1 INTRODUCTION

1.1. This Book of Reference ('BoR') has been prepared on behalf of Whitestone Net Zero Ltd (the 'Applicant'). It forms part of the application (the 'Application') for a Development Consent Order ('DCO', or the 'Order'), that is being submitted to the Secretary of State for the Department of Energy Security and Net Zero (the 'Secretary of State'), under Section 37 of the Planning Act 2008 (the 'PA 2008').

1.2. The Applicant is seeking development consent for the construction, operation, maintenance and decommissioning of Whitestone Solar Farm, including associated development (together the **'**Proposed Development'). The Proposed Development will be carried out within the Order Land, which comprises approximately 1490 ha of land.

1.3. A DCO is required for the Proposed Development as it falls within the definition and thresholds for a Nationally Significant Infrastructure Project ('NSIP') under Sections 14(1) and 15 of the PA 2008. This is because it consists of a generating station in England which does not generate electricity from wind and has a gross electrical output capacity exceeding 100MW.

1.4. The DCO, if made by the Secretary of State, would be known as the Whitestone Solar Farm Order 202* (the 'Order').

1.5. This BoR has been prepared pursuant to Regulation 5(2)(d) and Regulation 7 of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the 'APFP Regulations'). It describes the Order Land, and identifies the interests potentially affected by the Order following diligent inquiry by the Applicant. The Order Land is the land described in the third column of Part 1 of this BoR.

1.6. The land described in this BoR is required for the Proposed Development to which the Order relates or is required to facilitate or is incidental to that development. The works comprising the Proposed Development are described in Schedule 1 to the **draft Development Consent Order (draft DCO) [EN0110020/APP/3.1]** and shown on the **Works Plans [EN0110020/APP/2.3]**.

1.7. Each parcel of land is identified as a plot and a unique number has been ascribed to each plot. The plots are shown on the **Land Plans [EN0110020/APP/2.2]** which accompany the Application and are listed in the relevant Parts of this BoR. Each plot has been labelled numerically in the BoR and has been assigned a number determined by its most prominent location on the corresponding Land Plan sheet (i.e. 1-1, 2-5 etc.). The **Crown Land Plan [EN0110020/APP/2.8]** shows the plots which include Crown interests.

1.8. All plot area measurements in this BoR are in square metres and to two decimal points.

1.9. This BoR is comprised of five Parts, in accordance with Regulation 7(1) of the APFP Regulations, as follows:

(a) **Part 1** (Regulation 7(1)(a)) contains the names and addresses of each person within Categories 1 and 2 (as set out in Section 57 of the PA 2008) in respect of any land which it is proposed is subject to powers of compulsory acquisition of land, rights in, on, under or over land and/or temporary possession. Category 1 persons are defined as those who own, lease, or hold a tenancy in relation to or occupy the land (Section 57(1) of the PA 2008). Category 2 persons are those who have an interest in the land or have the power to sell and convey or to release the land (Section 57(2) of the PA 2008).

The description of each plot also includes the reference to the principal compulsory acquisition power sought in the **draft DCO [EN0110020/APP/3.1]** in respect of that particular plot:

- In respect of the plots shaded pink on the **Land Plans [EN0110020/APP/2.2]**, where the Applicant proposes compulsory acquisition of the freehold interest in the land and in relation to which it is proposed to suspend or extinguish easements, servitudes and other private rights, the plot description includes this wording: "*Permanent acquisition*"; and
- In respect of the plots shaded blue on the **Land Plans [EN0110020/APP/2.2]**, where the Applicant proposes new rights (including restrictions) to be compulsorily acquired and in relation to which it is proposed to suspend or extinguish easements, servitudes and other private rights, the plot description includes this wording: "*Permanent acquisition of new rights*".
- The plot shaded grey on the **Land Plans [EN0110020/APP/2.2]** comprises land which is included within the Order Limits but which does not form part of the Order Land, as no powers of compulsory acquisition or temporary possession are sought over this plot.
- The areas of land shaded yellow on the **Land Plans [EN0110020/APP/2.2]** are internal areas that are outside of the Order Limits and Order Land and are not required for the Proposed Development. The **draft DCO [EN0110020/APP/3.1]** does not apply to this land and so it is not included in this BoR.

