would be subject to temporary possession powers only;
- The column headed 'Status of objection' has been changed to 'Status of negotiation' to better describe the information provided, and to reflect that there are no objections at this stage; and
- A column headed 'Likelihood of resolution during Examination' has been added to document and colour code the status of negotiations as is set out below:
 - Entries shaded green indicate where an agreement has been secured with an Affected Person;
 - Entries shaded orange indicate where negotiations are ongoing with an Affected Person and agreement is expected to be reached before or during Examination;
 - Entries shaded red indicate where an Affected Person is unwilling to progress with negotiations and agreement is not expected to be reached before or during Examination; and
 - Entries shaded white indicate where an agreement is not required with an Affected Person to deliver the Proposed Development.

1.1.8 This **Land and Rights Negotiations Tracker [EN0110020/APP/4.4]** should be read in conjunction with the following documents:

- **Land Plans [EN0110020/APP/2.2];**
- **Crown Land Plan [EN0110020/APP/2.8];**
- **Works Plans [EN0110020/APP/2.3];**
- **Draft DCO [EN0110020/APP/3.1];**
- **Statement of Reasons [EN0110020/APP/4.1];** and
- **Book of Reference [EN0110020/APP/4.3].**

1.1.9 It is envisaged that this **Land and Rights Negotiations Tracker [EN0110020/APP/4.4]** will be updated at regular intervals throughout Examination and as directed by the Examining Authority. The latest updates will be included in this document in red text at the relevant deadline.

Whitestone Solar Farm: Land and Rights Negotiations Tracker

Notes:

1. All interests which are not already acquired at the point of submission should be entered in this tracker and marked as complete (column 'w') when agreement with known interests is reached
2. Any non-agreement is also counted as an objection by an Affected Person for the purpose of this tracker
3. An entry should also be made where the interest (or potential interest) holder is not known, to allow the relevant information to be added following diligent inquiry, negotiation etc
4. An editable version of this tracker must be submitted to The Planning Inspectorate with the application as an appendix to the Statement of Reasons
