Submission ID: S70632BB3

1. I have lived in Conisbrough for most of my life and have spent my life connected to Conisbrough Parks. I lived at [redacted] and later worked on land in the surrounding area. These Parks are not simply countryside to me; they are part of my life, my memories and my identity.
2. I know this landscape from living, working and walking here over many years. I have helped farm the land, walked my dogs through the Parks, enjoyed the wildlife and picked blackberries. My wife and I have been married [redacted] years, and we have shared this countryside with [redacted].
3. During the summer, my wife Cynthia and I joined a community walk from Park Lane, down through Conisbrough Parks into Firsby and back up Firsby Lane. I would like the Examining Authority to follow this route to appreciate the open countryside, changing views, historic landscape and importance of the connected public rights of way.
4. The prospect of Whitestone 1 has caused me considerable distress. I have spent a lifetime enjoying these Parks and want future generations to have the same opportunity.
5.I respectfully request an accompanied site inspection following the community walk route through Firsby, including views across the former deer park landscape. I ask the Examining Authority to listen to those of us who have lived and worked here and to consider removing Whitestone 1 from the proposed development.