The categories of wording described above cross-refer to articles in the **draft DCO [EN0110020/APP/3.1]** as follows:

- "*Permanent acquisition...*" – the compulsory acquisition of land pursuant to article 22 of the **draft DCO [EN0110020/APP/3.1]**; and
- "*Permanent acquisition of new rights…*" – the creation and compulsory acquisition of new rights over land pursuant to article 25 of the **draft DCO [EN0110020/APP/3.1]**.

It should be noted that whilst the descriptions in this BoR refer to the principal compulsory acquisition power sought in the **draft DCO [EN0110020/APP/3.1]**, the Applicant also seeks the power to temporarily possess all of the Order Land (see articles 33 and 34) and to suspend the exercise of easements, servitudes and other private rights over the land during any period in which it is temporarily possessed.

Part 1 contains plots of unregistered land that are often occupied by a number of Affected Persons including local highway authorities and riparian interests. In these cases, the Applicant has undertaken efforts to determine the proprietor but, for several plots, no persons have been identified. In the absence of ownership information, the Applicant has applied the 'half-width' presumption to the adjacent landowners as adopted by the Land Registry in its 'HM Land Registry plans: boundaries (practice guide 40, supplement 3)'. This states "…that the owner of land abutting on a road is also the owner of the adjoining section of the road up to the middle line (*ad medium filum*)" and "where properties are separated by a natural non-tidal river or stream, the presumption is that the boundary follows the centre line of the water (*ad medium filum aquae*) so that each owner has half of the bed".

(b) **Part 2** (Regulation 7(1)(b)) contains the names and addresses of those persons within Category 3. Category 3 persons are defined in Section 57(4) of the PA 2008 and are persons who, whilst not directly affected by the Proposed Development, may be entitled to make a claim for compensation under Section 10 of the Land Compensation Act 1965, Part 1 of the Land Compensation Act 1973 or Section 152(3) of the PA 2008, as set out under Section 57(6) of the PA 2008. Where "*No Category 3 Interests*" is stated in Part 2 of the BoR, this confirms that no Category 3 persons have been identified in respect of the Proposed Development.

(c) **Part 3** (Regulation 7(1)(c)) contains the names and addresses of those entitled to enjoy easements or other private rights (including private rights of navigation over water) which it is proposed may be extinguished, suspended or interfered with in connection with the Proposed Development, pursuant to the Order. Certain relevant Affected Persons included within Part 1 of the BoR have also been included within Part 3 where their rights may be affected. Examples include statutory undertakers with services in or under the Order Land, and whose rights over the Order Land are likely to be affected whether the Order Land is required permanently or temporarily.

(d) **Part 4** (Regulation 7(1)(d)) identifies land which is proposed to be used for the purposes of the Order and in which there is a Crown interest. "Crown land" is defined in Section 227 of the PA 2008 and includes interests belonging to Government departments. As a result of its diligent inquiries, the Applicant has identified "Crown land" within the Order Land and it is listed in this Part and shown on the **Crown Land Plan [EN0110020/APP/2.8]**. Please note that any Crown interests will not be subject to powers of compulsory acquisition.

(e) **Part 5** (Regulation 7(1)(e)) identifies land where the acquisition of which is subject to Special Parliamentary Procedure; which is Special Category Land (meaning land which forms all or part of a common, open space, National Trust land held inalienably or fuel or field garden allotments); and which is replacement land. Where it is stated in Part 5 of the BoR that "*No Special Category or Replacement Land within the Order Limits*", this confirms that no Special Category Land, land subject to Special Parliamentary Procedure, and no replacement land is required for the Proposed Development.

This BoR is part of the Application documents and should be read in conjunction with the **Land Plans [EN0110020/APP/2.2]**, the **Works Plans [EN0110020/APP/2.3]**, the **Crown Land Plan [EN0110020/APP/2.8],** the **Statement of Reasons [EN0110020/APP/4.1]** and the **draft DCO [EN0110020/APP/3.1]** submitted under regulation 5(2) of the APFP Regulations.
